

SFE NOTICE NO.

173/08

Date of Issue: 17 November 2008  
Effective Date: 19 November 2008 (indicatively)

## CSR Limited Entitlement Offer – Corporate Action Implications for ASX CSR CFDs

### 1.0 Introduction

CSR Limited (ASX Code: **CSR**) has announced on 17 November 2008, a pro-rata non-renounceable entitlement offer of **1 new share for 4 old shares at an entitlement offer price \$1.40**. The new securities rank pari passu with existing shares. The shares are in trading halt/suspension and are expected to resume trading on an ex-entitlement basis on Wednesday 19 November 2008 (indicatively).

The purpose of this SFE Notice is to describe the cash adjustments to be made to open positions in ASX CSR CFDs (commodity code **CPK6**).

The Effective Date for cash adjustments for open positions in **CPK6** held at the close of business on the day prior to the resumption of ex-entitlement trading, on account of the entitlement offer will be **Wednesday 19 November 2008** (indicatively) this being the ex-entitlement date.

### 2.0 Cash Adjustment for the Entitlement Offer

The following will occur for positions in CPK6 on account of the entitlement offer. The market implied value of the entitlement (or right) will be based on the **CSPA** (closing price) ex-entitlement of the underlying securities on Wednesday 19 November 2008 (indicatively).

#### Cash Adjustment per Account

Implied value of an individual right or entitlement  $V$  is determined by the Exchange as

$$V = S - (d + C)$$

Where:

- S = CSPA (closing price) ex-entitlement
- d = Dividend (or distribution) difference, if any, between new and old securities = **\$d = 0**
- C = Entitlement (or subscription) price to take up the new securities = **\$z = \$1.40**

Hence

$$V = S - (d + z)$$

So that the cash adjustment CA amount for each open CFDs per account, on account of the issue ratio of 1 for 4

$$CA = (S - \$0 + 1.40) \times 1/4, \text{ rounded to nearest 1 cent}$$

Long position holders (at close of business on the day prior to the effective date) will be credited the cash adjustment. Short position holders will be debited.

It should be noted that only trades to open a position prior to the trading halt that are cum-entitlement, will therefore be subject to the above cash adjustment for positions held. As the market value of the entitlement is used by ASX, this amount will only be determined after the close of trading on the first ex-entitlement date of the underlying share using the CSPA.

Any new positions traded to open on the effective date itself are trading on an ex-entitlement basis, and are excluded from the cash adjustment.

The cash adjustment will be settled by SFECC on the day following the effective date.

### **3.0 Further SFE Notice**

Participants are advised that a further SFE Notice setting out the amount of cash adjustment will be issued as soon as is practicable, after the close of business on the effective date.

### **4.0 Further information**
