### **QUEEN'S BIRTHDAY PUBLIC HOLIDAY – MARKET INFORMATION UPDATE**

In light of increasing open interest, the significant trading volumes already observed and the roll activity yet to be completed in the lead up to the expiry of the Exchange's June 2004 3 Year and 10 Year Treasury bond futures contracts on Tuesday 15 June, SFE wishes to ensure market awareness of the following factors which may impact upon trading strategies:

#### **U.S. MARKET ANNOUNCEMENTS**

U.S. stock, futures bond markets will be closed for trading on Friday 11 June in observance of the national day of mourning for former U.S. President Ronald Reagan.

As a result of the market closures, the U.S. Department of Commerce figures previously gazetted for release on the evening of Friday 11 June in the U.S. (early Saturday morning AEST) will now be released 24 hours earlier, at 4 and 5am respectively on Friday 11 June AEST.

#### **AMENDMENT TO SFE MARKET TIMETABLE FOR QUEEN'S BIRTHDAY HOLIDAY**

SFE's Screen Dealing Bulletin 12/04, released on 7 June, advised the Exchange's timetable for trading and clearing activities relating to the Queen's birthday public holiday on Monday 14 June.

As a result of the U.S. market closure announcements, the Exchange has determined that it will close trading on the Friday 11 June Night Session (for the Trade Date of Monday 14 June 2004) at midnight. The updated timetable of trading and clearing activities is listed overleaf.

## **POSITION MANAGEMENT, CLOSE OUT AND REPORTING**

Participants are reminded of the regulatory obligations placed on both themselves and their clients to trade in a fair, orderly and transparent manner, and specifically, Participants are encouraged to roll remaining bond futures positions in a timely and orderly manner.

Participants are also reminded of the importance of timely submission of 'Daily Beneficial Ownership Reports' to SFE Surveillance (previously referred to as 'reportable position reports') and of maintaining appropriate daily close out procedures in relation to back-to-back open positions which do not contribute to market liquidity, as outlined in the Practice Note related to SFE Clearing rule 46.5, particularly approaching the expiry of contracts.
