SYCOM IV Daytime Traders' Briefing Session

A briefing session will be held in the Exchange's Auditorium at 12.30 pm on Friday, 18 June 1999 for registered SYCOM® IV traders who intend to participate following the launch of the Exchange's daytime products (wheat, wool and electricity) on SYCOM® IV.

The purpose of this briefing is to discuss the implementation of the daytime markets on SYCOM® IV and to ensure participants' readiness ahead of this date.

MOCK TRADING

Members are advised that formal mock trading will continue until one week prior to the daytime implementation of SYCOM® IV. Accordingly, the system will be available during normal trading floor and SYCOM® hours for Member familiarity.

Formal mock trading sessions will be held each day from 7.30 am - 8.30 am and 12.30 pm - 2.00 pm. Members are strongly encouraged to participate in these sessions as this will be the final opportunity to mock trade from Members' offices prior to the commencement of daytime markets (wheat, wool and electricity) on SYCOM® IV.
