

SFE NOTICE NO.

62/07

Date of Issue: 30 May 2007

Effective Date: 30 May 2007

Change to the Eastern Young Cattle Indicator (EYCI) used to Cash Settle the MLA/SFE Cattle Futures Contract

The inclusion of the Korumburra saleyard in the Eastern Young Cattle Indicator has ceased. The last sale for young cattle held at Korumburra was Friday the 18th May 2007 and ceased to be included in EYCI calculations as of 25th May 2007. The closure of the Korumburra saleyard for young cattle, by its management, Victorian Livestock Exchange, has reduced the number of saleyards comprising the EYCI from 25 to 24.

The impact on the EYCI is expected to be negligible given the limited throughput at Korumburra.
