Effective Date: 1 March 2008

March 2008 SYCOM Daylight Saving Patching Requirements

Due to NSW Parliament legislation being passed to extend Daylight Saving starting April 2008, there is a requirement for the ASX to deploy a Microsoft (MS) system patch to the SYCOM Host, MFWS and AOEI's. This MS patch will ensure that all SYCOM workstations show the correct system time during these extended daylight savings times.

Participants are advised that the MS patch deployment will take place on the weekends of March, 2008.

Required Participant Actions

Participants are NOT required to undertake any action to facilitate this Microsoft upgrade.

Should you have any queries please contact ASX Market Access on 1800 663 053 or TMI@asx.com.au
