

SFE NOTICE NO.

122/08

Date of Issue: 10 September 2008  
Effective Date: 12 September 2008

---

## SFE Clearing Stress Test Scenario Parameter Changes

Stress Test Scenarios used to generate daily AIMs obligations are reviewed periodically and amended if necessary to ensure their appropriateness in the context of prevailing prices and market conditions. In light of recent market volatility SFE Clearing now considers it appropriate to amend the parameters as set out in Attachment 1. The changes are not expected to significantly impact current AIMs obligations.

The revised Stress Test parameters will be effective for open contracts in the SPI200, 90 Day Bank Bill, 3 Year Government Bond Future and 10 Year Government Bond Future as at close of business on **12 September 2008**, impacting AIMs calls made on **15 September 2008**.

For further information on the matters covered in this Notice, please contact either David Seare on 02 9227 0532 or Eddie Farah on 02 9227 0236.

Simon McCarthy
