

SFE CIRCULAR **NO. 188/00**

ISSUE DATE: **23 October 2000**
EFFECTIVE: **23 October 2000**

BROKEN HILL PROPRIETARY LTD – REVISED CONTRACT SIZE FOR
EXISTING BHP INDIVIDUAL SHARE FUTURES CONTRACTS

1. Introduction and Executive Summary

1.1 Following Court and Shareholder approval, the proposed Broken Hill Proprietary Limited (“BHP”) Spin-out has become effective today, 23 October 2000.

1.2 **Further to the information provided in Circular 186/00, issued 13 October 2000, the purpose of this Circular is to provide SFE Participants with the adjusted Contract Size of all existing BHP Individual Share Futures Contracts (Commodity Code ‘BH’).**

2. Individual Share Future Adjustments

2.1 Further to Circular 186/00, the BH Contract Size Multiplier has been calculated as follows:

$$\text{CSM} = \frac{[(m \times \text{VWAP}_{\text{BHP}}) + (n \times \text{VWAP}_{\text{OST}})]}{m \times \text{VWAP}_{\text{BHP}}}$$

Where:

Ex-date = 23 October 2000.

m = Ex-date number of BHP shares held.

n = Ex-date number of OneSteel shares to be received.

VWAP_{BHP} = Ex-date volume weighted average price of BHP.

VWAP_{OST} = Ex-date volume weighted average price of OneSteel.

$$\text{CSM} = \frac{[(4 \times 18.6108) + (1 \times 0.9725)]}{4 \times 18.6108}$$

$$\text{CSM} = 1.01306365$$

As a result, the Contract Size for all existing BH series will be adjusted to **1,013 shares per lot**. The Commodity Code will remain unchanged at ‘BH’.

3. New and Existing BH positions

- 3.1 SFE Participants are reminded that whilst it was not possible for SFE to advise Participants of the adjusted Contract Size prior to open of business trade date 23 October 2000, **all BH positions outstanding as at and subsequent to close of business trade date 23 October 2000 will be marked-to-market using the adjusted tick-size of \$10.13.**

4. New Series

- 4.1 SFE Participants are requested to refer to Circular 187/00, issued 20 October 2000 for further information regarding the introduction of additional BHP Individual Share Futures contracts.

5. Further Information

- 5.1 Members seeking further information in relation to this Circular should contact Martyn Wild at SFE (02 9256 0178) or Kyrra Grunnsund (02 9256 0430) at SFECH.
