Clarification

Reference is made to the announcement made on 21 April 2010 - Media Release.

Due to an inadvertent typographical error, we would like to draw your attention to the header of the press release on page 2 & 3.

The header should be read as "*Media Release – Singapore based Liver Centre (ACLDT) reports **49% increase in net profit from increased liver transplants and treatments, dated 21 April 2010***" instead of "...63% increase in net profit from increased liver transplants and treatments, dated 15 April 2010.
