Dear Jenny

Further to your letter dated 19 February 2010, please find our responses as follows:

- 1 ***"It is possible to conclude on the basis of the information provided that if the Company were to continue to expend cash at the rate for the quarter indicated by the Appendix 5B, the Company may not have sufficient cash to fund its activities. Is this the case, or are there other factors that should be taken into account in assessing the Company's position?"***

The Company is aware of its requirements for funding its ongoing activities and is presently in the process of evaluating a number of proposals in order to meet these requirements going forward.

- 2 ***"Does the Company expect that in the future it will have negative operating cash flows similar to that reported in the Appendix 5B for the quarter and, if so, what steps has it taken to ensure that it has sufficient funds in order to continue its operations at that rate?"***

The Company expects to have negative cash flows similar to that reported in Appendix 5B in quarters in the immediate future as it

- progresses the development of its primary asset the Balmoral South Iron Ore Project
- assesses potential strategic investors who may wish to invest in the project or Company and
- for further evaluation and development of its other non Iron ore assets.

The Board of the Company will ensure that it has sufficient working capital to fund these developments until positive cash flows are generated by these projects. The Company is confident of achieving its funding objectives in the short term to support the anticipated future negative cash flows.

3 ***“What steps has the Company taken, or what steps does it propose to take, to enable it to continue to meet its business objectives?”***

The Company continues to monitor its short term commitments, has no long or short term loans which require immediate repayment, and is confident of completing a funding agreement in order to meet its future ongoing expenditure requirements.

4 ***“Can the Company confirm that it is in compliance with the listing rules, and in particular, listing rule 3.1?”***

The Company confirms that it is in compliance with listing rule 3.1

5 ***“Please comment on the Company’s compliance with listing rule 12.2, with reference to the matters discussed in the note to the rule”***

The Company confirms that it believes it is in compliance with Listing Rule 12.2 and that the Company's Balance Sheet and Profit and Loss appropriately reflect the present financial position of the Company and that its securities warrant to be continued to be quoted on the ASX.

Yours sincerely
