REVIEW OF OPERATIONS

A summary of the consolidated results for the half year by significant business segment is set out below:-

	Half Year Segment Results	
	30.06.2009 (unaudited) A\$	30.06.2008 (unaudited) (Restated) A\$

Finance costs	(212,961)	(128,753)
Loss before income tax	<u>(264,424)</u>	<u>(253,142)</u>

DIRECTORS' REPORT (continued)

For the period ended 30 June 2009 (the "Current Period"), Omnitech Holdings Limited ("the Company") and its subsidiaries did not record any revenue but a loss of A\$264,424 which included mainly the administrative expenses and finance charges.

As previously reported, over the past few months, the Group has been actively considering potential acquisitions and business expansion to rejuvenate the Group's operation and maximize the shareholders' return as whole. However, due to the market sentiments for both merger and acquisition and the international capital markets remained very gloomy during the Current Period, nothing was substantiated by the Company yet up to the date of this Report.

As such, as requested by the Australian Securities Exchange ("ASX"), the trading of the Company's shares on the ASX was suspended since 1 August 2009 pending for acquisitions and fund raising to re-active the Company's business to a level which is sufficient to warrant the Company's continuing listing position.

In order to restore the Company's value, the board of directors of the Company will continue to vigorously pursue potential acquisition targets. The Company will keep all shareholders informed of the progress of any acquisition or intended acquisition.

This report is made in accordance with a resolution of the Board of directors on 28 August 2009.

**Independent Auditors' Review Report to the Board of Directors of
Omnitech Holdings Limited
(Incorporated in Bermuda with limited liability)**

Introduction

We have reviewed the interim financial information set out on pages 4 to 12 which comprise the condensed consolidated statement of financial position of Omnitech Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") as of 30 June 2009 and the related condensed consolidated statements of comprehensive income, changes in equity and cash flows for the six-month period then ended, and other explanatory notes. The directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34.

Without qualifying our conclusion, we draw attention to note 1 which indicates that, despite the closing down of a factory in the People's Republic of China of a subsidiary of the Group in March 2008, the directors of the Company have resolved to maintain the Group as a going concern by seeking financing from the ultimate holding company and other sources, reorganising the Group's structure and resources so as to reduce discretionary costs and expenses so as to meet its liabilities and obligations as and when they fall due. We consider that appropriate disclosures have been made in the interim condensed consolidated financial statements and our conclusion is not qualified in this respect.
