4. Taxation of Financial Arrangements (“TOFA”) rules

The Tax Laws Amendment (Taxation of Financial Arrangements) Act 2009 (the “TOFA Act”) has been enacted. The TOFA rules represent a separate regime for the taxation of gains and losses from financial arrangements. The TOFA Act states that generally the TOFA rules are to apply to financial arrangements entered into from the first tax year beginning on or after 1 July 2010. However, under the TOFA Act, a taxpayer may elect for the TOFA rules to apply to all financial arrangements that the taxpayer starts to have in the income years commencing on or after 1 July 2009. Under the TOFA Act, a taxpayer may also elect for the TOFA rules to apply to all financial arrangements existing at the start date.

For the purposes of the TOFA provisions, each Warrant may constitute a “financial arrangement”.

The TOFA rules set out a number of exceptions to the application of the rules. Relevantly, these include financial arrangements that are not “qualifying securities”, and which are held by:

- individuals;
- superannuation funds or managed investment schemes whose total assets are less than \$100 million; or
- other types of (non-financial) entities whose annual turnover is less than \$100 million, whose financial assets are less than \$100 million and whose total assets are less than \$300 million.

Prospective investors and Holders should seek their own tax advice in relation to the potential applicability of the rules contained in the TOFA Act in light of their own particular circumstances.

5. Description of UBS

The description of UBS in Part 5 of the PDS is deleted and replaced with:

“UBS AG was formed on 29 June 1998 from the merger of Swiss Bank Corporation and Union Bank of Switzerland. UBS AG, with its subsidiaries, is a client-focused financial services firm that offers a combination of wealth management, asset management and investment banking services on a global and regional basis. Feature	Summary	Cross Reference
What are the risks in investing in the Warrants?	The Warrants are speculative and involve a degree of risk, including the risk of expiring worthless if the price of a Share included in the Underlying Parcel falls below the Exercise Price and the risk that UBS may be unable to fulfil its obligation to pay the Cash Settlement Amount, any Distribution Amount, Rights Amount or Termination Amount. The price of the Warrant is expected to fluctuate with changes in the AUD value of the underlying Share price, so investors will generally suffer a loss if the Share price falls or if the GBP depreciates against the AUD. There is also the risk of the Warrants being terminated early should an Extraordinary Event occur or Shares comprising the Underlying Parcel become the subject of compulsory acquisition under the law of any applicable jurisdiction.	Part 3.7 Part 3.10 Part 4
What are the fees and expenses?	Investors must pay a variable Premium to UBS on Application. The Premium for each Warrant is not specified in this PDS. The Premium on any day will reflect the Australian dollar cost to UBS of entering into hedge arrangements to acquire exposure to the Shares comprising the Underlying Parcel. This amount is determined by UBS and can be obtained by contacting the Warrant Desk on 1800 633 100.	
What commissions are payable?	UBS may pay fees to ASX Market Participants, licensed securities dealers and approved financial planners whose stamp appears on Application Forms for which UBS Warrants are subsequently issued. Investors executing trades in the secondary market will pay brokerage to their executing broker.	
What if I have a complaint?	UBS has established a complaints handling and disputes resolution process for investors.	Part 6.11
What are the taxation consequences of the Warrants?	Acquiring or dealing in Warrants may have tax implications for Investors. Investors should obtain their own advice on this matter.	Part 8
How can I obtain further information?	For general enquiries please contact UBS' Warrant Desk on 1800 633 100 or email us on sh-warrants@ubs.com.	
Are Warrants able to be traded on the ASX?	The Warrants have been admitted to trading status by the ASX and are therefore able to be traded on the ASX.	
Is there a cooling off period?	There is no cooling off period for investors in Warrants.	
Are labour standards, or environmental, social or ethical considerations taken into account when selecting the Underlying Parcels?	UBS does not take into account any of these issues in selecting the Underlying Parcels.

Example of Warrants

An investor is considering purchasing a ZRIWSC call warrant. The warrant has an exercise price of A\$0.01 and covers one RIO share. The warrant expires on 02 March 2012.

In Feb 2007, the investor purchases 10,000 warrants on market for A\$70.00 each, paying a total cost of \$700,000 (excluding brokerage). At the time RIO Plc is trading at GBP 28.00, and the GBP/AUD exchange rate is 0.4000.

The market price of the warrant is determined by reference to the price at which UBS is able to acquire as its hedge, an exposure to RIO Plc shares, and the GBP/AUD exchange rate as determined by the Calculation Agent.

Two months later, RIO Plc has risen to GBP 30.00, the GBP/AUD exchange rate is unchanged and the warrant is trading at A\$75.00. The investor's parcel of ZRIWSC is now worth 750,000, which is an unrealised return of 7.1% on the purchase cost (from a 7.1% rise in the AUD value of RIO Plc share price).

Over the next 5 months, RIO Plc trades back down to GBP 28.00 but the GBP strengthens against the AUD and the GBP/AUD exchange rate is 0.395. The warrant is now trading at A\$70.89 and the investor's parcel is worth \$708,900. Despite the RIO Plc share price being unchanged from the original warrant purchase date, the change in the GBP/AUD exchange rate has created an unrealised profit for the holder. Conversely, if the GBP/AUD exchange rate had risen, for example to 0.42, then the holder would have suffered a loss because the warrant would likely trade at approximately A\$66.67, which is less than the original purchase price.

At expiry, assume the following daily volume weighted average prices are observed in respect of RIO Plc shares on the LSE on the five Averaging Dates:

Day 1	GBP 30.20
Day 2	GBP 31.15
Day 3	GBP 29.22
Day 4	GBP 32.84
Day 5	GBP 28.97

The arithmetic average of these daily volume weighted average prices is GBP 30.47, which is the Average Price. Assuming no Costs and Taxes and a GBP/AUD Exchange Rate of 0.4265, the Cash Settlement Amount is equal to:

$$\$30.47 \div 0.4265 - \$0.01 = A\$71.43$$

The Holder will therefore receive A\$714,300 from UBS for its parcel of 10,000 Warrants.

This issue should only be considered by Investors who are prepared to sustain a total loss of the amount invested in the Warrants.

Part 3: Description of UBS Warrants

3.1 GENERAL

Investors should note that the information contained in this Part of the PDS is, and is only intended to be, a brief description. Holders' rights and obligations are governed by the Terms of Issue (see Part 7) and the general law and if there is any conflict between the information set out in this part of the PDS and the Terms of Issue, the Terms of Issue shall prevail.

3.2 INTRODUCTION

The Warrants are a product offered by UBS to enable Investors to acquire an exposure to the AUD value of the underlying Shares.

At Expiry, a Holder of a Warrant is entitled to receive the Cash Settlement Amount on the Settlement Date. A Holder as at a Record Date is also entitled to receive any applicable Distribution Amount or Rights Amount in respect of a Warrant.

3.3 EXERCISE

In the absence of an early termination following an Extraordinary Event, the Warrants will be automatically exercised at expiry. The person who is or who becomes the registered Holder as at the Closing Time on the Expiry Date is entitled to receive the Cash Settlement Amount from UBS on the Settlement Date. The warrants are European style and may not be exercised prior to the Expiry Date.

Trading in Warrants may continue until 4:05pm (Sydney time) on the Expiry Date of the relevant Series with the effect that an Investor may not be registered as a Holder as at the Closing Time on the Expiry Date. To take account of this, the Terms of Issue allow a person who claims to be entitled to be registered as the Holder of a Warrant as at the Closing Time on the Expiry Date, to be entitled to receive the Cash Settlement Amount provided that:

- (a) the person concerned is registered as the Holder within three (3) Business Days after the Expiry Date;
- (b) to the knowledge, or in the reasonable opinion, of UBS, no other person has become registered as the Holder later in time prior to the Closing Time on the Exercise Date, than the person who claims to be the registered Holder at Expiry; and
- (c) the Warrant has not lapsed.

The Cash Settlement Amount per Warrant is determined by the Calculation Agent as the Average Price of the Underlying Parcel net of any applicable Costs and Taxes, converted into Australian Dollars at the Exchange Rate, less the Exercise Price.

3.4 EXERCISE AND REGISTRATION PROCEDURES

Investors should note that the Cash Settlement Amount and Termination Amount will only be payable under the Terms of Issue to the person who becomes the Holder no later than the third Business Day after the Expiry Date or Early Termination Date (respectively). Investors who acquire Warrants should ensure that their broker makes appropriate arrangements to ensure the registration of

their holding by the relevant time, having regard to the requirements of CHESS.

3.5 EXPIRY DATE

The Warrants in each Series will expire on the dates listed for those Series in the Summary Section of this PDS. Warrants will be automatically exercised at the Closing Time on the Expiry Date.

Investors should note that Warrants will lapse if there is an Extraordinary Event or if compulsory acquisition procedures are commenced in respect of any of the Shares.

3.6 EXERCISE OF DISCRETION BY UBS

Investors should note that a number of provisions of the Terms of Issue confer discretions on UBS which could affect the value of the Warrants. These include the powers to nominate Extraordinary Events (see below and Term of Issue 7.1.5), to determine whether rights offered have value (see Term of Issue 7.4.5) and to vary the adjustments contemplated in Term of Issue 7.4.

Holdings do not have the power to direct UBS concerning the exercise of any discretion. However, in relation to many of the discretions, UBS may only exercise those discretions with the consent of ASX. Also, UBS must notify ASX of the occurrence of an Extraordinary Event.

3.7 EXTRAORDINARY EVENTS

If an Extraordinary Event in respect of a Series is nominated by UBS (and the nomination has become effective), the Warrants in respect of that Series will automatically lapse. An event may be nominated by UBS with the consent of ASX as an Extraordinary Event if it is, or results in, delisting, removal from quotation, withdrawal of trading status or suspension of the Shares or Warrants or the Shares ceasing to be CHESS Approved Securities (see Terms of Issue 7.1.5, 7.1.6 and 7.1.7 for a complete explanation of the steps involved).

The Warrants will also automatically lapse if compulsory acquisition procedures under the law of any applicable jurisdiction are commenced in respect of any of the Shares.

In any of these cases, the Holder will receive the Termination Amount per Warrant from UBS.

3.8 LEGISLATION REGULATING DISCLOSURE BY SUBSTANTIAL SHAREHOLDERS AND TAKEOVERS: ASSOCIATIONS ARISING AS A RESULT OF WARRANT TRADING

The acquisition, disposal and exercise of a Warrant should not have implications for Holders under Chapter 6 of the Corporations Act 2001 because the Companies are listed on the London Stock Exchange and not the ASX and in any event the Holder does not have any interest in the Underlying Parcel nor any right to call for physical delivery of the Underlying Parcel. The acquisition, disposal and exercise of a Warrant should not have implications for Holders under the Financial Services and Markets Act 2000 (UK), the Companies Act 1985 (UK) (as amended), the City Code on Takeovers and Mergers and Rules Governing Substantial Acquisitions of Shares of the Panel on Takeovers and Mergers (UK) or the Handbook of Rules and Guidance of the Financial Services Authority as the

Holder does not have any interest in the Underlying Parcel nor any right to call for physical delivery of the Underlying Parcel. Holders should, however, obtain their own independent legal advice on the obligations they may have under the above legislation and rules, taking into account their specific circumstances.

3.9 MERGER EVENTS

UBS may nominate an Early Termination Date for a Series in case of a Merger Event. A Merger Event occurs in respect of a Company if there is a transfer or agreement to transfer all of the Company's Shares to another entity or person, for cash or shares or other consideration, or there is a reorganisation of capital involving a merger or amalgamation of the Shares with securities of another entity, or there is a takeover or tender offer made for in excess of 10% of the voting Shares in that Company, or there is a proposed or actual collapse of the ASX and LSE dual listed structure for the Company.

Warrants will lapse on the Early Termination Date and UBS will pay the entitled Holder the Termination Amount per Warrant on the sixth Business Day after the Early Termination Date.

3.10 LAPSE OF WARRANT ON COMPULSORY ACQUISITIONS

Warrants will lapse if compulsory acquisition procedures under the law of any applicable jurisdiction, such as pursuant to a takeover bid or under a scheme of arrangement or reduction of capital, are initiated in respect of the Shares. Warrants may also lapse where the Shares or the Warrants are suspended or delisted and this is nominated as an Extraordinary Event by UBS with the consent of ASX (see Terms of Issue 7.1.5, 7.1.6, 7.1.7 and 7.2.3).

If the Warrant lapses for any of the above reasons, Holders will be entitled to receive the Termination Amount referred to in Terms of Issue 7.1.5 and 7.2.3.

3.11 OWNERSHIP RESTRICTIONS

The Warrants do not confer any right to acquire or to take physical delivery of the underlying Shares. As such, the acquisition and exercise of UBS Warrants should not have implications for Holders under the Corporations Act 2001 (Cth), Foreign Acquisitions and Takeovers Act 1975 (Cth), under the constitutions of the specific Companies or under the Financial Services and Markets Act 2000 (UK), the Companies Act 1985 (UK) (as amended), the City Code on Takeovers and Mergers and Rules Governing Substantial Acquisitions of Shares of the Panel on Takeovers and Mergers (UK) or the Handbook of Rules and Guidance of the Financial Services Authority.

However, potential investors and Holders should obtain independent legal advice applicable to their particular circumstances in relation to all aspects of their proposed investment in Warrants including, but not limited to, the possible effects of the above legislation and rules.

3.12 SUSPENSION, DISCONTINUANCE OR MODIFICATION OF UNDERLYING PARCELS

Except where it constitutes an Extraordinary Event, delisting, removal from quotation, withdrawal of trading status or suspension of Shares will not affect the validity of Warrants, or in any way detract from the obligations of UBS under Warrants, unless Warrants themselves

consequently are delisted, have their Trading Status withdrawn or are suspended.

The cancellation of any Shares or the modification of their rights may, in certain circumstances, lead to a change in the Underlying Parcel or an adjustment to the Exercise Price. Otherwise, except where UBS nominates it as an Extraordinary Event, the cancellation of the Shares or the modification of their rights will not affect the validity of a Warrant or in any way detract from the obligations of UBS.

3.13 SUSPENSION OF WARRANT TRADING

Trading on the ASX of Warrants may be halted or suspended by ASX. This may occur whenever ASX deems such action appropriate in the interests of maintaining a fair and orderly market in Warrants or otherwise deems such action advisable in the public interest or to protect Investors.

Matters that may also be considered include circumstances where ASX has been advised that the Company is about to make an important announcement, or trading in the Shares has been halted or suspended, or any unusual conditions or circumstances are present or UBS becomes unable or unwilling or fails to comply with the ASX Market Rules or if ASX in its absolute discretion thinks fit.

The withdrawal of admission to Trading Status or suspension of the Warrants may, in UBS' discretion (with the consent of ASX), cause the Warrants to lapse.

3.14 DELISTING OF A COMPANY

Except to the extent that it constitutes an Extraordinary Event (in which case the Warrants will lapse), the removal of a Company from the official list of LSE will not affect the validity of Warrants or in any way detract from the obligations of UBS under Warrants. However, Warrants themselves may have Trading Status withdrawn by ASX in such circumstances. If the Underlying Parcels become worthless or a Company is wound up or ceases to exist, it is likely that the Warrants will cease to have any value.

3.15 TRANSFERS

Transfers of Warrants will be effected on market through the parties' brokers in accordance with the Corporations Act 2001, the ASX Market Rules, the ASTC Settlement Rules and the Terms of Issue.

3.16 POTENTIAL CONFLICTS OF INTEREST

Investors should note that options traders in UBS and its related bodies corporate may buy Warrants and/or exchange traded options in Shares as principals. UBS or its relevant related body corporate as principal will be conducting transactions in the Companies' securities, including Warrants and Shares. UBS Securities Australia Ltd may conduct such transactions as agent for UBS or its related bodies corporate, as well as for other principals.

3.17 VOTING RIGHTS

The issue of any Warrant or the holding of a Warrant does not entitle the Holder to any voting rights attached to any Shares.

3.18 TREATMENT OF RIGHTS, CAPITAL RETURNS, BONUS ISSUES, DIVIDENDS AND RECONSTRUCTION OF CAPITAL

Warrants do not entitle a Holder to dividends, rights, capital returns, bonus issues or other distributions in respect of any Share or to participate in offers made in respect of Shares.

However, Holders as at a dividend record date or cash return of capital record date will receive a Distribution Amount that is equal to the cash dividend or cash return of capital paid on Shares comprising an Underlying Parcel, converted into AUD at the Exchange Rate, less any applicable Costs and Taxes. Holders as at a rights offer record date will also receive a Rights Amount that is equal to the Rights Value determined by the Calculation Agent, less any applicable Costs and Taxes and converted into AUD at the Exchange Rate.

In case of a bonus share issue or a reconstruction of capital, the description of the Underlying Parcel may be adjusted by the Calculation Agent.

3.19 UBS' OBLIGATIONS

UBS will seek to ensure that it will meet its obligation to pay the Cash Settlement Amount, any Distribution Amount and any Rights Amount by a combination of physical, derivative and synthetic hedging products to the extent UBS considers necessary.

Under the ASX Market Rules, UBS will be reporting to ASX quarterly, as to the number of Warrants bought back or exercised during the quarter and the number of Warrants outstanding at the time of making the report.

If UBS does not comply with its obligation to pay the Cash Settlement Amount, the amount outstanding will accrue interest at the Default Rate from the Settlement Date, and Holders may pursue all available remedies against UBS.

3.20 PAYMENT DATES

UBS must pay the following amounts to the entitled Holder on or by the following dates:

- a) the Cash Settlement Amount – on the Settlement Date;
- b) a Distribution Amount – on the Distribution Amount Payment Date;
- c) a Rights Amount – by latest the Rights Amount Payment Date.

3.21 VARIATION OF TERMS OF ISSUE

UBS may change the Terms of Issue in some circumstances including:

- (a) where the Change is approved by a resolution of Holders in accordance with Schedule 4 to the Terms of Issue;
- (b) where, in UBS' opinion and with the consent of ASX, the Change is necessary or desirable to comply with legal or statutory requirements or ASX requirements;
- (c) with the consent of ASX if the Change relates to Schedule 2 to the Terms of Issue and permits the transfer by an alternative method;
- (d) where, in UBS' opinion, the Change is necessary or desirable to correct a manifest error and does

not, in UBS' opinion, materially prejudice the interests of Holders and ASX consents to that Change; or

- (e) where in UBS' opinion, the Change does not materially prejudice the interests of Holders and ASX consents to that Change.

The requirements for a resolution of Holders are set out in Schedule 4 to the Terms of Issue and include:

- (a) notice to Holders by UBS of the Change;
- (b) a document setting out reasons for and any advantages or disadvantages of the Change; and
- (c) a ballot paper allowing the Holder to vote for or against the Change,

and at least three (3) times as many votes in favour of the Change as are cast against it (by Holders who validly cast votes), with voting on the basis of one vote per Warrant (see Schedule 4 to the Terms of Issue).

The votes will be validated and checked by UBS' auditors. Each Holder will have one vote for each Warrant held. The voting period may not be less than twenty (20) Business Days from despatch of the last notice of proposed change to a Holder. No ballot can be requisitioned by Holders.

Where the Warrants are held by UBS or its associate as trustee or nominee for a Holder, UBS or its associate will only cast a vote in respect of each Warrant so held, in the manner directed by the beneficial owner.

3.22 COPY OF TERMS OF ISSUE

The Terms of Issue (incorporating any Changes) can be inspected at UBS' office at Level 25, Governor Phillip Tower, 1 Farrer Place, Sydney and Level 8, 530 Collins Street, Melbourne. Copies are available for \$10.00.

3.23 TELEPHONE RECORDING

Investors agree to the Terms of Issue including the tape recording by UBS, for retention and use as evidence, of any telephone conversations concerning the Warrants (see Term of Issue 7.7.3).

3.24 REGISTER

UBS will arrange (at its own cost) for a register of Holders to be established and maintained at the offices of the Registrar. The Register will be open during business hours for inspection by any Holder or any officer or member of the Company.

The Registrar does not cause or authorise the issue of the PDS and the Registrar was not involved in the preparation of the PDS or any part of it, except for the references in the PDS to its name.

As the Warrants will be CHESS Approved Securities, a CHESS and an Issuer Sponsored Subregister of holdings will be maintained (see Part 6.5).

3.25 INCOME TAX CONSIDERATIONS

Depending upon their own circumstances, the acquisition, dealing in and exercise of Warrants could have income tax or capital gains tax implications for Holders. Investors should therefore seek advice from their taxation advisers as to the ramifications of this type of investment.

This PDS is of a general nature only and should not be regarded as constituting legal or taxation advice.

3.26 GOODS AND SERVICES TAX AND WITHHOLDING TAX

The A New Tax System (Goods and Services Tax) Act 1999 and related legislation imposes a goods and services tax ("GST") on "taxable supplies".

The issue of a Warrant, transfer of a Warrant, payment of the Cash Settlement Amount, Termination Amount, Distribution Amount or Rights Amount will not, under current GST laws, be a "taxable supply" and thus will not be subject to GST. However, if GST becomes payable on the issue of a Warrant, or on the any other taxable supplies made by UBS to Holders, then UBS, to comply with its obligations under the GST laws, will charge an additional amount equal to the GST to the Holder.

If withholding taxes or other local taxes are paid or are payable by UBS in respect of its hedge positions held to cover its obligations under the Warrants, then UBS is entitled to deduct the amount from any payments due to the Holder as part of the definition of "Costs and Taxes".

3.27 MONEY RECEIVED ON TRUST

If UBS holds money in an account on behalf of a Holder in accordance with section 981B of the Corporations Act, UBS will be entitled to retain any interest payable on the account.

Part 4: Risk Factors

4.1 GENERAL

Investors should note that investment in the Warrants is speculative and that the Warrants may become significantly less valuable upon expiration or may, in certain circumstances, automatically lapse. This means that Holders may either lose money or sustain a total loss on their investment. A document of this kind cannot take into account each Investor's investment objectives, financial situation and needs. Accordingly, nothing in this PDS is a recommendation by UBS or UBS Securities or any other person of the Warrants, the Companies or any other security. Investors should reach an investment decision only after carefully considering, with their advisers, the suitability of the Warrants in light of their particular circumstances.

4.2 ABILITY OF UBS TO FULFIL ITS OBLIGATIONS UNDER THE TERMS OF ISSUE

The value of the Warrants depends, among other things, upon the ability of UBS to fulfil its obligations under the Terms of Issue to pay the Cash Settlement Amount, any Distribution Amount and any Rights Amount.

Investors must make their own assessment of the ability of UBS to meet its obligations (in particular see Part 5).

4.3 NO GUARANTEE

The capacity of UBS to settle all outstanding Warrants is not guaranteed by the ASX, the National Guarantee Fund (see Part 6.6) or the Australian Clearing House Pty Limited or any other body.

4.4 ENTITLEMENTS AND REGISTRATION PROCEDURES

Investors should note that the entitlement to receive the Cash Settlement Amount, any Distribution Amount and any Rights Amount accrue only to the registered Holder as at the Closing Time on the Expiry Date and relevant Record Date (as applicable). As such, investors should ensure that their broker makes appropriate arrangements to ensure that the Investor becomes registered as the Holder within the required time.

4.5 PRICE OF UNDERLYING PARCEL AND IMPACT OF EXCHANGE RATE CHANGES

At the Expiry Date, the Warrants may be of significantly less value if the market price of the Shares comprising the Underlying Parcels falls or may be of no value if the market price of the Shares comprising the Underlying Parcels falls below the Exercise Price.

As the Cash Settlement Amount is calculated by reference to the arithmetic average of the daily volume weighted average of the price of Shares on the LSE during the Averaging Period, Investors should note that the averaging calculation means the Holder may not receive the full benefit of an increase in price of the Underlying Parcel from the purchase date to the Expiry Date.

Furthermore, the Holder is exposed to changes in the GBP/AUD exchange rate because all payments made by UBS to the Holder are calculated in GBP but are then converted and paid in AUD based on the Exchange Rate determined by the Calculation Agent. An appreciation of the GBP against the AUD will therefore increase the amount payable to the Holder all else being equal. Conversely, the AUD amount receivable by a Holder will decrease if the GBP weakens against the AUD.

4.6 LAPSE OR EARLY TERMINATION OF WARRANTS BEFORE EXPIRY

Pursuant to Term of Issue 7.2.3, UBS may nominate an Early Termination Date in case of an Extraordinary Event, and a Warrant will automatically lapse on the Early Termination Date. An Extraordinary Event may include a Market Disruption Event, such as a Hedging Disruption when UBS or its affiliates are not able to establish, maintain or unwind its hedges in relation to the Warrants, or a Change in Law event where it becomes illegal for UBS or its affiliates to maintain a hedge for the Warrants or UBS or its affiliates are exposed to materially increased costs or taxes in relation to the performance of UBS' obligations under this PDS.

4.7 FACTORS AFFECTING THE VALUE OF WARRANTS

The trading value of a Warrant is expected to be dependent on and correlated with the AUD value of the underlying Share price. Furthermore, the value of the Warrant will change with changes in the GBP/AUD exchange rate – all else being equal, any depreciation of the GBP against the AUD will result in a decrease in the price of the Warrant. This means that the general risks applicable to the currency market and to the equity markets on which the Shares are traded will also impact upon the value of Warrants. These include changes in supply and demand for GBP and AUD, changes in equity indices, the strength of the Australian and world economies, investor perceptions, government policy and laws affecting the price and trading of options.

The fact that Warrants may become significantly less valuable during their currency and in certain circumstances automatically lapse or expire worthless, means that the Holder may lose any or all of the amount invested in the Warrants.

The quantum of Distribution Amounts and Rights Amounts payable to Holders will also affect the value of Warrants. These amounts are paid net of Costs and Taxes, such as withholding tax on Share dividends, so the value of Warrants may fall if there is an imposition of new or additional taxes in respect of distributions and returns on Shares.

4.8 POSSIBLE ILLIQUIDITY OF TRADING MARKET

Investors should note that at present there is no accurate indication as to how the Warrants will trade on the ASX and as to whether the market will be liquid or illiquid.

4.9 EXERCISE OF DISCRETION BY UBS

Investors should also note that a number of provisions of the Terms of Issue confer discretions on UBS which could affect the value of the Warrants. These include the powers to nominate Extraordinary Events (see Term of Issue 7.1.5), to determine whether rights offered have value (see Term of Issue 7.4.5) and to vary the adjustments contemplated in Term of Issue 7.4 (see Term of Issue 7.4.7).

Holders do not have the power to direct UBS concerning the exercise of any discretion (see Term of Issue 7.7.6). However, in relation to many of the discretions, UBS may only exercise those discretions with the consent of ASX.

4.10 SUSPENSION OF WARRANTS TRADING

Trading of the Warrants on the ASX may be halted or suspended when ASX deems that action appropriate in the interests of maintaining a fair and orderly market in those Warrants or the relevant Shares or it deems the action otherwise advisable in the public interest or to protect investors.

4.11 CHANGE TO TERMS OF ISSUE

UBS may change the Terms of Issue in some circumstances including:

- (a) where the Change is approved by a resolution of Holders in accordance with Schedule 4 to the Terms of Issue; or
- (b) where, in UBS' opinion and with the consent of ASX, the Change is necessary or desirable to comply with legal or statutory requirements or ASX requirements; or
- (c) with the consent of ASX if the Change relates to Schedule 2 of the Terms of Issue and permits the transfer by an alternative method;
- (d) where, in UBS' opinion, the Change is necessary or desirable to correct a manifest error and does not, in UBS' opinion, materially prejudice the interests of Holders and ASX consents to that Change; or
- (e) where in UBS' opinion, the Change does not materially prejudice the interests of Holders and ASX consents to that Change.

The requirements for a resolution of Holders are set out in Schedule 4 to the Terms of Issue and include:

- (a) notice to Holders by UBS of the Change;
- (b) a document setting out reasons for and any advantages or disadvantages of the Change; and
- (c) a ballot paper allowing the Holder to vote for or against the Change,

and at least three (3) times as many votes in favour of the Change as are cast against it (by Holders who validly cast votes), with voting on the basis of one vote per Warrant.

UBS will, if required by the ASX Market Rules, notify ASX of any Changes to the Terms of Issue.

4.12 CHANGES TO ISSUE SIZE

UBS reserves the right to issue further Warrants in each Series without the consent of Holders, subject to making a further application to ASX on the basis that any new Warrants will be issued on terms identical to those applying to existing Warrants in that Series and will trade on the same basis under the same ASX code as those existing Warrants.

Part 5: Description of UBS

The information set out below is intended to be a brief summary only of UBS. Investors must make their own assessment of the ability of UBS to meet its obligations in relation to the UBS Warrants. Nothing in this PDS is, or may be relied upon as, a representation as to any future event or a promise as to the future.

UBS AG was formed on 29 June 1998 from the merger of Swiss Bank Corporation and Union Bank of Switzerland. UBS AG is the largest Swiss bank and one of the strongest financial institutions in the world. Securities in UBS AG are listed on the New York, Zurich and Tokyo Stock Exchanges.

UBS AG established its Australian Branch on 1 January 2004. UBS AG, Australia Branch is an Authorised Deposit-Taking Institution under section 9 of the *Banking Act 1959* (Cth). It is therefore regulated by the Australian Prudential Regulation Authority. However, it is important for you to note that your investment is not a deposit product and will not be covered by the depositor protection provisions set out in Division 2 of the *Banking Act 1959* (Cth), as these provisions do not apply to foreign Authorised Deposit-Taking Institutions.

UBS will provide a copy, free of charge, of any of the following documents to any person who requests such copies during the life of this PDS, by contacting the Warrants Operations Team on +61 2 9324 2606:

- the latest available annual financial report of UBS; and
- the latest available half-yearly financial report of UBS.

UBS' latest available annual and half-yearly financial reports can also be downloaded from www.ubs.com.

Part 6: General Information

6.1 PREPARATION OF THIS PDS

Information in this PDS in respect of the Underlying Shares has been prepared by UBS from publicly available information only and has not been independently verified.

UBS does not accept any liability or responsibility for, and makes no representation or warranty, express or implied, as to the accuracy or completeness of such information. Investors should make their own enquiries.

Investors should also note that no person is authorised by UBS to give any information to Investors or to make any representation not contained in this PDS.

Nothing contained in this PDS is to be relied upon as implying that there has been no change in the affairs of a Company or UBS since the dates as at which information is given in this document. No representation as to future performance, assets or dividends of a Company are made in this PDS or in any offer or invitation to subscribe for, sell or issue the UBS Warrants.

6.2 ADMISSION TO TRADING STATUS ON ASX

Application has been made and approval has been granted for the UBS Warrants offered by this PDS to be admitted to trading status by ASX.

The fact that ASX admits the UBS Warrants to trading status is not to be taken in any way as an indication of the merits of UBS or of the UBS Warrants now offered for subscription. ASX does not warrant the accuracy or truth of the content of this PDS including any expert's report which it may contain.

In admitting the UBS Warrant to trading status, ASX has not authorised or caused the issue of this PDS and is not in any way a party to or concerned in authorising or causing the issue of this PDS or the making of offers or invitations with respect to the UBS Warrants. ASX takes no responsibility for the contents of this PDS. ASX makes no representation as to whether this PDS, or the UBS Warrants comply with the Corporations Act or the ASX Market Rules.

To the extent permitted by the Australian Securities and Investments Commission Act 2001, the Trade Practices Act 1974 or any other relevant law, ASX will be under no liability for any claim whatsoever, including for any financial or consequential loss or damage suffered by Holders or any other person, whether that claim arises wholly or substantially out of:

- (a) reliance on any information contained in this PDS; or
- (b) any error in, or omission from, this PDS.

6.3 OBLIGATIONS OF UBS

UBS Warrants will constitute direct unconditional obligations of UBS. The obligations are unsecured contractual obligations which will rank equally with other unsecured contractual obligations and unsecured debt. Information in relation to UBS is set out in Part 5.

At present, UBS does not intend to buy back UBS Warrants that have been issued. However, UBS reserves the right to do so. UBS also reserves the right to resell any UBS Warrants bought back after the initial issue using its nominee.

UBS may cancel at its option UBS Warrants bought back. UBS Warrants will be cancelled when the Registrar receives a notice of cancellation from UBS.

UBS will accept receipt of Applications at any time from the date of this PDS and up until the end of the offer period for UBS Warrants, subject to the right of UBS to close the offer at an earlier date without prior notice. UBS will not accept Applications after the maximum subscription has been reached and will not be reserving a portion of the issue for any nominated subscribers. To facilitate any market making activities in relation to the UBS Warrants, UBS Securities Australia Ltd ("UBS Securities") intends to apply for a sufficient number of UBS Warrants for itself or on behalf of UBS (or a nominee on behalf of either of them).

UBS Securities reserves the right to apply for all or any of the remaining UBS Warrants (in its name or in the name of a nominee) if the total number of UBS Warrants applied for by Investors and by UBS Securities or its nominee for market making purposes is less than the issue size.

6.4 WARRANTIES

The Holder has the right to receive the Cash Settlement Amount from UBS on the Settlement Date.

The Underlying Parcel may be varied in certain circumstances in accordance with Term of Issue 7.4.

The Warrants will constitute direct obligations of UBS. The obligations are unsecured contractual obligations which will rank equally with other unsecured contractual obligations and unsecured debt. UBS intends to hedge its obligations to pay the Cash Settlement Amount, any Distribution Amount and any Rights Amount by either buying and holding the underlying Shares or entering into derivative transactions to acquire an exposure to those Shares. However, UBS is under no obligation to hedge in this manner, and UBS makes no assurance that it will do so. Information in relation to UBS is set out in Part 5.

At present, UBS does not intend to buy back Warrants that have been issued. However, UBS reserves the right to buy back Warrants in the name of UBS or in the name of a nominee of UBS. UBS also reserves the right to resell any Warrants bought back after the initial issue.

UBS may cancel at its option Warrants bought back. Warrants will be cancelled when the Registrar receives a notice of cancellation from UBS.

No Warrants in a Series will be issued on the basis of this PDS before the date of this PDS or later than the last Business Day before the Expiry Date for that Series.

UBS will accept receipt of applications for Warrants in a Series on and from the date of this PDS until the last Business Day before the Expiry Date for that Series,

subject in all cases to the right of UBS to close the offer at an earlier date without prior notice. UBS will not accept applications in relation to the Series after the issue of all Warrants in that Series and will not be reserving a portion of the issue for any nominated Investors. To facilitate any market making activities in relation to the Warrants, UBS Securities Australia Ltd ("UBS Securities") intends to apply for a sufficient number of Warrants for itself or on behalf of UBS (or a nominee on behalf of itself or UBS).

UBS Securities reserves the right to apply for all or any of the remaining Warrants of the Series (in its name or in the name of a nominee) at a nominal Premium if the aggregate number of Warrants of the Series applied for by Investors and by UBS Securities or its nominee for market making purposes is less than the total number of Warrants of the Series.

Investors should note that the issue of Warrants does not include the transfer of any voting rights attached to an Underlying Parcel. See "Voting Rights" at Part 3.17.

The acquisition or exercise of a Warrant may have implications for the Holder under the Corporations Act 2001 in particular, Chapter 6 of the Corporations Act 2001, the Foreign Acquisitions and Takeovers Act, the Financial Services and Markets Act 2000 (UK), the Companies Act 1985 (UK) (as amended), the City Code on Takeovers and Mergers and Rules Governing Substantial Acquisitions of Shares of the Panel on Takeovers and Mergers (UK), the Handbook of Rules and Guidance of the Financial Services Authority or other legislation, regulations and rules or under the constitution of a Company (see Part 3.8).

Investors must make their own assessment of the ability of UBS to meet its obligations in relation to the Warrants and nothing in this PDS is, or may be relied upon as, a representation as to any future event or a promise as to the future.

6.5 CLEARING HOUSE ELECTRONIC SUBREGISTER SYSTEM ("CHESS")

The UBS Warrants will be CHESS Approved Securities in accordance with the ASX Market Rules and the ASTC Settlement Rules. In addition to the CHESS subregister, an electronic Issuer Sponsored Subregister will be maintained. These two subregisters together will provide UBS' principal register of holdings.

Under CHESS, on issue of UBS Warrants, instead of certificates, Holders will be provided with a holding statement (similar to a bank statement) which sets out the number of UBS Warrants issued (or subsequently transferred) to each Holder. The holding statement will also advise the Holder of the HIN in the case of a CHESS holding or the SRN in the case of an Issuer Sponsored Subregister holding. A holding statement will be provided to Holders after the end of any month during which there has been a change in the balance of the holding.

An Applicant will need to be either a participant in CHESS or be sponsored by a participant in CHESS in order to hold UBS Warrants on the CHESS subregister.

UBS Warrants not held on the CHESS subregister will be entered on to the Issuer Sponsored Subregister.

Ownership of UBS Warrants can be transferred without paper documentation due to the electronic nature of the CHESS environment.

By virtue of ASIC Class Order 02/312, UBS Warrants are "Division 4 financial products" in relation to the CS facility operated by ASX Settlement & Transfer Corporation Pty Ltd. This enables the UBS Warrants to be transferred through CHESS under the regulations made for the purposes of Div 4 of Pt 7.11 of the Corporations Act and with the benefit of the statutory warranties and indemnities contained in those regulations.

6.6 NATIONAL GUARANTEE FUND – NOT A GUARANTOR IN ALL CASES

Claims against the National Guarantee Fund may only be made in respect of secondary trading in UBS Warrants between ASX Market Participants. Such claims can in no way relate to the primary issue of UBS Warrants by UBS, an off market transfer of UBS Warrants or settlement obligations of UBS arising from the exercise or expiry of a UBS Warrant.

6.7 OVERSEAS DISTRIBUTION

This PDS is not an offer or invitation in any place in which, or to any person to whom, it would not be lawful to make an offer or invitation in relation to the UBS Warrants. The distribution of this PDS outside Australia may be restricted by the laws of places where it is distributed. Therefore, persons into whose possession this PDS comes, should seek advice on any applicable restrictions and observe those restrictions. Failure to comply with those restrictions may violate those laws. UBS Warrants have not been, and will not be, registered under the Securities Act 1933 (United States of America) and must not be offered or sold in the United States of America, or to persons of the United States of America.

6.8 BROKER

UBS Securities as Broker to the issue may receive a discount, commission or fee from UBS in respect of UBS Warrants placed by UBS Securities. UBS may pay fees to ASX Market Participants, licensed securities dealers and approved financial planners whose stamp appears on Application Forms for which UBS Warrants are subsequently issued.

6.9 POTENTIAL CONFLICT OF INTERESTS

Options traders in a UBS Entity may buy UBS Warrants and/or exchange traded options over Shares as principal. UBS Entities as principal will be conducting transactions in various securities, including UBS Warrants and Shares. UBS Securities may conduct such transactions as agent for UBS Entities, as well as for other principals.

UBS may have previously acted, and may currently or in the future from time to time act as an adviser to the Company for which it may receive fees and commissions.

6.10 ASX MARKET RULES TERMINOLOGY

Certain terms are used in sections of the ASX Market Rules in relation to warrants generally. Some of these terms correspond approximately to the terms or concepts used in this PDS in relation to UBS Warrants.

- (b) any procedure is adopted in accordance with the law of any applicable jurisdiction which would, subject only to any intervention of a court impeding or invalidating that procedure, necessarily result in the compulsory acquisition or cancellation of Shares, with that lapse taking effect on and from the date that procedure is adopted.

Following the automatic lapsing of the Warrant, the Holder will be entitled to receive the Termination Amount from UBS on the sixth Business Day after the Early Termination Date.

7.2.4 Notice of Lapse or Expiry

UBS may buy back a Warrant. A Warrant bought back by UBS will be held in the name of UBS or UBS' nominee. A Warrant bought back by UBS may be cancelled or resold at any time prior to the Expiry Date. 7.4.1 Automatic Variation

Where an ex date in respect of an event specified in Terms of Issue 7.4.2 to 7.4.6 occurs in respect of the Shares after the date of this PDS and before the commencement of the Averaging Period, then

If the Company declares a cash dividend or special dividend in respect of the Shares, and the ex-dividend date is after the date of issue of the Warrant and before the commencement of the Averaging Period, then the Holder as at the Record Date is entitled to receive a Distribution Amount from UBS on the Distribution Amount Payment Date.

For the avoidance of doubt, the Distribution Amount is calculated by reference to the AUD value of the cash dividend amount only, as determined by the Calculation Agent, and will not include the value of

any associated tax benefits, such as imputation credits attached to the Share dividend.

7.4.4 Bonus Issues

If in satisfaction of any dividend (except pursuant to a scheme of the issuer of the Shares allowing a holder of Shares to elect to receive an issue or distribution of securities instead of payment of dividends), there is an issue or distribution of securities to a holder at no cost to that holder by way of a bonus issue, capitalisation of any account or any other distribution in specie (each such issue or distribution being a "Bonus Issue"):

- (a) the Exercise Price is unchanged;
- (b) where the securities issued are further Shares, the number of Shares constituting an Underlying Parcel is increased in accordance with the formula set out in Part 1 of Schedule 3; and
- (c) where Term of Issue 7.4.4(b) does not apply, the property constituting an Underlying Parcel is the aggregate of the number of Shares constituting the Underlying Parcel before the Bonus Issue and the number of securities the subject of the Bonus Issue to which the holder of a Share is entitled calculated in accordance with the formula set out in Part 2 of Schedule 3.

7.4.5 Rights Issue

If the holder of Shares is given a right to acquire securities ("Rights Issue"), whether or not that right is renounceable:

7.4.7 Discretion of UBS

Where UBS determines with the consent of ASX that any of the provisions of Terms of Issue 7.4.2 to 7.4.6 are not appropriate in any particular circumstance, it may make any alterations to the effect of that provision that it considers with the consent of ASX to be appropriate.

7.4.8 Notifications

Where UBS exercises any of the discretions conferred on it by Terms of Issue 7.4.5 and 7.4.7, it must, if so required by the ASX Market Rules, give notice of the exercise of discretion to all Holders.

7.4.9 Calculations and Shares

In this Term of Issue 7.4:

- (a) all calculations will be done to not less than two decimal places;
- (b) no rounding of numbers will occur until a Holder exercises a Warrant and at that time the entitlement attaching to all Warrants of that Holder the subject of exercise will be aggregated and that aggregate will be rounded so that all money amounts are rounded to the nearest whole cent and all numbers of Shares are rounded to the nearest whole number so that any fraction being a value of 0.5 or more is rounded up and all other fractions are rounded down; and
- (c) where, following an application of this Term of Issue 7.4, the Shares constituting an Underlying Parcel comprise or relate to property of different kinds, each of those kinds of property is to be treated as the Shares and as if it were an Underlying Parcel in its own right, and each adjustment required by this Term of Issue 7.4 is to be made for each kind of property separately.

7.5 EXERCISE OF WARRANT

7.5.1 Automatic Exercise

The Warrants will be automatically exercised at the Closing Time on the Expiry Date. There is no need for Holders to provide an exercise notice. The Warrants are European style and cannot be exercised prior to the Expiry Date.

Registered Holders or persons who become registered as Holders as at the Closing Time on the Expiry Date are entitled to receive the Cash Settlement Amount from UBS on the Settlement Date.

7.5.2 Market Disruption Event

If a Market Disruption Event occurs during the Averaging Period for a Series, UBS may elect to delay the Expiry Date and the corresponding Settlement Date for that Series by up to ten Trading Days. In doing so, UBS may elect not to treat a day on which the Market Disruption Event occurs or is subsisting as an Averaging Date. Alternatively, UBS may, nominate an Early Termination Date for that Series.

7.5.3 Failure of UBS to perform

If UBS does not pay the Cash Settlement Amount by 6:00pm Sydney time on the Cash Settlement Date, interest accrues on that amount at the Default Rate calculated on a daily basis from but excluding the Settlement Date.

Part 8: Taxation Summary

This summary has been prepared by Blake Dawson Waldron for the purposes of inclusion in this PDS and any opinions expressed in this Part 8 are those of Blake Dawson Waldron. This summary sets out the views of Blake Dawson Waldron on the main Australian income tax and stamp duty consequences for Australian resident individuals and companies (other than in the capacity of trustee) who acquire Warrants.

The discussion contained in this summary is of a general nature only and does not take into account the specific circumstances of any Holder. It is based on the Australian income tax laws operative at the date of this PDS and only addresses the position of Holders who are Australian residents. This discussion is provided only for the benefit of UBS and all Investors should seek their own independent advice on the taxation implications of an investment in Warrants.

There may be other events or circumstances during the term of the Warrants that give rise to tax implications to the Holder that are not discussed in this summary. Holders should seek their own advice in relation to those events or circumstances.

EXPIRY OF WARRANTS

Upon exercise, warrants expire. References in this summary to the exercise of this warrant are also references to the end of the warrant by way of expiry.

8.1 CHARACTERISATION OF HOLDINGS

The taxation treatment of receipts and expenditure incurred by Holders in respect of the Warrants will depend on whether the Warrants are held as trading stock, on revenue account or on capital account. As this characterisation will depend on the Holder's specific circumstances, including how this investment relates to any other investment or trading activities carried out by the Holder, Holders should seek their own independent advice on whether they hold the interest on capital account, revenue account or as trading stock in light of their own particular circumstances.

For the purposes of providing this taxation summary, it is assumed that characterisation of a Holder's investment in the Warrants remains the same throughout the period in which the Holder holds the Warrants. Different taxation implications may arise if the characterisation or intention changes during the holding period.

8.1.1 Trading stock

Holders who acquire and hold Warrants for the purposes of sale or exchange in the ordinary course of a business they carry on should hold Warrants as trading stock. Generally, the trading stock provisions may apply to Holders who are in the business of trading or dealing in Warrants and/or similar

instruments. Warrants held for the purpose of exercise (rather than for sale or exchange) should not be treated as trading stock.

8.1.2 Revenue account

Holders who acquire and hold Warrants in the ordinary course of their business other than for the purpose of sale or exchange (eg, a business of investing in Warrants and/or similar instruments) or who acquire Warrants for a profit-making or speculative purpose may be required to treat expenditure and receipts in respect of the Warrants on revenue account.

8.1.3 Capital account

Holders who acquire Warrants other than in the course of carrying on a business or otherwise as revenue assets would generally hold their Warrants on capital account.

8.2 TRADING STOCK

The following tax implications may be relevant to Holders who acquire, hold and dispose of Warrants as trading stock.

8.2.1 Purchase of Warrants

The Premium or purchase price paid by a Holder to acquire the Warrants should be deductible in full in the income year the Warrants become trading stock "on hand" of the Holder (which will generally be the income year in which the expense is incurred).

8.2.2 Accounting for trading stock on hand

- For each income year during which Warrants are held, the Holder should bring to account the difference between the "value" of Warrants on hand at the end of the income year and the "value" of Warrants on hand at the start of that income year.
- The Holder may elect to value Warrants either at cost or market value or its replacement value.
- The value of Warrants on hand at the start of the income year in which they are acquired will be nil, and for subsequent income years will be equal to their value at the end of the previous income year. The value of Warrants at the end of the income year in which the Warrants are exercised, lapse or are transferred will be nil.

- Where Warrants are exercised, transferred or lapse in the same income year in which they are acquired, no amount would need to be brought to account, other than as is noted in 8.2.3.

8.2.3 Lapse or transfer of Warrants

Where the Holder holds Warrants as trading stock and those Warrants lapse or are transferred in the ordinary course of the Holder's trading business, any Termination Amount or the consideration received for the transfer of Warrants (as applicable) should be included in the Holder's assessable income.

8.2.4 Exercise of Warrants

Where the Holder holds the Warrants as trading stock and exercises the Warrants in the ordinary course of its trading business, the Cash Settlement Amount should be included in the Holder's assessable income in the year of income in which the Warrants are exercised.

8.3 REVENUE ACCOUNT

The following tax implications may be relevant to Holders who acquire and hold Warrants on revenue account.

8.3.1 Purchase of Warrants

The Premium or purchase price paid by a Holder to acquire the Warrants should not be deductible to the Holder, but would be taken into account in determining any net gain or loss in respect of the Warrants.

8.3.2 Lapse or transfer of Warrants

- The Holder should generally be required to include any net gain made on the lapse or transfer of the Warrants (including where the Warrants are bought back by UBS) in its assessable income. The amount of any net gain should generally be equal to the difference between any Termination Amount or consideration received for the transfer of Warrants (as applicable), and the Premium or purchase price paid by the Holder to acquire the Warrants.
- Similarly, any net losses incurred on the lapse or transfer of Warrants should be deductible to the Holder.
- In some circumstances, the Holder may be required to account for the Premium or purchase price and any Termination Amount or consideration received on a gross basis (eg. where the Holder incurs the Premium or purchase price as a business expense to acquire Warrants used to hedge its position on shares which it holds on revenue account or as trading stock). Such Holders should obtain their own tax advice as to the amount

and timing of allowable deductions for expenditure and the assessability of receipts.

8.3.3 Exercise of Warrants

Where the Holder holds the Warrants on revenue account:

- Any net gain made in respect of the exercise of Warrants should generally be included in the Holder's assessable income.
- Similarly, any net losses incurred on the exercise of Warrants should generally be deductible to the Holder.

The Cash Settlement Amount should be included in the calculation of the net gain or loss in the year of income in which the Warrants are exercised.

Different tax consequences, including as to the amount and timing of allowable deductions and assessable receipts, may arise depending on the Holder's individual circumstances. Holders should therefore obtain their own tax advice in relation to the exercise of their Warrants.

8.4 CAPITAL ACCOUNT

The following tax implications may be relevant to Holders who acquire and hold Warrants on capital account.

8.4.1 Purchase of Warrants

The Premium or purchase price paid by a Holder to acquire the Warrants would not be deductible to the Holder, but would be included in the Holder's cost base in the Warrants, together with any incidental costs incurred by the Holder in acquiring the Warrants.

8.4.2 Lapse or transfer of Warrants

- A CGT event would occur upon the lapse or transfer of the Warrants (including where the Warrants are bought back by UBS).
- The capital proceeds received by the Holder should equal any Termination Amount or consideration received in respect of the transfer, as applicable.
- The Holder would realise a capital gain where the capital proceeds exceed the cost base of the Warrants. Discount CGT treatment may be available if the Holder is an individual and holds the Warrants for at least 12 months. A capital loss would arise where the capital proceeds are less than the reduced cost base of the Warrants. Any capital loss can only be used to offset against other capital gains made in the same or subsequent income years.

8.4.3 Exercise of Warrants

Where the Holder holds the Warrants on capital account:

- A CGT event occurs on exercise of the Warrant.
- In respect of the exercise of Call Warrants, the Holder may make a gain or loss calculated as the difference between the Cash Settlement Amount and the cost base of the Warrants, which would include the Premium or the purchase price paid by the Holder and any other associated costs.

Any capital gain should generally be treated as a discount capital gain where the Holder is an individual and has held the Warrant for at least 12 months prior to the date of exercise of the Warrants. However, Holders should obtain their own tax advice in relation to the exercise of their Warrants.

8.5 OTHER TAXATION ISSUES

8.5.1 Distribution and Rights

Amounts The receipt of Distribution Amounts and Rights Amounts should be included in the Holder's assessable income in the year in which the amounts are received.

For the avoidance of doubt, Call Warrants do not provide Holders with a legal entitlement from the Company to any dividends, voting or any other rights in respect of the Shares. However UBS has agreed under this offer to provide payment to Holders of Distribution and Rights amounts.

8.5.3 Part IVA

- Part IVA is a general anti-avoidance provision which applies where the dominant purpose of the taxpayer (or any other person) in entering into a "scheme" is to obtain a "tax benefit".
- Whilst, Part IVA should not apply to a typical Holder of Warrants, the application of Part IVA to a particular Holder can only be conclusively determined on an examination of that Holder's individual circumstances. Holders should therefore seek their own independent advice on the application of Part IVA in their own particular circumstances.

8.6 STAMP DUTY

8.6.1 Issue, transfer of Warrants

Under current laws, the issue, transfer or exercise of the warrants should not attract duty.

Schedule 1: (Term of Issue 7.3.1) The Register

1. UBS must establish and maintain or cause to be established and maintained a register of Holders at the Office (or any other place considered appropriate by UBS) ("the principal part of the Register") and may also establish, and if UBS so establishes, must maintain, any number of other registers of Holders at such other places as UBS may determine (which will form part of the Register).
2. UBS must enter, or cause to be entered, in the Register the full name and address of each Holder, the number of Warrants held by that Holder, the date of grant and the Exercise Date of each of those Warrants and any other particulars which it thinks proper.
3. Where there is more than one part of the Register, Holders may elect by notice to UBS as to the part of the Register on which their Warrant must, for the time being, be registered.
4. If no election under paragraph 3 of this Schedule is made on the grant of the Warrant, the Warrant will be registered on the principal part of the Register.
5. If there are any further issues or transfers of Warrants and no election is made as to the part of the Register on which those Warrants are to be registered, a Warrant will be registered on the principal part of the Register or such other part of the Register as UBS may decide.
6. The Register will be open at all reasonable times during business hours on each Business Day to the inspection of any Holder, or any person authorised in writing by the Holder, or any officer or member of a Company.
7. Where there is more than one part of the Register, a Warrant will be transferred by UBS from one part of the Register to another part of the Register without fee on the written request of the Holder, subject to any payment by the Holder of any stamp duty involved.
8. UBS may, subject to the ASTC Settlement Rules, from time to time close the Register for any period or periods not exceeding twenty (20) Business Days in any year or any longer period that ASX may allow.
9. Except as required by law, no notice of any trust (express, implied, resulting or constructive) will be entered in the Register.
10. The Register will be examined by the auditor appointed by UBS at regular intervals of not more than twelve (12) months.
11. The property in the Warrant is, for all purposes, situated at the place where the part of the Register on which the Warrant is for the time being registered is situated and not elsewhere.
12. Except as otherwise provided in these Terms of Issue, UBS must recognise the Holder as the absolute owner of the Warrant and all persons may act accordingly.
13. Except as otherwise provided in these Terms of Issue or as ordered by a court of competent jurisdiction or as required by law, UBS is not bound to take notice of any trust or equity affecting the ownership of a Warrant or the rights incidental to the Warrant and the receipt of the Holder in respect of the Warrant of any money payable in respect of the Warrant is a good discharge to UBS.
14. There must not be more than three (3) joint Holders of the Warrant except in the case of the legal personal representatives of a deceased Holder.
15. If there are joint Holders of any Warrant and one of those joint Holders dies, the survivor(s) will be the only person(s) recognised by UBS as having any title or interest in the Warrant.
16. The legal personal representative of a deceased Holder (not being one of several joint Holders) is the only person recognised by UBS as having any title to the Holder's Warrant.
17. Any person becoming entitled to the Warrant in consequence of the death, unsoundness of mind or bankruptcy of any Holder, upon producing such evidence as UBS may reasonably require that s/he holds the office in respect of which he proposes to act or his title as successor to the Holder, may transfer the Warrant.
18. When the Warrants become "CHESS Approved Securities", holdings will be registered on CHESS or on an Issuer Sponsored Subregister. Warrants held by a Holder that is a participant in CHESS, or a person sponsored by a participant in CHESS, will be registered on CHESS. All other Warrant holdings will be registered on the Issuer Sponsored Subregister.

Schedule 2: (Term of Issue 7.3.3) Transfer of Warrants

1. No fee will be charged for the registration of a transfer.
2. A transfer must be in accordance with the ASX Market Rules and the ASTC Settlement Rules.
3. The transferor of a Warrant is regarded as remaining the owner of the Warrant the subject of the instrument of transfer until the name of the transferee is entered in the Register in respect of that Warrant.
4. On registration of the transfer of a Warrant, the transferee will be recognised as entitled to that Warrant free from any equity, set off or cross-claim of UBS against the transferor.

- (b) "**Issue Numerator**" means, for a Bonus Issue, the component of the Issue Ratio which refers to the property the subject of the issue; and

E = the unpaid amount per Share required to be paid.

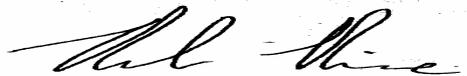

Schedule 4: (Term of Issue 7.7.1) Resolution of Holders

1. UBS despatches by notice to every Holder a document setting out the terms of the proposed Change together with a ballot paper enabling the Holder to vote either in favour of or against the Change either by way of a postal ballot or at a meeting of Holders (at the discretion of UBS), a document setting out the reasons for and any advantages or disadvantages of the Change and a document summarising the provisions of this Schedule 4;
2. UBS retains all ballot papers which are returned to it within the voting period (which in the case of a postal ballot must, in any event, be not less than twenty (20) Business Days after the date of despatch of the last of the notices referred to in paragraph 1 of this Schedule 4 and, in the case of a meeting of Holders, is the period of the meeting);
3. UBS' auditor (after consultation with UBS' solicitor, if desired by either the auditor or UBS) determines the validity of all ballot papers returned during the voting period. If UBS or a person associated with UBS (within the meaning of Part 1.2 Division 2 of the Corporations Act 2001 (other than Sections 13 and 14), except if the person holds the relevant Warrants as trustee or nominee for another person) returns a ballot paper that ballot paper is to be treated as not being valid;
4. UBS' auditor adds together all of the votes cast on valid ballot papers during the voting period (calculated on the basis of one vote for each Warrant held by the person casting that vote) in favour of the Change and all of the votes cast on valid ballot papers during the voting period (calculated on the same basis) against the Change; and
5. The number of votes validly cast in favour of the Change (as determined by the previous paragraph) is not less than three (3) times greater than the number of votes validly cast against the Change (as so determined).

WHAT KIND OF ADVICE WILL YOU RECEIVE?

It is UBS AG's policy not to provide personal financial product advice. To the extent any advice is given, it is general financial product advice and does not take account of your personal circumstances, needs or objectives. Thus any resulting investment may not be appropriate to your needs and objectives and you should carefully assess how appropriate the recommendations are in light of your particular investment objectives, financial situation and needs.

General financial product advice may also be given through research reports and in product disclosure statements. This advice is not personal advice as it does not consider your personal circumstances, needs or objectives. You should consider your personal objectives, financial situation and needs when reviewing this information before making any decision relating to a financial product, and seek professional independent advice if you think that is appropriate.

WHAT ARE YOUR RIGHTS AS AN INVESTOR?

Where you do receive personal financial product advice your adviser is obliged to have a reasonable basis for the advice given. This means that your adviser must give consideration to your investment objectives, financial situation and particular needs and conduct a reasonable investigation of the subject matter of the advice. If you do not wish to provide personal information, your adviser will be limited in his or her ability to make recommendations specific to your requirements.

You have the right to be advised about any remuneration (including commissions) or other benefit that UBS AG, your adviser and other relevant persons are to receive that may reasonably be expected to be capable of influencing the advice provided to you.

HOW CAN YOU INSTRUCT US TO BUY OR SELL YOUR INVESTMENT OR CHANGE YOUR SERVICE ARRANGEMENTS WITH US?

You must specify to your adviser or to UBS AG exactly what you want us to do. You may give us instructions by telephone, facsimile, in writing or any other means that we agree with you.

WHAT INFORMATION DO WE MAINTAIN IN YOUR FILE?

We maintain a record of items of personal information that you have provided to us, for example, as recorded in your account opening forms, financial product application forms or transaction documents.

All personal information (as defined in the Privacy Act 1988 (Cth)) collected from you will be used and stored by us in accordance with the Privacy Policy for UBS AG. A copy of the Privacy Policy can be made available to you on request.
