

Circular To All Members

No. 139/00

Postponement of Austock Exempt Market Member Meeting

In Circular 133/00 of 30 June 2000, Members were notified that Austock Brokers Pty Limited proposed to conduct a presentation on 11 July 2000 as to how the exempt market in SFE shares would operate, if the demutualisation proposal was adopted.

Following discussions with ASIC, it has been decided that any briefing on the mechanics of the exempt market will need to be postponed until the regulatory approval process for the exempt market rules is further advanced.

Accordingly, the briefing scheduled for Tuesday 11 July 2000 has been postponed to a date to be determined.
