

SFE NOTICE NO.

94/07

Date of Issue: 26 July 2007
Effective Date: 28 July 2007

Sycom Host and Workstation Technical Release

Participants are advised of a technical upgrade to the Sycom Host and Client Terminals between 28th July and 18th August 2007.

Participants are not required to be technically involved in either the implementation or potential rollback. All implementation will be completed remotely by SFE. The release has been comprehensively tested to ensure a successful implementation.

Trading System Component	Upgrade Date
Sycom Host	28 July 2007
1 st Workstation upgrade	4 August 2007
2 nd Workstation upgrade	11 August 2007
3 rd Workstation upgrade	18 August 2007

Minor functional change to Post Trade Anonymity

On successful implementation of the Sycom Host and the progressive Workstation upgrades users will be unable to display Firm Trade Confirmations. The current functionality allows display of all market trade confirmations or only those trades associated with the Firm the user is transacting through. Post the change the user choice will be to receive Trade Confirmations for every trade in the market or no trades.

The Owner of a Trade, and members of the same Shared Order Group as the executing Trader, will continue to receive Confirmed Trade confirmations as per the current process.

The current process to display Firm Trade Confirmations is,

<Tools → Options → Messages → Display Firm Trade Confirmations

Post implementation process to display all Trade Confirmations,

<Tools → Options → Messages → Display Non-Owner Trade Confirmations

The default position will be to display no trade confirmations.

Should you have any queries please contact the Service Desk on +612 9256 0677 or service.desk@asx.com.au.
