Ten Network Holdings Limited is a company limited by shares, incorporated and domiciled in Australia.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

The Directors of Ten Network Holdings Limited present their report on the consolidated entity, consisting of Ten Network Holdings Limited ("the Company") and its controlled entities, for the year ended 31 August 2011.

Directors

The Directors that have been in office during the year and since year end are:

Mr NG Falloon ^A (Executive Chairman)
 Mr BJ Long ^B (Non-executive Chairman)
 Mr JJ Cowin (Alternate Mr PV Gleeson ^C)
 Mr PV Gleeson (Alternates Mr NG Falloon ^D, Mr JJ Cowin ^E)
 Mr PD Viner ^L (Alternate Mr JJ Cowin ^F)
 Ms CW Holgate (Alternates Mr NG Falloon ^{D,G}, Mr DL Gordon ^H)
 Mr DL Gordon
 Mr DD Hawkins (Alternate Mr DL Gordon ^I)
 Mr PR Mallam ^J
 Mr JD Packer ^{J,K}
 Mr LK Murdoch ^J
 Mrs GH Rinehart ^J (Alternates Hon. C Edwardes ^M, Mr JJ Cowin ^N)

- ^A: Resigned as director effective 10 December 2010.
^B: Appointed as non-executive chairman effective 10 December 2010.
^C: Appointed as alternate director effective 22 November 2010.
^D: Ceased as alternate director effective 10 December 2010.
^E: Appointed as alternate director effective 15 December 2010.
^F: Appointed as alternate director effective 20 October 2010.
^G: Appointed as alternate director effective 18 October 2010.
^H: Appointed as alternate director effective 14 December 2010.
^I: Appointed as alternate director effective 24 November 2010.
^J: Appointed as director effective 13 December 2010.
^K: Resigned as director effective 2 March 2011.
^L: Resigned as director effective 1 May 2011.
^M: Appointed as alternate director effective 22 June 2011.
^N: Appointed as alternate director effective 10 October 2011.

Principal Activities

The principal activity of the Company is the investment in The Ten Group Pty Limited ("Ten Group") and controlled entities, whose principal activities are the operation of multi-channel commercial television licences in Sydney, Melbourne, Brisbane, Adelaide and Perth, and out-of-home advertising.

Results

The consolidated profit after income tax for the year ended 31 August comprises:

	2011	2010
	\$'000	\$'000
Profit before income tax	27,942	141,455
Income tax (expense)/ revenue	(10,291)	8,552
Profit after income tax	17,651	150,007
Profit attributable to non-controlling interests	3,475	-
Profit attributable to members of the Company	14,176	150,007

- (i) Includes \$85.4m of non-recurring costs in 2011.
 (ii) Includes \$25.5m of non-recurring tax revenue in 2011 (2010: \$53.2m).

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Dividends

Since the end of the previous financial year, a final dividend of 11 cents per share was paid on 19 November 2010. This dividend was comprised of an ordinary dividend of 6 cents per share and a special dividend of 5 cents per share. Due to the considerable impact of a tax refund on the franking account, the entire final dividend was unfranked.

The Company has determined that a final fully franked dividend of 5.25 cents per share will be payable on 30 November 2011. The record date for payment of the 2011 final dividend is 15 November 2011.

Review of Operations

The 2011 year has been one of significant change for the Company. As indicated, the operating results reflect both the difficult trading conditions and the non-recurring costs of the Operating and Strategic review. While the Company expects the difficult trading conditions to continue in the near term, the initiatives associated with the restructure position the group well for the future.

Significant Changes in the State Of Affairs

During the year, the Television business launched ELEVEN, the third channel in its multi-channel strategy. A joint venture called ElevenCo Pty Limited was formed with CBS Studios International to provide content to ELEVEN.

During the year, the consolidated entity undertook an operational and strategic review which resulted in the Group incurring non-recurring restructuring charges of \$85.4m. These one-off charges involved staff redundancies, onerous contract provisions and costs incurred by the Chief Executive designate in legal proceedings against and by him.

Events Subsequent to Balance Date

No matters or circumstances have arisen since balance date that have significantly affected or may significantly affect:

- the operations in financial years subsequent to 31 August 2011 of the consolidated entity; or
- the results of those operations; or
- the state of affairs in financial years subsequent to 31 August 2011 of the consolidated entity.

Likely Developments

Information as to likely developments in the operations of the consolidated entity and the expected results of those operations in subsequent financial years has not been included in this report because, in the opinion of the Directors, it would prejudice the interests of the consolidated entity.

DIRECTORS' REPORT
31 AUGUST 2011

Information on Directors (continued)

Christine W Holgate

(Age 47)

Director of the Company since 1 April 2010.

Ms Holgate is a member of the Board Performance and Renewal Committee of the Company.

Ms Holgate has had extensive international experience at senior executive and board levels and is presently Managing Director and Chief Executive Officer at Blackmores Limited. Ms Holgate was previously Managing Director, Business Sales at Telstra and Group Director of Strategy and Marketing at Energis, a European alternative network operator. Ms Holgate has also served as Managing Director, Head of Marketing and Communications for Europe, Middle East and Africa at JP Morgan, a leading global investment bank and as Director of Investor Relations at Cable & Wireless plc, a FTSE global telecommunications company.

Other Current Australian Listed Company Directorships: Blackmores Limited (appointed November 2008)

Former Australian Listed Company Directorships in Last 3 Years: Keycorp Limited (January 2006 to February 2009)

David L Gordon

(Age 50)

Director of the Company since 1 April 2010.

Mr Gordon is also a member of the Remuneration Committee and the Board Protocol Committee of the Company.

Mr Gordon is a former M&A partner at the Sydney law firm, Freehills, and subsequently at former corporate advisory firm, Wentworth Associates Pty Ltd, prior to founding Lexicon Partners Pty Ltd, an independent corporate advisory and investment firm based in Sydney and with a specialisation in technology, media and telecommunications. Mr Gordon has advised a number of Australia's major media businesses over the last 20 years. He is also a Director of RCG Corporation Limited. He holds a Bachelor of Commerce and Bachelor of Laws degrees from the University of New South Wales.

Other Current Australian Listed Company Directorships: RCG Corporation Limited (appointed 19 October 2006)

Former Australian Listed Company Directorships in Last 3 Years: None

Dean D Hawkins

(Age 50)

Director of the Company since 1 April 2010.

Mr Hawkins is also a member of the Audit/Risk/Treasury Committee of the Company.

Mr Hawkins has led international businesses at the forefront of the broadband, digital media, television and sports industries in Australia and overseas for the past 15 years. Mr Hawkins is Chairman at Skins Global Holding AG, the manufacturer of Skins sports compression garments, a non-executive Director of Leighton Contractors Pty Limited, and a strategic advisor to the media industry. He was previously an executive Director of Video Networks Limited (VNL), UK's first IPTV platform, and an executive director of Chello Media, a European broadband ISP and digital media company. He is a member of the British Academy of Film and Television Arts, having received BAFTA and Emmy awards for TV channels created by his teams at VNL, a director of Sydney Dance Company and was a founding board member of the Salvation Army Oasis Centre, a centre for homeless youths and suicide prevention services in Sydney. He is a chartered accountant, was previously an investment banker in Australia and Europe and holds a Bachelor of Commerce degree.

DIRECTORS' REPORT
31 AUGUST 2011

Information on Directors (continued)

Hon. Cheryl Edwardes

(Age 61)

Alternate Director of the Company since 22 June 2011.

Cheryl Edwardes is the Executive General Manager for External Affairs, Government Relations and Approvals at Hancock Prospecting Pty Ltd in Perth. Her role encompasses the Heritage, Native Title, Environmental Approvals, State Agreement and complex access agreements for all of Hancock Prospecting's projects in Western Australia.

Prior to joining Hancock Prospecting, Cheryl Edwardes was a Special Counsel at Minter Ellison Perth. She practiced in governmental relations, climate change, environmental regulation and environmental compliance.

Prior to joining Minter Ellison, Cheryl has a long and distinguished career in Western Australian politics, serving as the State's Minister for the Environment from 1997 to 2001 and was also Western Australia's first female Attorney General. As Minister for the Environment, she was involved in some of the country's and the state's most important developments in environmental law and policy.

After retiring from Parliament she was a member of the Superannuation Conflicts Tribunal and was also involved in academic work at Curtin University of Technology and acted as a consultant on networking and leadership for a range of organisations.

Other Current Australian Listed Company Directorships: None

Former Australian Listed Company Directorships in Last 3 Years: None

Company Secretary

Stephen Partington was appointed as Company Secretary of The Ten Group Pty Limited in October 1996 and as Company Secretary of Ten Network Holdings Limited in June 2001. He also holds the position of Group General Counsel.

Previously he held the position of General Counsel and Group Secretary at Advance Bank where he was employed from 1982 to 1996. Stephen graduated with a Bachelor of Commerce and Bachelor of Laws from the University of New South Wales and Masters of Laws from each of Sydney University and the University of Technology, Sydney.

He is a fellow of Chartered Secretaries Australia and a member of the Australia Institute of Company Directors, the Law Society of New South Wales and Australian Corporate Lawyers Association and has been admitted as a solicitor in New South Wales since 1980.

DIRECTORS' REPORT
31 AUGUST 2011

Remuneration Report

The information provided in this remuneration report has been audited as required by section 308(3C) of the Corporations Act 2001.

Board Remuneration Committee

The Board has established a Remuneration Committee which reviews remuneration and incentive policies and practices and provides specific recommendations to the board on remuneration packages and other terms of employment for executive directors, and other senior executives. Reviews are undertaken annually, taking into account competitor practices and performance. The Board approves remuneration for executive directors, other senior executives and non-executive directors. The Corporate Governance Statement provides further information on the role of this Committee.

Relationship Between Remuneration and Company Performance

Company performance is tabulated below:

	Ten Network Holdings Performance 2007 – 2011				
	2011	2010	2009	2008	2007
EBIT (\$m) *	146.9	178.9	117.6	180.0	219.3
Dividends Paid (cps)	11.0	0.0	2.0	13.5	13.0
Underlying EPS (cps) *	7.11	9.29	5.08	9.69	13.92
Share Price (As at 31 August)	0.94	1.37	1.25	1.70	2.62

* Earnings before interest and tax and underlying EPS is before non-recurring items in 2009, 2010 and 2011.

The Company's executive remuneration is related to performance through:

- A focus on financial indicators, measured primarily by EBIT before non-recurring items, and non-financial drivers of profit annually, plus relative total shareholder return and earnings per share growth over the longer term
- Providing a significant proportion of this remuneration in performance rights and shares
- Deferring the vesting of shares subject to continued service premised on executives continuing to maintain high performance standards.

Non-Executive Director Remuneration

Total remuneration for all non-executive Directors, last voted upon by shareholders at the 2007 AGM, is not to exceed \$1 million per annum. Actual total remuneration during 2010-11 was \$891,899.

Fees and payments to non-executive Directors reflect the demands which are made on, and the responsibilities of, the Directors. The structure of these fees is shown in the table below.

Basis of non-executive Director fees (effective 1 July 2011):

	Chair	Member
Board	\$200,000	\$90,000
Audit	\$10,000	\$7,000
Remuneration	\$7,000	\$5,000

The Performance and Renewal Committee has responsibility for reviewing and recommending the level of remuneration for non-executive Directors in relation to Board and Committee duties. The Board approves remuneration for non-executive Directors.

The non-executive Directors do not participate in any share option plans or receive performance-related remuneration.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Remuneration Report (continued)

Non-Executive Director Remuneration (continued)

Remuneration for non-executive Directors consists of annual fees, which include superannuation contributions, made in accordance with the superannuation guarantee legislation, for the Directors performing their duties on the Board of the Company and on various committees.

There are no retirement allowances for non-executive Directors.

Principles Used to Determine the Nature and Amount of Executive Remuneration

The objective of the Company's executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with achievement and sustainability of profit and the creation of value for shareholders. The Board ensures that executive reward satisfies the following key criteria for good reward governance practices:

- Performance linkage / alignment of executive compensation
- Transparency
- Capital management.

The Company has in previous years consulted with external remuneration consultants to structure an executive remuneration framework that is aligned with shareholders' and executives' interests.

Alignment to shareholders' interests was achieved by:

- Having earnings before interest and tax (EBIT) as a core component of plan design
- Including a focus on key non-financial drivers of value
- Requiring that a significant proportion of executive pay be received as performance rights
- Deferring vesting of most performance rights subject to continued service, market conditions and achievement of performance hurdles
- Only retaining the service of high performing Executives who continue to deliver results.

Alignment to executives' interests was achieved by:

- Establishing a rewards basis that is fair given capability and experience
- Reflecting individual and team performance
- Providing a transparent structure for earning rewards
- Providing recognition for contribution.

The framework provides a mix of fixed and variable pay, and a blend of deferred short and long term incentives. As Executives attain more accountability within the group, the balance of this mix shifts to a higher proportion of "at risk" rewards.

Executive Pay Framework

The executive pay and reward framework has three components:

- Base pay and benefits
- Short-term performance incentives, including deferred cash bonuses
- Deferred incentives through participation in the Ten Long Term Incentive Plan.

The combination of these components comprises the Executives' total remuneration.

**TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011**

Remuneration Report (continued)

Base Pay and Benefits

Base pay is structured as fixed remuneration that may be delivered as a combination of cash and salary packaged benefits including motor vehicles.

Base pay for senior Executives is reviewed annually. External remuneration consultants periodically provide analysis and advice to ensure base pay is set to reflect the market for a comparable role. Preference is given to matching pay with market levels of direct competitors if this information is available, rather than a broad based group of comparator companies.

Some Executives have fixed annual base pay increases included as a term of their employment contract.

Retirement benefits are delivered under defined contribution superannuation funds.

Short-Term Incentives

Short-term incentives are available through cash bonuses to certain Executives as determined by the Remuneration Committee.

STI targets are established in each financial year with 25% of the incentive dependent on group EBIT targets, as approved by the Board. The Board required EBIT must be achieved before payment of this 25%. The remainder is based on achievement of specific individual and leadership related targets, objectives and measures plus an assessment of individual contribution to the business. However, this remainder is paid out of an EBIT pool, so the potential that can be earned varies with the Company's capacity to pay. EBIT is deemed to be the most appropriate measure in determining incentive remuneration in line with Company performance. Using a combination of financial and non-financial targets ensures variable reward meets or exceeds shareholder and Board EBIT expectations for the fiscal year, while focussing on role specific non-financial targets that directly contribute to the overall EBIT result, as tabulated below.

Executive	Key performance measures for the 2011 Financial Year
CEO Eye Corp	Eye Corp EBIT, out of home performance and growth, cost control, business development
Chief Programming Officer	Television EBIT, 3 channel ratings performance, program development, financial management, digital media rights maximisation and leadership objectives
Chief Operating Officer	EBIT performance, financial management, broadcast, technology and News management and leadership objectives
Group Chief Financial Officer	EBIT performance, commercial, strategic and cost management and leadership objectives
Group General Counsel and Company Secretary	EBIT performance, legal compliance, maximisation of internal and external legal services, corporate governance and leadership objectives

Specific details regarding target requirements for each of these is commercially sensitive, so cannot be disclosed.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Remuneration Report (continued)

Short-Term Incentives (continued)

Performance against specific non-financial STI objectives for each Executive is measured following a review tailored to each Executive's performance requirements and an executive assessment.

Each Executive has a target short-term incentive opportunity depending on the accountabilities of the role and impact on organisation or business unit performance. For senior Executives (other than the CEO – Eye Corp) the maximum target bonus opportunity is 45% of fixed remuneration. 55% of the incentive is paid within 3 months of the end of the financial year and the remaining 45% of the incentive is paid in 2 equal tranches on or around the 12 and 24 month anniversary of the first payment date. The CEO - Eye Corp can receive up to a maximum bonus of 35% of fixed remuneration paid within 3 months of the end of the financial year.

Each year, the Remuneration Committee reviews both the prescribed targets for the forthcoming year and recommended payments for the completed year under the plan.

Long Term Incentive Plan (LTIP)

The LTIP is provided to a limited number of executives and provides for awards of performance rights. These rights are subject to the following performance hurdles:

1. A relative Total Shareholder Returns (TSR) hurdle applies to 50% of the performance rights awarded. TSR measures change in the price of shares, plus dividends notionally re-invested. TEN's TSR is measured against a comparator group of companies which make up the ASX 200 Consumer Discretionary Index as at the start of the performance period, on the basis that these companies are affected by similar business and economic factors as TEN. In order for any part of the TSR grant to vest, TEN's TSR must be at or above the 51st percentile of the TSR of the companies in the comparator group. A sliding scale applies to the vesting of rights subject to this performance hurdle, with 50% of the rights vesting at the 51st percentile and 100% of the rights vesting at the 75th percentile, and straight-line vesting in between these points.
2. An Earnings per Share (EPS) hurdle applies to the remaining 50% of the rights awarded. The EPS performance condition is determined by reference to the cumulative basic earnings per share for TEN aggregated over the performance period and measured against a specified EPS aggregate target. The EPS target is determined by applying a compound growth percentage to TEN's EPS performance in the base year. Of the performance rights subject to the EPS performance condition, 50% vests in the event that the aggregate EPS performance for TEN over the performance period is equivalent to 4% compound growth and a sliding scale will apply to aggregate performance up to a cumulative growth in TEN's EPS of 8% over the performance period, at which point 100% of the performance rights subject to this hurdle will vest. For the purposes of the grants made for the purposes of the 2011 financial year, earnings per share of 9.29 cents was used as the base. For the purposes of grants to be made for the 2012 financial year, earnings per share of 7.11 cents will be used as the base.

The performance hurdles are tested after three years from the date of grant. The LTIP allows for the hurdles to be re-tested once over an extended four year period (based on the performance from the date of grant) if the entire award has not vested at the end of the three year performance period. The Board considers that the opportunity for one re-test of the hurdles is required due to the fluctuations that may impact TEN's performance associated with regular large events such as the broadcasts of the Olympic and Commonwealth games.

Rights which remain unvested after 4 years from the date of grant lapse immediately.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Remuneration Report (continued)

In the event the performance conditions are met, the LTIP performance rights will be automatically exercised and TEN shares allocated to participants. TEN will determine whether it will issue new TEN shares or acquire TEN shares on-market to satisfy the Rights.

If an executive resigns, or is dismissed for cause or poor performance, unvested awards will typically lapse. In other circumstances where the executive ceases employment, the awards will typically be pro-rated for the length of performance period the executive was employed. The unvested awards will then be tested in accordance with the original vesting schedule, although the Board retains the discretion to accelerate vesting.

New shares which may in the future be issued in satisfaction of the performance rights, together with any new shares issued under the terms of any other TEN employee share plan, in each case during the last five years, will not exceed 5% of TEN's issued capital from time to time.

In 2011, each performance right was valued by Ernst & Young. The TSR (market conditions based) portion was valued using the Monte-Carlo simulation method. The EPS (non-market based) portion was valued using an analytic approach involving the Black Scholes formula. The value of the EPS performance rights to be expensed was then determined by assigning a probability percentage reflecting the likelihood of meeting the criteria set out above. This probability is re-assessed at each half year and the unexpensed value is expensed.

The plan rules contain a restriction on removing the 'at risk' aspect of the instruments granted to executives. Plan participants may not enter into any transaction designed to remove the 'at risk' aspect of an instrument before it vests.

Legacy Ten Deferred Incentive Plan

A limited number of senior Executives were invited to participate in a deferred incentive share plan. The Company gave eligible employees an opportunity to participate in the Ten Deferred Incentive Plan ("DIP") to encourage retention of high performing employees, provide a long term incentive to sustain and improve on prior performance and align employee interests with shareholder value.

Senior Executives other than the CEO – Eye Corp, no longer receive allocations under this Plan due to their participation in the Long Term Incentive Plan. However, amounts allocated in prior years continue to vest in the current year in accordance with the conditions set out below.

The premise for the DIP design differs from traditional long term plans and seeks to focus on sustainable and improving levels of performance. For participants, a maximum "incentive amount" was determined by the Remuneration Committee with reference to prior performance.

Under the DIP rules, awards only vest subject to continued service premised on executives continuing to maintain high performance standards. Continued service is assessed annually with a view to terminating service if high levels of performance are not maintained. In assessing this, allowance is given to external systemic factors, over which the executive does not have control.

Shares equal to the incentive amount are bought on market upfront and vest in four equal tranches over three years. The first tranche vests on the date of purchase, with the next three tranches of shares vesting on or about each successive anniversary of the first acquisition date.

The plan rules contain a restriction on removing the 'at risk' aspect of the instruments granted to executives. Plan participants may not enter into any transaction designed to remove the 'at risk' aspect of an instrument before it vests.

During employment by the Company the tranches of shares are subject to a trading lock and forfeiture conditions until vesting on the applicable anniversary of the first acquisition date. Following the vesting of any tranche of shares, executives may only deal with such shares subject to the approval of the Board Remuneration Committee and having regard to the Company's share trading policy.

Remuneration Report (continued)

Details of Remuneration

Amounts of Remuneration

Details of the nature and amount of each element of the emoluments of each Director of the Company and Key Management Personnel of the consolidated entity for the year ended 31 August 2011 are set out in the following tables.

Short-Term Benefits (including cash bonuses) and Post-Employment Benefits shown in the tables below represent amounts accrued and payable in relation to the respective financial years.

In 2011, Senior Executives, other than the Interim CEO and the CEO – Eye Corp, received performance rights allocated under the Long Term Incentive Plan. The 2011 remuneration table discloses the value of performance rights which were expensed into the statement of comprehensive income for the year. The table also includes the amount of DIP shares expensed during the year.

DIP shares shown in the 2010 comparative table have been restated to represent the amount expensed for the year ending 31 August 2010. In previous years, the DIP amount disclosed represented amounts granted in relation to that financial year.

DIP shares vest to the recipients in accordance with the terms of the Ten Deferred Incentive Plan (set out above).

From 2011 onward, Senior Executives, other than G Thorley, received performance rights under the Long Term Incentive Plan. Performance hurdles are tested 3 years after grant date with an opportunity to re-test 4 years after grant date. If the hurdles are met, the performance rights attached to the hurdles will vest at that time. Rights which remain unvested after 4 years from the date of grant are forfeited immediately.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Remuneration Report (continued)

Details of Remuneration (continued)

Up until 2010, shares were granted to Senior Executives under the DIP plan. These shares vest equally each year over 3 years.

No amount of the unvested portion will vest if the service and market conditions are not satisfied, hence the minimum value of the shares and performance rights yet to vest is nil. The maximum value of the shares and performance rights yet to vest represents the grant fair value at the time of purchase. The fair value of each performance right was calculated by Ernst and Young to be \$0.80 for the market based portion and \$1.28 for the non-market based portion (an average value of \$1.04 for each performance right). Refer to page 13 for more information.

Details of shares provided as remuneration are set out below:

Service Agreements

Remuneration and other terms of employment for the Key Management Personnel of the consolidated entity receiving the highest emoluments are formalised in service agreements. Each of these agreements provide for the provision of short-term performance-related incentives, other benefits including car leases and participation when eligible, in the Ten Long Term Incentive Plan and the Ten Deferred Incentive Plan. Major provisions of the agreements relating to remuneration are set out below.

Lachlan Murdoch, *Interim Chief Executive Officer*

Consultancy services agreement with Illyria Pty Limited, an entity wholly owned by Mr Murdoch.

Term of agreement – commencing 23 February 2011 and ending 31 January 2012.

- For the period of the contract, a monthly fee of \$260,000 is payable in relation to services provided by Mr Murdoch as Interim Chief Executive Officer.
- Immediate termination for failure to perform the services in accordance with the agreement or breach of a term of the agreement is restricted to contract fees unpaid at the date of termination.

Gerry Thorley, *Chief Executive Officer – Eye Corp*

Term of agreement – commencing 1 January 2007.

- Effective 1 January 2007 fixed remuneration, inclusive of superannuation is \$725,000 increasing to \$754,000 on 1 January 2008, \$784,160 on 1 January 2009 and \$848,147 on 1 January 2011.
- Short-term incentives are available under a short-term incentive scheme equivalent to 35% of fixed remuneration on achievement of specific STI targets weighted heavily to the financial performance of the Group and are also inclusive of leadership and corporate development objectives.
- Deferred incentives equivalent to 20% of fixed remuneration are available through participation in the Ten Deferred Incentive Plan.
- Eye Corp may terminate the contract at any time by providing twelve months' fixed remuneration.
- Immediate termination by Eye Corp for cause or breach of contract is restricted to fixed remuneration and leave unpaid at the date of termination.
- 21 days notice may be given by the employee if there is a substantive change to his role.
- A payment equivalent to twelve months fixed remuneration must be paid if there is a substantive change in his role leading to termination.
- Six months notice of termination may be given by Mr Thorley on or after the fourth anniversary of the commencement date.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Remuneration Report (continued)

Service Agreements (continued)

David Mott, Chief Programming Officer

Term of agreement – 4 years commencing 1 April 2009.

- Fixed remuneration, inclusive of superannuation, commencing 1 April 2009 of \$770,000, increasing to \$800,800 on 1 January 2010, \$832,832 on 1 January 2011 and \$1,200,000 on 1 April 2011.
- Short-term incentives are available under a short-term incentive scheme equivalent to 25% of fixed remuneration from 1 April 2009 and 45% of fixed remuneration from 1 September 2010 on achievement of specific STI targets. These targets include EBIT performance, ratings performance, program development, multi channelling and leadership objectives.
- Deferred incentives are available through participation in the Ten Deferred Incentive Plan.
- Long term incentives are available through participation in the Ten Long Term Incentive Plan.
- Immediate termination for cause or breach of contract is restricted to fixed remuneration and leave unpaid at the date of termination.

Term of agreement – 3 years commencing 1 April 2012.

- Fixed remuneration to increase by a minimum of 4% per annum on 1 April 2012, 1 April 2013 and 1 April 2014.
- Short-term incentives are available under a deferred short term incentive scheme equivalent to 45% of fixed remuneration on achievement of specific STI targets. These targets include EBIT performance, ratings performance, program development, financial management and leadership objectives.
- Deferred incentives are available through past participation in the Ten Deferred Incentive Plan.
- Long term incentives are available through participation in the Ten Long Term Incentive Plan equivalent to 40% of fixed remuneration on achievement of performance hurdles with a 3 year vesting period.
- Immediate termination for cause or breach of contract is restricted to fixed remuneration and leave unpaid at the date of termination.
- Payment of termination benefit on early termination by the employer shall be the lesser of 12 months notice or the balance of the contract.
- 100% of the eligible STI is paid on a pro rata basis by reference to the period not worked in the Financial Year and subject to same performance targets that apply other than if termination is due to resignation or termination for cause.
- 100% of the eligible LTI is paid on a pro rata basis by reference to the period not worked in the vesting period and subject to same performance conditions and vesting dates that apply.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Non-Audit Services

The consolidated entity may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Company and/or the consolidated entity are important.

Details of the amounts paid or payable to the auditor (PricewaterhouseCoopers) for audit and non-audit services provided during the year are set out below.

The Board of Directors has considered the position and, in accordance with the advice received from the Audit/ Risk/ Treasury Committee, is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The Directors are satisfied that the provision of non-audit services by the auditor, as set out below, did not compromise the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- All non-audit services have been reviewed by the Audit/ Risk/ Treasury Committee to ensure they do not impact the impartiality and objectivity of the auditor
- None of the services undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants*.

During the year the following fees were paid or payable for services provided by the auditor of the consolidated entity, its related practices and non-related audit firms:

	Consolidated

Auditor

PricewaterhouseCoopers continues in office in accordance with section 327 of the Corporations Act 2001.

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 29.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' REPORT
31 AUGUST 2011

Contracts with Directors

During the financial year, various agreements in respect of the sale of television airtime (through an advertising agency), sale of Out-of-Home advertising space, purchase of program rights, provision of consultancy services were entered into by Director related entities on normal commercial terms and conditions. The value of such transactions are at arms length and are detailed further in Note 29.

Insurance of Officers

During the financial year, the Company arranged for directors and officers liability insurance cover for officers of the Company and related parties. An insurance premium was paid in relation thereto. The officers of the Company covered by this insurance includes all Directors and all employees in positions of responsibility.

The Directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the directors' and officers' insurance contracts as such disclosure is prohibited under the terms of the contract.

Indemnification of Officers

The Company has entered into deeds to indemnify each Director of the Company in accordance with the approval given at the Annual General Meeting of the Company held on 7 December 1999.

In broad terms, the deeds of indemnity entrench a Director's rights to:

- access the books and records of the Company which relate to the period the Director acted as a Director of the Company;
- be indemnified by the Company to the maximum extent permitted by law; and
- require the Company to take out an appropriate directors' and officers' insurance policy to protect the Director from liability (to the maximum extent permitted by law).

Separately, a deed of indemnity has been provided by The Ten Group Pty Limited to Directors and officers of that company and its controlled entities.

Additionally, separate deeds of indemnity cover other executives of controlled entities who have been requested to act as directors on the boards of other companies in which the Group holds an interest.

No liability has arisen under these indemnities at the date of this report.

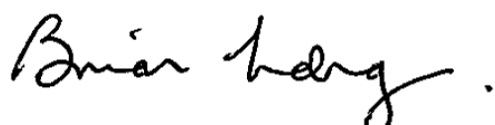

Environmental Regulations

The consolidated entity is not subject to significant environmental regulations.

Rounding of Amounts to Nearest Thousand Dollars

The Company is of a kind referred to in Class Order 98/100, issued by the Australian Securities and Investments Commission, relating to the "rounding off" of amounts in the directors report. Amounts in the directors' report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, to the nearest dollar.

Signed in Sydney on 26 October 2011 in accordance with a resolution of the Directors.

BJ Long
Chairman

Auditor's Independence Declaration

As lead auditor for the audit of Ten Network Holdings Limited for the year ended 31 August 2011, I declare that to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Ten Network Holdings Limited and the entities it controlled during the year.

**TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
CORPORATE GOVERNANCE STATEMENT**

The Board of Directors of Ten Network Holdings Limited ("the Company") is committed to responsible corporate governance in accordance with community and shareholder expectations.

In determining the standards that the Company should seek to achieve, the Company has reviewed, with the assistance of external advisers, its practices in terms of the revised *Corporate Governance Principles and Recommendations* which were issued by the ASX Corporate Governance Council in August 2007 and took effect for the first financial year commencing on or after 1 January 2008 ("the ASX Guidelines"). The Company has not sought at this time to early transition to the amended ASX Guidelines which apply for the first financial year of the Company commencing after 1 January 2011.

The Company considers that its practices are generally consistent with those contained in the ASX Guidelines (except where referred to below).

In summary, compliance with the ASX Guidelines has been achieved as follows:

	ASX Principle	Compliance
Principle 1:	Lay solid foundations for management and oversight	
1.1	Companies should establish the functions reserved to the board and those delegated to senior executives and disclose those functions.	Comply
1.2	Companies should disclose the process of evaluating the performance of senior executives.	Comply
1.3	Companies should provide the information indicated in the <i>Guide to reporting on Principle 1</i> .	Comply
Principle 2:	Structure the board to add value	
2.1	A majority of the board should be independent directors.	Comply
2.2	The chair should be an independent director.	Comply
2.3	The roles of chair and chief executive officer should not be exercised by the same individual.	Comply
2.4	The board should establish a nomination committee.	Comply
2.5	Companies should disclose the process for evaluating the performance of the board, its committees and individual directors.	Comply
2.6	Companies should provide the information indicated in the <i>Guide to reporting on Principle 2</i> .	Comply
Principle 3:	Promote ethical and responsible decision-making	
3.1	Companies should establish a code of conduct and disclose the code or a summary of the code as to: <ul style="list-style-type: none"> - the practices necessary to maintain confidence in the company's integrity, - the practices necessary to take into account their legal obligations and the reasonable expectations of their stakeholders, and - the responsibility and accountability of individuals for reporting and investigating reports of unethical practices. 	Comply Comply Comply

**TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
CORPORATE GOVERNANCE STATEMENT**

	ASX Principle	Compliance
3.2	Companies should establish a policy concerning trading in company securities by directors, senior executives and employees, and disclose the policy or a summary of the policy.	Comply
3.3	Companies should provide the information indicated in the <i>Guide to reporting on Principle 3</i> .	Comply
Principle 4:	Safeguard integrity in financial reporting	
4.1	The board should establish an audit committee.	Comply
4.2	The audit committee should be structured so that it: <ul style="list-style-type: none"> - consists only of non-executive directors - consists of a majority of independent directors - is chaired by an independent chair, who is not chair of the board - has at least three members. 	Comply
4.3	The audit committee should have a formal charter.	Comply
4.4	Companies should provide the information indicated in the <i>Guide to reporting on Principle 4</i> .	Comply
Principle 5:	Make timely and balanced disclosure	
5.1	Companies should establish written policies designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at senior executive level for that compliance and disclose those policies or a summary of those policies.	Comply
5.2	Companies should provide the information indicated in the <i>Guide to reporting on Principle 5</i> .	Comply
Principle 6:	Respect the rights of shareholders	
6.1	Companies should design a communications policy for promoting effective communication with shareholders and encouraging their participation at general meetings and disclose that policy or a summary of that policy.	Comply
6.2	Companies should provide the information indicated in the <i>Guide to reporting on Principle 6</i> .	Comply
Principle 7:	Recognise and manage risk	
7.1	Companies should establish policies for the oversight and management of material business risks and disclose a summary of those policies.	Comply
7.2	The board should require management to design and implement the risk management and internal control system to manage the company's material business risks and report to it on whether those risks are being managed effectively. The board should disclose that management has reported to it as to the effectiveness of the company's management of its material business risks.	Comply

For personal use only

**TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
CORPORATE GOVERNANCE STATEMENT**

	ASX Principle	Compliance
7.3	The board should disclose whether it has received assurance from the chief executive officer (or equivalent) and the chief financial officer (or equivalent) that the declaration provided in accordance with s295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.	Comply
7.4	Companies should provide the information indicated in the <i>Guide to reporting on Principle 7</i> .	Comply
Principle 8:	Remunerate fairly and responsibly	
8.1	The board should establish a remuneration committee.	Comply
8.2	Companies should clearly distinguish the structure of non-executive directors' remuneration from that of executive directors and senior executives.	Comply
8.3	Companies should provide the information indicated in the <i>Guide to reporting on Principle 8</i> .	Comply

The Company is pleased to report in detail below on its performance in regard to the recommendations contained in the ASX Guidelines as they relate to the Company and its subsidiaries ("the consolidated entity").

Principle 1: Lay solid foundations for management and oversight

Recommendation 1.1: Companies should establish the functions reserved to the board and those delegated to senior executives and disclose those functions.

The key responsibilities and functions of the Board of the Company are as follows:

- (a) considering the strategic goals of the consolidated entity as developed by management, approving appropriate goals, and monitoring the performance of the consolidated entity against them;
- (b) appointment of senior management of the consolidated entity (and their direct reports) and the Company Secretary, and the determination of their terms and conditions of appointment (including remuneration);
- (c) monitoring and evaluating the performance of senior management of the consolidated entity in achieving any strategies and budgets approved by the Board;
- (d) reviewing on a regular and continuing basis:
 - (i) executive and Board succession planning; and
 - (ii) executive development activities;
- (e) appointment of the Chairperson;
- (f) determination of the membership and terms of reference of Board committees;
- (g) adoption of, and monitoring compliance with, corporate governance policies including the risk management policy and internal controls;
- (h) determining any matters in excess of discretions that it may have, from time to time, delegated to the senior management;

**TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
CORPORATE GOVERNANCE STATEMENT**

- (i) approving each of the following:
- (i) the financial and capital expenditure budgets;
 - (ii) significant changes to the organisational structure and the appointment of such senior officers as the Board may determine;
 - (iii) the acquisition, establishment, disposal or cessation of any significant business of the consolidated entity;
 - (iv) payment of dividends in accordance with the Constitution;
 - (v) the appointment of the external auditor and remuneration payable in connection with the audit of the financial statements and non-audit services;
 - (vi) the issue of any shares, options, equity instruments or other securities and any major debt obligations to be incurred by the consolidated entity;
 - (vii) annual financial statements and Directors' reports;
 - (viii) periodic news releases of the consolidated entity's financial results;
 - (ix) any changes to the discretions delegated from the Board; and
 - (x) the risk management policies of the consolidated entity;
- (j) monitoring compliance with regulatory requirements and ethical standards;
- (k) monitoring compliance with the ASX Listing Rules continuous disclosure requirements;
- (l) monitoring and enforcement of the provisions contained in Schedule 1 of the Constitution relating to compliance with the ownership and control provisions of the *Broadcasting Services Act*; and
- (m) establishing and monitoring compliance with protocols in respect of Board processes, including in relation to issues of potential conflict.

It is the role of senior management within the Company and its subsidiaries to manage the activities of those companies in accordance with the direction and delegations of the Board. It is the Board's responsibility to oversee the activities of management in carrying out those delegated duties. The Board is also responsible for reviewing the strategies proposed by its management for the growth and operations of the consolidated entity.

In carrying out its governance role, the task of the Board has been to drive the performance of the consolidated entity. The Board also seeks to ensure that the companies within the consolidated entity comply with all of their contractual, statutory and other legal obligations.

Recommendation 1.2: Companies should disclose the process of evaluating the performance of senior executives.

In the case of senior Executives of the consolidated entity, a formal performance evaluation process was conducted under the guidance of the Remuneration Committee. This process involves the mutual identification and agreement of performance criteria at the commencement of each financial year. At the end of each financial year, each senior Executive meets with their direct manager in a performance evaluation interview. At the conclusion of these interviews, each senior Executive is assigned a performance rating and given feedback. The performance criteria for senior Executives are set out on page 11 of the Directors' Report.

Recommendation 1.3: Companies should provide the information indicated in Guide to reporting on Principle 1.

A performance evaluation for each of the senior Executives has been undertaken. Each of these performance evaluations was in accordance with the process referred to in the discussion about Recommendation 1.2 immediately above.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

Principle 2: Structure the board to add value

Recommendation 2.1: A majority of the board should be independent directors.

Details of the Directors in office as at 31 August 2011 are set out on pages 4 to 8.

The Company considers that each of its Directors, other than Lachlan Murdoch (Interim Chief Executive Officer) meet the Board's criteria of independence.

In determining whether a Director is independent, the Board has regard to whether a Director is considered to be one who:

- (a) has a material relationship as a supplier or customer or in any other contractual role with the consolidated entity (either directly, or as a partner, shareholder or executive officer of an organisation that has a material relationship with the consolidated entity);
- (b) is, or has been within the previous three years, employed by the consolidated entity;
- (c) is, or has been within the previous three years, a principal of a material professional adviser, the auditor, or a material consultant to the consolidated entity or an employee materially associated with the service provided;
- (d) is a substantial shareholder of the Company or an officer of, or otherwise associated with, a substantial shareholder of the Company;
- (e) has served on the Board of the Company for a period which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the consolidated entity; and
- (f) is free from any interest and any business or other relationship that could, or could be perceived to, materially interfere with the Director's ability to act in the best interests of the consolidated entity.

The Board has previously determined that a material relationship is to be determined on the basis of fees paid or moneys received or paid to either a Director or a Director-related entity, which may impact the EBITDA of the consolidated entity in the previous financial year by more than 5%.

These criteria continue to apply in determining the independence of Directors of the Company.

The Board considers that the independent Directors, who have served for a number of years, bring considerable skill, experience and expertise to the Company and they continue to review and challenge the performance of management and exercise independent judgement. Accordingly, the Board considers the length of service does not materially interfere with the ability of the respective Directors to act in the best interests of the Company.

While a number of Director-related parties had dealings with the consolidated entity, such dealings were not material (refer above).

The Board has assessed the position of Gina Rinehart and considers that Mrs Rinehart is independent. Mrs Rinehart is a substantial holder, as that expression is defined for the purposes of the Corporations Act, although the holding is not so substantial as to either amount to a controlling interest or one that enables the exercise of significant influence. In addition, recognising the existence of other comparative substantial holdings in the Company, the Board can see no interest of Mrs Rinehart which could interfere with the independent exercise of her judgement in the best interests of the Company.

The Board considers that whilst Mr Mallam was nominated as a Director by entities controlled by Mr Bruce Gordon, who is himself a substantial shareholder, Mr Mallam is also an independent Director. The Board has made this assessment having regard to factors including the lack of financial dependence of Mr Mallam on fees and remuneration paid by the Company or any advisory fees (other than the provision of legal services on usual commercial terms) paid to Mr Mallam's firm by entities controlled by Mr Gordon. The Board recognises that there is the potential for conflict associated with the negotiation of program supply agreements and other arrangements between the Group and Mr Gordon's regional television broadcasters. To the extent that these

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

arrangements arise for consideration by the Board, the principles relating generally to conflicts of interest involving Directors – see below – will apply. In such circumstances, Mr Mallam will, to the extent required, declare his position and not participate in the decision-making process relating to the conflict issue. However as the arrangements are considered less frequently than on an annual basis, the Board considers this should not affect Mr Mallam's ongoing independent status.

The Board has also had regard to the fact that neither Director is a member of management, each is not financially reliant on any fees or other remuneration paid by the Company and that they are not in a position, by virtue of their shareholding interest or the shareholding interest of their nominator, to be able to control the Company having regard to the shareholding interests held by other shareholders in the Company.

The Constitution of the Company provides that generally one third of the Directors (other than a Managing Director, Alternate Directors and any Director who has been appointed to fill a casual vacancy or as an addition to the Board since the last annual general meeting) are required to retire and seek re-election each year and no Director can hold office for more than three years without seeking re-election.

The Directors may appoint persons to fill casual vacancies or as additions to the Board. Any person filling a casual vacancy or appointed as an additional Director holds office until the next annual general meeting, where they must retire but are eligible for re-election.

Nominations to fill a casual vacancy are reviewed by the Board Composition and Renewal Committee of the Board, with recommendations submitted to the Board of Directors for approval.

A person is only eligible to be elected as a Director (other than if his or her re-election arises from retirement by rotation) where both the nomination of the person by a member and a consent to nomination signed by the person, are received by the Company at least 35 business days before the relevant general meeting.

During the year, the Board established a Board Protocol Committee and adopted a Conflict Protocol. The Committee comprises:

- Brian Long (Chairman)
- Jack Cowin
- David Gordon

This Committee met on two occasions during the year.

The Conflict Protocol recognizes that a Director may from time to time have a conflict between his duties as a Director and his duties as a director or his interests in a Director-related entity. The Protocol recognizes that all Directors have a right of access to information about the Company to ensure proper performance of their duties, but a Director who has a material personal interest in a matter to be considered by the Board must not be present or vote on that matter.

In the event that the Board Protocol Committee considers that the receipt of particular information by a Director would be detrimental to the Company, the Committee is required to notify and discuss the issue with the relevant Director.

Where the law precludes a Director from receiving particular information, the Director will not be entitled to receive the information but will be notified of the nature of the information.

In circumstances where there is a conflict of interest which does not otherwise amount to a material personal interest, the Director will be provided with a description of the nature of the sensitive information sufficient to

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

allow them to form a view as to whether or not that sensitive information is required for the proper performance of their fiduciary duties.

Recommendation 2.2: The chair should be an independent director.

Recommendation 2.3: The roles of chair and chief executive officer should not be exercised by the same individual.

Until December 2010, Nick Falloon was the Executive Chairman of the Company and also held the roles of the Chairman and Chief Executive Officer of The Ten Group Pty Limited ("Ten Group"). Mr Falloon was originally appointed to these roles in February 2002.

On 9 December 2010, Mr Falloon resigned as a Director of the Company and ceased to act as an Executive of the Group. Brian Long was appointed as non-Executive Chairman of the Board with effect from 11 December 2010 and Grant Blackley was subsequently appointed as Chief Executive Officer of Ten Group. Mr Blackley ceased to hold the position of Chief Executive Officer of the Group on 23 February 2011 and Lachlan Murdoch was appointed as interim Chief Executive Officer pending the recruitment of a new Chief Executive Officer.

On 2 March 2011, the Company announced that it had appointed James Warburton (formerly Chief Sales and Digital Officer at Seven Media Group) as its new Chief Executive Officer. Mr Warburton will assume his duties with the Company with effect from January 2012.

Recommendation 2.4: The board should establish a nomination committee.

The Board maintains a Board Performance and Renewal Committee. As at 31 August 2011, this Committee was comprised of:

- Brian Long (Chairman)
- Jack Cowin
- Christine Holgate
- Gina Rinehart

A charter has been established which charges the Board Performance and Renewal Committee with responsibility for considering issues associated with Board composition and succession planning, including nomination of independent non-executive Directors to the Board. This Committee is in the process of formulating procedures and policies for the selection and appointment of new independent Directors and, once adopted, these procedures will be made available on the Company's website.

During the year, the Board Performance and Renewal Committee met on one occasion, with all members being represented.

Recommendation 2.5: Companies should disclose the process for evaluating the performance of the board, its committees and individual directors.

The Board Performance and Renewal Committee has previously been delegated responsibility to review the performance of the Board, its Committees and individual Directors.

The Board also undertakes an informal review on an ad hoc basis of the Board, its committees and individual Directors through the use of internal surveys, regular Board discussions and interactions.

Agendas are set by the Board's Chairman to ensure adequate coverage of financial, strategic and major risk areas throughout the financial year.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

In order to assist the Board in the performance of its duties, reports are prepared by each of the relevant General Managers and submitted to Directors in advance of each regular Board meeting.

Additionally, key financial information reports are prepared and distributed to each Director at the end of each calendar month, with Directors having the opportunity to receive weekly pacing reports that show latest revenue and ratings performances.

Members of the Board and Board Committees are entitled to retain independent professional advisers from time to time as considered necessary.

Directors have access to the Company Secretary to assist in the provision of any information reasonably sought by Directors and the Company Secretary is accountable to the Board through the Chairman on all governance issues.

Under the Constitution, the Company Secretary is required to be appointed and removed by the Board.

Recommendation 2.6: Companies should provide the information indicated in the Guide to reporting on Principle 2.

Information about the skills, experience and expertise of the Directors is contained at pages 5 to 8 of the Directors Report. This information also notes the period of office held by each Director in office at the date of the annual report.

During the year the Board undertook an informal review of the Board and individual Directors in accordance with the process described above for the purposes of Board renewal considerations.

The Board renewal process involves the initial step of identifying skills and expertise of existing Board members which is followed by the step of identifying candidates who are able to offer the Company a diversity of skills and expertise to complement those of the existing Board members. This process resulted in the appointment of Messrs Long, Hawkins, Gordon and Ms Holgate in 2010. On that occasion, the Board looked specifically for candidates with expertise in marketing, communications and media, as well as in the finance and legal fields.

The Board Performance and Renewal Committee is in the process of formulating procedures and policies for the selection and appointment of new Directors and, once adopted, these procedures will be made available on the company's website.

A copy of the charter for the Board Performance and Renewal Committee appears on the Company's website.

Principle 3: Promote ethical and responsible decision making

Recommendation 3.1: Companies should establish a code of conduct and disclose the code or a summary of the code as to:

- *the practices necessary to maintain confidence in the company's integrity;*
- *the practices necessary to take into account the legal obligations and the reasonable expectations of their shareholders; and*
- *the responsibility and accountability of individuals for reporting and investigating reports of unethical practices.*

The consolidated entity has adopted a Code of Conduct that governs conflicts of interest, corporate opportunities, confidentiality, unethical behaviour and compliance with laws and regulations.

A copy of this Code appears on the Company's website.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

The Group Chief Financial Officer has also undertaken to the Audit Committee that he will comply with the Group of 100 CFO Code of Conduct.

In addition, each Executive is bound by a written employment agreement that also contains provisions dealing with confidentiality, conflicts of interest, compliance with laws and other policies adopted by the consolidated entity.

Recommendation 3.2: Companies should establish a policy concerning trading in company securities by directors, senior executives and employees, and disclose the policy or a summary of that policy.

In January 2011, the Company revised and updated its policy in relation to dealings in the securities of the Company by Directors and employees of the consolidated entity in light of changes to the ASX Listing Rules. This policy provides that these persons must not deal in the Group's securities where they are in possession of price sensitive or "inside" information or in circumstances where the Company is in possession of price sensitive or "inside" information and has notified the persons to whom the policy applies that they must not deal in the Company's securities, either for a specified period or until the Company gives further notice.

Directors and senior Executives are also prohibited from dealing in securities in the Company during the period commencing at the conclusion of each six monthly financial period and concluding on the day following the release by the Company of its relevant half yearly announcement to the Australian Securities Exchange. This policy reflects the perception that, during these periods, Directors and senior Executives may be in possession of significant financial information associated with the preparation of the consolidated entity's periodic financial disclosures to the market.

The policy permits that, in exceptional circumstances, the Board may waive compliance with the restriction on dealing in the Company's securities during a blackout period. Exceptional circumstances for these purposes include financial hardship, compulsory court order or any circumstances that are deemed exceptional by the Chairman of the Board.

The Policy also prohibits the buying and selling of the Company's securities within a three month period, the entering into short term dealings (eg forward contracts) and the entry into transactions that limit the economic risk associated with holding the Company's securities.

Exceptions to the Policy include:

- (a) participation in an employee, executive or director equity plan operated by the Company;
- (b) passive trades, such as the acquisition of Company securities through a dividend reinvestment plan, share purchase plan or rights issue;
- (c) dealings that result in no effective change to the beneficial interest in the securities;
- (d) trading under a pre-approved non-discretionary trading plan where the relevant person did not enter into the plan during a blackout period and the plan does not permit the person to exercise any influence or discretion in relation to trading under the plan and the plan cannot be cancelled during a black out period; and
- (e) a disposal of Company securities as a result of a secured lender exercising their rights.

Consistently with the Corporations Act, the hedging of Company securities is not permitted:

- (a) where the relevant person is in possession of inside information; or

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

- (b) if the transaction would involve unvested equity or equity subject to a holding lock pursuant to any employee, executive or director equity plan operated by the Company.

Directors are required to inform the Chairman when they wish to trade securities in the Company. Executives have been advised to contact the Company Secretary regarding any queries or concerns over securities trading restrictions.

Principle 4: Safeguard integrity in financial reporting

Recommendation 4.1: The Board should establish an audit committee.

Recommendation 4.2: The audit committee should be structured so that it:

- *consists only of non-executive Directors*
- *consists of a majority of independent Directors*
- *is chaired by an independent chair, who is not chair of the Board*
- *has at least 3 members.*

The Board of the Company has previously established an Audit Committee. The members of this Committee as at 31 August 2011 comprised solely independent non-executive Directors, being:

- Paul Gleeson (Chairman)
- Dean Hawkins
- Paul Mallam

The Chairman of the Committee is a member of the Institute of Chartered Accountants and has significant experience in dealing with financial and accounting matters.

Further details of the qualifications of the members of this Committee may be found in their Director Profiles on pages 4 to 8. Details of attendances at meetings of the Audit Committee are set out at page 9.

Recommendation 4.3: The audit committee should have a formal charter.

The Audit Committee of the Company has a formal charter. The charter indicates that responsibilities of the Audit Committee include:

- reporting to the Board on their activities;
- reviewing the effectiveness of management systems, in areas of greatest financial risk;
- recommending to the Board on the appointment of the external auditor and on the auditor's remuneration;
- maintaining a policy for the provision of audit and non-audit services by the external auditor;
- reviewing and assessing the auditor's report and the actions proposed by management in response;
- being satisfied that the scope of the audit is adequate especially in relation to areas where the Audit Committee believes special attention is necessary;
- reviewing the accounting policies and practices of the consolidated entity;
- monitoring compliance with the Company's Statement of Corporate Governance;
- reviewing related party transactions that may involve Directors, management and employees giving rise to actual or potential conflicts of interest and providing appropriate advice as to any necessary disclosures to the Board; and

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

- reviewing the half yearly and annual financial statements.

The charter is reviewed annually by the Audit Committee to determine if any changes are required. During the last financial year, the Audit Committee reviewed the charter but made no substantive changes to its terms.

The charter for the Audit Committee may be accessed on the Company's website.

In accordance with the Corporations Act, the lead and review audit partner is required to rotate at least every five years.

The Committee regularly meets with the external auditor in the absence of management so as to discuss potential issues associated with management controls, the preparation and audit of consolidated entity's financial reports and the performance of management in relation to such issues.

The partner from PricewaterhouseCoopers responsible for the audit of the financial statements of the Company attends the annual general meeting of the Company to answer any questions that shareholders may wish to raise in relation to the conduct of the audit of the financial statements.

Shareholders may submit written questions to the auditor in relation to the content of the auditor's report and the conduct of the audit of the annual financial statements, no later than the 5th business day before the annual general meeting.

Principle 5: Make timely and balanced disclosure

Recommendation 5.1: Companies should establish written policies designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at a senior executive level for that compliance and disclose those policies or a summary of those policies.

The Company, as a listed company, is required to comply with the Listing Rules of the ASX.

The Board of the Company has established a policy to ensure that the interim Chief Executive Officer, Group Chief Financial Officer and the Company Secretary will ensure that any information requiring disclosure by the Company will be referred to the Chairman for review prior to any disclosure being made.

A copy of this policy also appears on the Company's website.

Principle 6: Respect the rights of shareholders

Recommendation 6.1: Companies should design a communications policy for promoting effective communication with shareholders and encouraging their participation at general meetings and disclose their policy or a summary of that policy.

The Company provides regular financial releases to the ASX in respect of its half-year (ending February) and full-year (ending August) financial results. These disclosures are generally made during March/April and October of each year.

The financial results are generally posted to the Company's website within 24 hours of disclosure to the ASX. Similarly, any other major disclosures to the ASX outside of the financial results are also posted to the Company's website. Those shareholders who wish to be advised of any announcements, may notify the Company's registry, who will arrange for an email to be sent to the shareholder advising that an announcement has been posted on the Company's website on each occasion that a major disclosure is made by the Company to the ASX.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

The Company provides webcast facilities to allow live and delayed access to presentations made to analysts and media representatives in respect of half yearly and full year financial results and major media announcements.

Shareholders may also communicate with the Company by email.

The Company produces its annual review for dispatch to shareholders generally by early November each year. Shareholders are given the opportunity to "opt-in" to receive the annual review. In the event that a shareholder does not elect to opt-in to receive an annual review, they may alternatively elect to receive an email from the Company's share registry advising that the annual review and financial reports have been posted to the Company's website or will be notified at the same time as the notice of annual general meeting is sent to shareholders.

The notice of annual general meeting for the Company is forwarded, together with a voting form allowing shareholders unable to attend the annual general meeting to be able to vote on the matters contained in the notice of meeting. Shareholders may also elect to complete their voting form on-line via the website for the Company's share registry.

Principle 7: Recognise and manage risk

Recommendation 7.1: Companies should establish policies for the oversight and management of material business risks and disclose a summary of those policies.

Recommendation 7.2: The board should require management to design and implement the risk management and internal control system to manage the company's material business risks and report to it on whether those risks are being managed effectively. The board should disclose that management has reported to it as to the effectiveness of the company's management of its material business risks.

A copy of the consolidated entity's Risk Management Policy is available on the Company's website.

The policy identifies that:

- the Board is responsible for overseeing the establishment and implementation by the consolidated entity's management of risk management systems and reviewing the effectiveness of these systems;
- the Audit Committee of the Company has been delegated the responsibility for receiving submissions from the consolidated entity's management regarding the management of business risks, including the formulation and review of the business risks policy and other risk management policies; and
- management of the consolidated entity is responsible for the design and implementation of risk management and internal control systems which provide a report to the Board on risk in accordance with the business risks policy through a formal organisation-wide risk management framework and other formal and informal risk specific frameworks and approaches.

Each of the consolidated entity's operational areas is required to identify the material risks which they consider may arise and to determine the probability of any such occurrence and its potential financial impact. Measures are then developed to control such risks in conjunction with other risk measures including where appropriate relevant insurance cover.

During the year, the Company updated its Risk Management Policy to meet the criteria set down in ISO 31000. This policy is supported by specific formal and informal analytical techniques to identify and evaluate risk, and integration strategies to improve/optimize the consolidated entity's risk profile.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES CORPORATE GOVERNANCE STATEMENT

Risks and the effectiveness of their management are reviewed and reported regularly to the consolidated entity's senior Executive, the Audit Committee and the Board through various mechanisms depending upon the nature of this risk.

In reviewing the risk management and internal control systems of the consolidated entity, the interim Chief Executive Officer and the Group Chief Financial Officer have also confirmed in writing that the consolidated entity's risk management and internal control systems are operating effectively in relation to material business risks for the period and have reported to the Board that the Company is effectively managing its material business risks.

Recommendation 7.3: The board should disclose whether it has received assurance from the chief executive officer (or equivalent) and the chief financial officer (or equivalent) that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

In accordance with the Corporations Act, the Directors may now only give their declaration in relation to the annual financial statements if the Chief Executive Officer and the Group Chief Financial Officer have made the declarations required pursuant to section 295A of the Corporations Act and otherwise as contained in their representation letters.

In addition, the Chief Executive Officer and the Group Chief Financial Officer provide representation letters to the Board at the time of consideration of the half yearly and annual financial statements. These representation letters provide a sign-off in relation to various issues associated with the keeping of financial records generally, the preparation of the financial statements and the disclosures made and a specific requirement that the financial statements present a true and fair view.

The Board has received assurance from the interim Chief Executive Officer and the Group Chief Financial Officer that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal controls and that the systems are operating effectively in all material respects in relation to financial reporting risks.

Principle 8: Remunerate fairly and responsibly

Recommendation 8.1: The Board should establish a remuneration committee.

The Board has a Remuneration Committee, which as at 31 August 2011 was comprised of a majority of independent, non-executive Directors. The members of this Committee are:

- Jack Cowin (Chairman)
- Paul Gleeson
- Brian Long
- David Gordon
- Lachlan Murdoch

During the year this Committee met on three occasions, with all members of the Committee in office on the date of such meetings being represented on each occasion.

The role of the Remuneration Committee is to:

- review the remuneration policy for the consolidated entity;
- approve the remuneration of the Chief Executive Officer and the Executives reporting to the Chief Executive Officer;

**TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
CORPORATE GOVERNANCE STATEMENT**

- review the performance and financial incentives of the Chief Executive Officer on an annual basis;
- review proposals for incentive plans prior to submission to the Board of Directors for approval; and
- review human resources planning with particular emphasis on succession planning for senior group executive positions.

Recommendation 8.2: Companies should clearly distinguish the structure of non-executive directors' remuneration from that of executive directors and senior executives.

Disclosure of the remuneration for each Director and each of the five highest paid Executives is set out on pages 15 to 17.

Non-executive Directors do not participate in any share or option plans offered by the Company.

Additionally, there are no retirement benefit plans available to non-executive Directors of the Company. The consolidated entity does make contributions to approved superannuation funds on behalf of each eligible Australian resident non-executive Director in accordance with the superannuation guarantee legislation.

Website

Further information in relation to the consolidated entity is available on our websites at www.tencorporate.com.au and also at www.eyecorp.com.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for the consolidated entity consisting of Ten Network Holdings Limited and its controlled entities.

(a) Basis of Preparation

This general purpose financial report has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Urgent Issues Group (UIG) Interpretations and the Corporations Act 2001.

Compliance with IFRS

The consolidated financial statements of the Company and its controlled entities also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Historical Cost Convention

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and liabilities (including derivative instruments) at fair value through profit or loss.

Critical Accounting Estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 3.

(b) Principles of Consolidation

The consolidated financial statements incorporate the assets, liabilities and results of all entities controlled by the Company as detailed in Note 26 to the financial statements. The Company and its controlled entities together are referred to in this financial report as the consolidated entity. The financial statements of controlled entities are included from the date control commences until the date control ceases.

All intercompany transactions are eliminated in full. Non-controlling interests in the equity and results of the entities that are controlled by the Company are shown as a separate item in the consolidated financial statements.

The consolidated entity treats transactions with non-controlling interest that do not result in a loss of control as transactions with equity owners of the consolidated entity.

Refer to Note 1(i) for the accounting treatment of investments in associates and joint ventures.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Income Tax

The income tax expense or revenue for the year is the tax payable on the current year's taxable income based on the national income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company's subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax balances attributable to amounts recognised directly in other comprehensive income or directly in equity are also recognised in other comprehensive income or directly in equity, respectively.

Ten Network Holdings Limited and its wholly-owned Australian controlled entities have implemented the tax consolidation legislation. As a consequence, these entities are taxed as a single entity and the deferred tax assets and liabilities of these entities are set off in the consolidated financial statements.

Management have determined that deferred tax assets and deferred tax liabilities associated with indefinite life intangibles such as television licences should be measured based on the tax consequences that would follow from the recovery through ongoing use.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) Trade Receivables and Revenue Recognition

Revenue is recognised at fair value of the consideration received net of the amount of goods and services tax (GST). The consolidated entity recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the consolidated entity's activities as described below.

Revenue from core operating activities consists of advertising and media revenues and is recognised when the advertisement has been broadcast/displayed or the media service performed.

Advertising and media revenues are disclosed after making allowance for commissions paid to advertising agencies.

Other revenue includes bank interest earned.

All trade receivables are initially measured at fair value and subsequently at amortised cost, less provision for doubtful debts. The amount of the provision is recognised in the statement of comprehensive income.

Trade receivables are due for settlement no more than 45 days from date of recognition. They are presented as current assets unless collection is not expected for more than 12 months after the reporting date.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectable are written off by reducing the carrying amount directly. An allowance account (provision for impairment of receivables) is used when there is objective evidence that the consolidated entity will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired. The amount of the impairment allowance is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial.

The amount of the impairment loss is recognised in the statement of comprehensive income within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

(e) Impairment of Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) Inventories

Television Program Rights

Television program inventory which is available for broadcast is recognised as an asset at the lower of cost and net realisable value. Cost is allocated to television as a program expense when inventory is utilised. Features are expensed over their contract period. Series and other programs are expensed in full upon initial airing.

Television program inventory at balance date for which the telecast licence period has commenced or will commence in the succeeding year has been classified as a current asset.

Change in Accounting Policy

The consolidated entity has changed its accounting policy for the recognition, measurement and disclosure of television program rights to account for these under AASB 102 *Inventories*. Previously, the consolidated entity applied the provisions of AASB 138 *Intangible Assets* and AASB 136 *Impairment of Assets* to recognise and measure the recoverable amount of television program rights as part of the Television business cash generating unit. The alignment of the accounting policy with industry practice and management's focus in terms of individual program profitability will provide more relevance and reliability to the consolidated entity's financial statements.

In accordance with the provisions of AASB 108 *Accounting Policies, Changes in Accounting Estimates and Errors*, the changed accounting policy has been retrospectively applied. The application of the changed accounting policy has no material impact on the financial results, the carrying value of program rights inventory, equity, cash flows or earnings per share presented in the prior periods.

Other Inventories

All other inventories are carried at the lower of cost and net realisable value, where net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

(g) Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the consolidated entity and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the statement of comprehensive income during the reporting period in which they are incurred.

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method over their estimated useful lives. Estimates of remaining useful lives are made on a regular basis for all assets. The expected useful lives are as follows:

	2011	2010
Buildings	40 years	40 years
Plant and Equipment	2 to 10 years	2 to 10 years

The cost of the freehold land and buildings is regularly assessed by Directors through impairment testing (Refer to Note 1(e)).

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Property, Plant and Equipment (continued)

The cost of leasehold improvements is amortised over the unexpired period of the lease or the estimated useful life of the improvement, whichever is the shorter. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of comprehensive income.

(h) Intangibles

Television Licences

Television licences are stated at cost less accumulated impairment losses. The television licences continue to be subject to Government legislation and regulation by the Australian Communications and Media Authority ("ACMA"). The Directors have no reason to believe that the licences will not be renewed in due course.

No amortisation is provided against these assets as the Directors believe that the television licences do not have a limited useful life. Instead, the Directors regularly assess the carrying value of licences through impairment testing (Note 1(e)) so as to ensure that they are not carried at a value greater than their recoverable amount.

Other Licences

Other licences represent capitalised outdoor site leases. These licences are being amortised on a straight line basis over the term of the site leases (approximately 20 to 40 years).

Goodwill

Goodwill is measured as described in note 1(j). Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill on acquisitions of associates is included in investments in associates. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose, identified according to operating segments (Note 35).

(i) Investments

Associates and Joint Ventures

Associates comprise those investments where the consolidated entity exercises significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for in the consolidated financial statements using the equity method of accounting, after initially being recognised at cost.

The consolidated entity's equity accounted share of the associates' and joint ventures' net profit or loss is recognised in the consolidated statement of comprehensive income and its share of post-acquisition movements in reserves is recognised in reserves from the date significant influence commences until the date significant influence ceases. When the consolidated entity's share of losses in an associate equals or exceeds its interest in the associate, the consolidated entity does not recognise further losses, unless it has incurred obligations or made payments on

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

behalf of the associate. Unrealised gains and losses on transactions between the consolidated entity and its associates are eliminated to the extent of its interest in the associates.

Other Investments

Other investments are carried in the consolidated financial statements at their fair value.

(j) Business Combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the consolidated entity. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the group's share of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the subsidiary acquired and the measurement of all amounts has been reviewed, the difference is recognised directly in profit or loss as a bargain purchase. Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

(k) Leases

Operating leases

Operating leases are those leases under which the lessor effectively retains substantially all the risks and benefits incidental to ownership of leased non-current assets.

Payments made under operating leases (net of any incentives received from the lessor) are charged to the statement of comprehensive income on a straight-line basis over the period of the lease for contracts which include fixed annual increases.

The present value of future payments for surplus leased space under non-cancellable operating leases is recognised as a liability, net of sub-leasing revenue, in the period in which it is determined that the leased space will be of no future benefit to the company. Each lease payment is allocated between the liability and finance charge. Lease income from operating leases is recognised in income on a straight-line basis over the lease term.

Finance leases

Finance leases are capitalised. A lease asset and a lease liability equal to the present value of the minimum lease payments are recorded at the inception of the lease.

Lease liabilities are reduced by repayments of principal. The interest components of the lease payments are expensed. Contingent rentals are expensed as incurred.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(l) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the consolidated entity prior to the end of the financial period and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(m) Employee Benefits

Wages and Salaries, Annual Leave and Long Service Leave

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefit obligations

The liability for long service leave which is not expected to be settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

(iii) Retirement Benefit Obligations

Contributions to defined contribution funds are recognised as an expense as they become payable.

Equity-Based Compensation Benefits

(iv) Long Term Incentive Plan

The fair value of performance rights granted under the Long Term Incentive Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the rights granted, which includes any market performance conditions and the impact of any non-vesting conditions but excludes the impact of any service and non-market performance vesting conditions.

Non-market vesting conditions are included in assumptions about the number of rights that are expected to vest. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of rights that are expected to vest based on the non-market vesting conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

(v) Ten Deferred Incentive Plan

The market value of shares purchased for employees for no cash consideration under the Ten Deferred Incentive Plan is recognised as part of employee benefit costs evenly across the total period over which they vest.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(m) Employee Benefits (continued)

Shares purchased, but which have not yet vested to the employee as at reporting date are classified as Treasury Shares and offset the contributed equity of the consolidated entity. Any differences in the timing of the vesting and expensing of shares are recognised within a share-based payment reserve in equity.

(n) Cash and Cash Equivalents

For purposes of the cash flow statement, cash and cash equivalents includes cash management deposits at call net of outstanding deposits. Any bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

(o) Interest Bearing Loans and Borrowings

Interest bearing loans and borrowings are recognised at fair value and subsequently measured at amortised cost.

(p) Borrowing Costs

Borrowing costs incurred for the setup of borrowings are capitalised and subsequently amortised over the life of the associated loan. All other costs are recognised as expenses in the period when incurred.

(q) Provisions

Provisions are recognised when the consolidated entity has a present legal or constructive obligation as a result of past events, the future sacrifice of economic benefits is probable, and the amount of the provision can be measured reliably.

Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the financial year but not distributed at balance date.

Deferred Settlement Costs

The consolidated entity has provided for payment of additional consideration in relation to the original acquisition of a lease. The timing and amount of payment are subject to the extension of the lease over the site.

Provision has also been made in relation to acquisitions during the period where further consideration is anticipated but dependent on future events.

Onerous contracts

An onerous contract provision is recognised when the unavoidable costs of meeting the obligations under a contract exceed the forecast economic benefits associated with the contract. The unavoidable costs reflect the lower of the cost of fulfilling the contract and any compensation or penalties arising from failure to fulfil it. The provision is discounted to present value and the unwinding of the effect of discounting on the provision is recognised as a finance cost.

Make good

A make good provision is recognised for the costs of restoration or removal in relation to property, plant and equipment and site leases where there is a legal or constructive obligation. The provision is initially recorded when a reliable estimate can be determined and discounted to present value. The unwinding of the effect of discounting on the provision is recognised as a finance cost.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(q) Provisions (continued)

Straight-lining

Lease payments are recognised as an expense on a straight-line basis over the lease term for contracts which include fixed annual increases. Cash costs relating to certain contracts will be lower than reported costs in earlier years and higher than reported costs in later years of each contract term. In the earlier years of the lease term, a provision is created which will in effect be unwound over the lease term.

(r) Foreign Currency Translation

Functional and Presentation Currency

Items included in the financial statements of the consolidated entity are measured using the currency of the primary economic environment in which the entity operates. The consolidated financial statements are presented in Australian dollars, which is the Company's functional and presentation currency.

Transactions and Balances

Foreign currency transactions are translated into the functional currency at the date of the transaction. At balance date amounts payable and receivable are translated at rates of exchange current at that date. All realised and unrealised currency translation gains and losses are brought to account in the statement of comprehensive income.

Consolidated Companies

The result and financial position of the consolidated entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- Assets and liabilities for each balance sheet presented are translated at the closing rate at the date of the balance sheet;
- Income and expenses for each statement of comprehensive income are translated at average exchange rates; and
- All resulting exchange differences are recognised as a separate component of equity.

On consolidation, exchange differences arising from the translation of any investment in foreign entities, and of borrowings and other currency instruments designated as hedges of such investments, are taken to shareholders' equity. When a foreign operation is sold or borrowing repaid, a proportionate share of such exchange differences are recognised in the statement of comprehensive income as part of the gain or the loss on sale.

(s) Earnings Per Share

Basic Earnings per Share

Basic earnings per share is calculated by dividing:

- the profit attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year, excluding treasury shares.

Diluted Earnings per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares; and
- The weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of dilutive potential ordinary shares.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(t) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the balance sheet.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

(u) Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The consolidated entity designates certain derivatives as either: (1) hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedge); or (2) hedges of highly probable forecast transactions (cash flow hedges).

The consolidated entity documents at the inception of the transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The consolidated entity also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in fair values or cash flows of hedged items.

Changes in the fair value of any derivative instrument that does not qualify for hedge accounting are recognised immediately in profit or loss and are included in other income or other expenses.

Fair Value Hedge

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in the statement of comprehensive income, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

Cash Flow Hedge

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in equity in the hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in the statement of comprehensive income.

Amounts accumulated in equity are recycled in the statement of comprehensive income in the periods when the hedged item will affect profit or loss.

When a hedging instrument expires or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss existing in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in the statement of comprehensive income. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in equity is immediately transferred to the statement of comprehensive income.

(v) Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with AASB 137 *Provisions, Contingent Liabilities and Contingent Assets* and the amount initially recognised less cumulative amortisation, where appropriate.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(v) Financial guarantee contracts (continued)

The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

Where guarantees in relation to loans or other payables of subsidiaries or associates are provided for no compensation, the fair values are accounted for as contributions and recognised as part of the cost of the investment.

(w) Segment Reporting

Management has determined the operating segments based on the reports reviewed by the Chief Executive Officer that are used to make strategic decisions. Two reportable segments have been identified. These are Television and Out-of-Home. The Chief Executive Officer assesses the performance of the operating segments based on EBITDA.

(x) Contributed Equity

Ordinary shares are classified as equity.

If the consolidated entity reacquires its own equity instruments, e.g. under the Ten Deferred Incentive Plan, those instruments are deducted from equity.

Incremental costs directly attributable to the issue of new shares are shown in equity (net of tax) as an offset to the proceeds.

(y) Rounding of Amounts

The company is of a kind referred to in Class order 98/100, issued by the Australian Securities and Investments Commission, relating to the "rounding off" of amounts in the financial report. Amounts in the financial report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, the nearest dollar.

(z) New Accounting Standards and UIG Interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for 31 August 2011 reporting periods. The consolidated entity's and the Company's assessment of the impact of these new standards and interpretations is set out below.

(i) *AASB 9 Financial Instruments* and *AASB 2009-11 Amendments to Australian Accounting Standards arising from AASB 9* (effective from 1 January 2013)

AASB 9 Financial Instruments addresses the classification and measurement of financial assets and is likely to affect the consolidated entity's accounting for its financial assets. The standard is not applicable until 1 January 2013 but is available for early adoption. The consolidated entity is yet to assess its full impact. The consolidated entity has not yet decided when to adopt *AASB 9*.

(ii) *Revised AASB 124 Related Party Disclosures* and *AASB 2009-12 Amendments to Australian Accounting Standards* (effective from 1 January 2011)

In December 2009 the AASB issued a revised *AASB 124 Related Party Disclosures*. It is effective for accounting periods beginning on or after 1 January 2011 and must be applied retrospectively. The amendment clarifies and simplifies the definition of a related party and removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities. The consolidated entity will apply the amended standard from 1 July 2011.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(z) New Accounting Standards and UIG Interpretations (continued)

When the amendments are applied, the consolidated entity will need to disclose any transactions between its subsidiaries and its associates. However, it is expected that there will be no impact on any of the amounts recognised in the financial statements.

(iii) AASB 2009-14 *Amendments to Australian Interpretation – Prepayments of a Minimum Funding Requirement* (effective from 1 January 2011)

In December 2009, the AASB made an amendment to Interpretation 14 *The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction*. The amendment removes an unintended consequence of the interpretation related to voluntary prepayments when there is a minimum funding requirement in regard to the entity's defined benefit scheme. It permits entities to recognise an asset for a prepayment of contributions made to cover minimum funding requirements.

The consolidated entity does not make any such prepayments. The amendment is therefore not expected to have any impact on the group's financial statements. The group intends to apply the amendment from 1 September 2011.

(iv) AASB 1053 *Application of Tiers of Australian Accounting Standards* and AASB 2010-2 *Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements* (effective from 1 July 2013)

On 30 June 2010 the AASB officially introduced a revised differential reporting framework in Australia. Under this framework, a two-tier differential reporting regime applies to all entities that prepare general purpose financial statements. The consolidated entity is listed on the ASX and is not eligible to adopt the new Australian Accounting Standards – Reduced Disclosure Requirements. The two standards will therefore have no impact on the financial statements of the entity.

(v) AASB 2010-6 *Amendments to Australian Accounting Standards – Disclosures on Transfers of Financial Assets* (effective for annual reporting periods beginning on or after 1 July 2011)

Amendments made to AASB 7 *Financial Instruments: Disclosures* in November 2010 introduce additional disclosures in respect of risk exposures arising from transferred financial assets. The amendments will affect particularly entities that sell, factor, securitise, lend or otherwise transfer financial assets to other parties. They are not expected to have any significant impact on the group's disclosures. The group intends to apply the amendment from 1 September 2011.

(vi) AASB 2010-8 *Amendments to Australian Accounting Standards – Deferred Tax: Recovery of Underlying Assets* (effective from 1 January 2012)

In December 2010, the AASB amended AASB 112 *Income Taxes* to provide a practical approach for measuring deferred tax liabilities and deferred tax assets when investment property is measured using the fair value model. AASB 112 requires the measurement of deferred tax assets or liabilities to reflect the tax consequences that would follow from the way management expects to recover or settle the carrying amount of the relevant assets or liabilities, that is through use or through sale. The amendment introduces a rebuttable presumption that investment property which is measured at fair value is recovered entirely by sale. The group will apply the amendment from 1 September 2012. It is currently evaluating the impact of the amendment.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(aa) Parent entity financial information

The financial information for the parent entity, Ten Network Holdings Limited, disclosed in Note 39 has been prepared on the same basis as the consolidated financial statements, except as set out below.

(i) Investments in subsidiaries, associates and joint venture entities

Investments in subsidiaries, associates and joint venture entities are accounted for at cost in the financial statements of Ten Network Holdings Limited.

(ii) Dividends

Dividends are recognised as revenue when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits. However, the investment may need to be tested for impairment as a consequence, refer Note 1(i).

(iii) Tax Consolidation Legislation

A controlled entity, The Ten Group Pty Limited, and its wholly-owned Australian controlled entities implemented the tax consolidation legislation as of 1 July 2003.

The Company implemented the tax consolidation legislation as of 1 July 2004.

During February 2008, AMP Life Limited and Copplemere Pty Limited exchanged their remaining interests in The Ten Group Pty Limited into the equivalent number of new shares in the Company.

Following the above exchange, the Company now holds 100% of the shares in The Ten Group Pty Limited. As a result, The Ten Group Pty Limited tax consolidated group joined the existing Ten Network Holdings Limited tax consolidated group. The Company continues to be the head of this tax consolidated group.

The Company as the head entity and the controlled entities in the tax consolidated group account for their own current and deferred tax amounts. These tax amounts are measured under the group allocation method.

In addition to its own current and deferred tax amounts, the Company also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from the controlled entities in the tax consolidated group.

Assets or liabilities arising under tax funding agreements with the tax consolidated entities are recognised as amounts receivable from or payable to other entities in the consolidated entity.

Any difference between the amounts assumed and amounts receivable or payable under the tax funding agreement are recognised as a contribution to (or distribution from) wholly-owned tax consolidated entities.

(iv) Investments

Investments in associates are accounted for in the parent entity financial statements using the cost method.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

2 FINANCIAL RISK MANAGEMENT

The consolidated entity's activities expose it to a variety of financial risks: market risk (including currency risk and fair value interest rate risk), credit risk, liquidity risk and cash flow interest rate risk.

The consolidated entity's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the consolidated entity. The consolidated entity uses derivative financial instruments such as interest rate swaps and cross currency interest rate swaps to hedge certain risk exposures. Derivatives are exclusively used for hedging purposes, the consolidated entity does not acquire or issue derivative financial instruments for trading or speculative purposes.

The consolidated entity uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and foreign exchange risks and aging analysis for credit risk.

The Risk Management Policy and Framework is carried out by management under policies which include Treasury approved by the Board of Directors. The Risk Management and Treasury Policies are written documents and covers specific areas, such as mitigating foreign exchange, interest rate, credit and liquidity risks and the use of derivative financial instruments.

(a) Market Risk

(i) Foreign Exchange Risk

Foreign exchange risk arises when future commercial transactions and recognised assets and liabilities are denominated in a currency that is not the entity's functional currency.

The consolidated entity operates internationally and has some exposure to foreign exchange risk arising from agreements being denominated in US dollars and UK pounds and from foreign operations, particularly in the US and UK Out-Of-Home businesses. In the Television segment, the vast majority of international program agreements are denominated in Australian dollars.

The consolidated entity's risk management policy (set out in the consolidated entity's Treasury Policy) is to hedge identified transactional risk on foreign exchange capital expenditure spend within a \$10m p.a. Earnings at Risk tolerance level.

The consolidated entity's exposure to foreign currency risk at the reporting date was as follows:

	2011	2010
	USD	USD
	\$'000	\$'000
Borrowings	125,000	125,000
Cross Currency Interest rate swaps	(125,000)	(125,000)

The carrying amounts of the consolidated entity's financial assets and liabilities are denominated in Australian dollars.

Consolidated entity sensitivity

Based on the financial instruments held at 31 August 2011 and 31 August 2010, there would have been no impact on the entity's post-tax profit for the year or equity balances had the Australian dollar weakened / strengthened against any foreign currencies.

The borrowings held in foreign currency were the USD Senior Unsecured Notes. This USD debt has been fully swapped into AUD with a cross currency interest rate swap.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

2 FINANCIAL RISK MANAGEMENT (continued)

(i) Foreign Exchange Risk (continued)

Foreign subsidiaries of the consolidated entity have all balances denominated in functional currency and are not subject to transaction risk. They therefore do not have an impact on the profit and loss of the consolidated entity.

(ii) Cash Flow and Fair Value Interest Rate Risk

The consolidated entity's main interest rate risk arises from long-term borrowings which are all issued at variable rates and therefore expose the consolidated entity to cash flow interest rate risk.

The fixed rate USD Private Placement entered into in March 2003 was fully swapped into variable rate borrowings at inception via a cross currency interest rate swap. The consolidated entity has no other fixed rate debt.

The consolidated entity manages its cash flow interest rate risk by interest rate swaps. These have the economic effect of converting borrowings from floating rates to fixed rates. Generally, the consolidated entity raises long-term borrowings at floating rates and swaps them into fixed rates that are lower than those available if the consolidated entity borrowed at fixed rates directly. Under the interest rate swaps, the consolidated entity agrees with other parties to exchange, at specified intervals (mainly quarterly), the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional principal amounts.

The Treasury Policy has a framework for managing the core debt portfolio and is based on the spread of the interest rate resets across the yield curve, as measured by the proportion of the total face value of the debt which falls into specified repricing buckets on a rolling basis. The policy allows for latitude in managing interest rate risk with minimum and maximum repricing limits for each time band based on management's assessment of future interest rate movements.

A Treasury Report is prepared on a monthly basis for senior management and presented to a Management Treasury Steering Group and the Board on a quarterly basis.

As at the reporting date, the consolidated entity had the following variable rate borrowings and interest rate swap contracts outstanding:

	31 August 2011		31 August 2010	
	Weighted average interest rate %	Balance \$'000	Weighted average interest rate %	Balance \$'000
Borrowings [^]	6.2%	435,084	5.4%	370,084
Interest rate swaps [*]	5.9%	(215,000)	6.4%	(325,000)
		<u>220,084</u>		<u>45,084</u>
[^] Made up of:				
Bank Loans		75,000		10,000
USD senior unsecured notes [#]		210,084		210,084
AUD senior unsecured notes		150,000		150,000
		<u>435,084</u>		<u>370,084</u>

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

2 FINANCIAL RISK MANAGEMENT (continued)

(ii) Cash Flow and Fair Value Interest Rate Risk (continued)

[#] Represents principal of notes \$86.93m (2010: \$59.45m) difference to carrying amount of USD senior unsecured notes is revaluation in accordance with AASB 139 and AASB 121.

* Notional principal amounts.

An analysis by maturities is provided in (c) below.

Consolidated entity sensitivity

At 31 August 2011, if interest rates had changed by +/- 100 basis points from the year end rates with all other variables held constant, post-tax profit for the year would have been \$1.34m higher / \$1.31m lower (2010: +/- 100 bps: \$1.19m lower / \$1.13m higher). The profit impact for 2011 is mainly the result of lower / higher interest rate expense from borrowings. The profit impact for 2010 is mainly the result of the change in mark-to-market value of financial liabilities which were being carried at fair value on the balance sheet. These financial liabilities are made up of interest rate swaps which had not been treated as hedges of borrowings as at reporting date.

Other components of equity would have been \$3.29m lower / \$3.06m higher (2010: \$2.76m lower / \$2.50m higher) mainly as a result of an increase / decrease in the fair value of the cash flow hedges of borrowings.

(a) Credit Risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or contract, leading to a financial loss. The consolidated entity is exposed to credit risk from its operating activities (primarily from customer receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Credit risk related to receivables

Customer credit risk is managed by each business segment subject to a policy and controls related to customer credit risk management.

Credit is extended to customers following either internal or external credit ratings. For internal credit ratings, a written policy exists outlining strict credit assessment criteria and the credit quality will determine the credit limit. Outstanding customer receivables are monitored regularly and any credit concerns are highlighted to senior management. Monthly credit reports are monitored by both senior management and the most current report is also tabled at the Audit/ Risk/ Treasury Committee meetings.

As at 31 August 2011 the consolidated entity had 13 customers totalling \$135.0m (2010: 9 customers - \$134.0m) that owed the consolidated entity more than \$5 million each which accounted for 70.6% (2010: 72.5%) of all receivables owing.

Credit risk related to financial instruments

Credit risk from balances with banks and financial institutions are managed by Group Treasury in accordance with the Board approved Treasury Policy.

Counterparty credit ratings and limits are set out in the Treasury Policy with the aim to minimise the concentration of risks and therefore mitigate financial loss through potential counterparty failure.

The consolidated entity only transacts with entities that are rated above investment grade.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

FINANCIAL RISK MANAGEMENT (continued)

(c) Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. The consolidated entity manages liquidity risk by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Due to the dynamic nature of the underlying businesses, the consolidated entity aims to maintain flexibility in funding by keeping committed credit lines available.

Financing arrangements

The consolidated entity had access to the following undrawn borrowing facilities at the reporting date:

	Consolidated	
	2011	2010
	\$'000	\$'000
Floating rate		
Expiring within one year	5,000	395,000
Expiring beyond one year	275,000	-
	280,000	395,000

The table above includes \$5m of bank overdraft facilities which may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time and have any average maturity of 2.5 years (2010 – 0.7 years).

Maturities of financial liabilities

The tables below analyse the consolidated entity's financial liabilities and derivative financial instruments into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cashflows. For interest rate swaps the cash flows have been estimated using forward interest rates applicable at the reporting date. USD cashflows relating to the USD senior unsecured notes and the CCIRS have been translated at the spot rate applicable at reporting date.

The amounts disclosed in the table are the maximum amounts allocated to the earliest period in which the guarantee could be called. The consolidated entity does not expect payment from these financial guarantees.

(d) Fair Value of Financial Instruments

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

As of 1 September 2009, the consolidated entity has adopted the amendment to AASB 7 *Financial Instruments: Disclosures* which requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

1. quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
2. inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices (level 2), and
3. inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The following tables present the consolidated entity's assets and liabilities measured and recognised at fair value at 31 August 2011.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

2 FINANCIAL RISK MANAGEMENT (continued)

Consolidated entity At 31 August 2011	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Liabilities				
Derivatives	-	96,031	-	96,031
Total liabilities	-	96,031	-	96,031
<hr/>				
Consolidated entity At 31 August 2010	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Liabilities				
Derivatives	-	67,380	-	67,380
Financial liabilities held at fair value	-	1,516	-	1,516
Total liabilities	-	68,896	-	68,896

Level 2 instruments: Include the fair value of financial instruments that are not traded in an active market (derivative financial instruments). The fair value is determined using valuation techniques. The consolidated entity uses a variety of methods and makes assumptions that are based on market conditions existing at each balance date. Techniques, such as estimated discounted cash flows, are used to determine fair value for financial instruments. The fair value of interest rate swaps and the cross currency swap is calculated as the present value of the estimated future cash flows.

The Consolidated entity did not hold any level 1 and level 3 instruments as at 31 August 2011.

The carrying value of the consolidated entity's financial instruments is their fair value.

The carrying amounts of trade receivables and payables are assumed to approximate their fair values due to their short-term nature.

3 CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

The consolidated entity makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Estimated Impairment of Intangible Assets With Indefinite Lives and Goodwill

The consolidated entity tests annually or when circumstances indicate impairment, whether indefinite lived intangibles and goodwill has suffered any impairment, in accordance with the accounting policy stated in Note 1(e). The recoverable amounts of cash-generating units have been determined based on value-in-use calculations. These calculations require the use of assumptions. Refer to Note 15 for details of these assumptions and the potential impact of changes to the assumptions.

Estimated Impact of Onerous Contract Provisions

An onerous contract provision is recognised when the forecast costs of a contract exceed the forecast revenues associated with the contract. The provision is initially recorded when a reliable estimate can be determined and is discounted to present value. The unwinding of the effect of discounting on the provision is recognised as a finance cost.

The Company had \$85.4m of restructuring charges incurred for the year ended 31 August 2011. These one-off charges are non-recurring and consist of staff redundancy costs for both the Television and Out-of-Home segments, restructuring charges incurred as part of the Operating and Strategic Review, and onerous contract provisions. It also includes costs which the Company has agreed to pay for the proceedings brought against, and by, its Chief Executive designate.

		<u>191,332</u>	<u>184,539</u>

All receivables are non-interest bearing.

(a) Impaired trade receivables

As at 31 August 2011 current trade receivables of the consolidated entity with a nominal value of \$832k (2010: \$451k) were impaired. The amount of the provision was \$730k (2010: \$776k). The individually impaired receivables are in the Television business segment and relate to a number of individual debtors for which these amounts are expected to be not recoverable.

The ageing of these receivables is as follows:

	Consolidated	
	2011 \$'000	2010 \$'000
1 to 30 days	-	-
31 to 60 days	-	-
61 to 90 days	-	-
Over 90 days	832	451
	<u>832</u>	<u>451</u>

Movements in the provision for impairment of receivables are as follows:

	Consolidated	
	2011 \$'000	2010 \$'000
Opening balance	776	850
Provision for impairment recognised during the year	128	149
Receivables written off during the year as uncollectible	(43)	(160)
Unused amount reversed	(131)	(63)
At 31 August	<u>730</u>	<u>776</u>

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

8 RECEIVABLES (CURRENT) (continued)

The creation and release of the provision for impaired receivables has been included in "television costs" and "out-of-home costs", as appropriate, in the statement of comprehensive income. Amounts charged to the allowance account are generally written off when there is no expectation of recovering additional cash.

(b) Past due but not impaired

As of 31 August 2011, trade receivables in the consolidated entity of \$9.7m (2010: \$11.0m) were past due but not impaired. These relate to a number of independent customers for whom there is no recent history of default.

The ageing of these trade receivables by business segment are as follows:

	Consolidated - 2011		
	TV \$'000	EYE \$'000	TOTAL \$'000
Up to 30 days overdue	1,521	3,980	5,501
31 to 60 days overdue	1,255	928	2,183
61 to 90 days overdue	486	401	887
Over 90 days overdue	986	169	1,155
	4,248	5,478	9,726

	Consolidated - 2010		
	TV \$'000	EYE \$'000	TOTAL \$'000
Up to 30 days overdue	3,794	3,219	7,013
31 to 60 days overdue	427	1,440	1,867
61 to 90 days overdue	524	603	1,127
Over 90 days overdue	772	247	1,019
	5,517	5,509	11,026

The other classes within receivables do not contain impaired assets and are not past due. Based on the credit history of these other classes, it is expected that these amounts will be received when due. The consolidated entity does not hold any collateral in relation to these receivables.

(c) Other loans and advances

Other loans and advances do not contain impaired assets and are not past due.

(d) Foreign exchange

Information about the consolidated entity and the company's exposure to foreign currency risk in relation to receivables is provided in Note 2.

(e) Fair Value and Credit risk

Due to the short-term nature of these receivables, their carrying amount is assumed to approximate their fair value.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivables mentioned above and is not considered to be material.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

15 INTANGIBLE ASSETS (continued)

(a) Impairment tests for Television licences

Television licences are not amortised as the Directors believe that the television licences do not have a limited useful life. Instead, television licences are tested for impairment annually, or more frequently if events or changes in circumstances indicate that they might be impaired.

Television licences are allocated to cash-generating units (CGUs) identified according to reporting segments.

Television licences allocation is as below:

Television Licences	Television CGU \$'000
2011	1,077,822
2010	1,077,822

The recoverable amount of a CGU is determined based on value-in-use calculations. The following describes each key assumption in performing these calculations:

Cash flow forecasts and growth rates

Cash flows for 2012 are based on financial budgets approved by management and the Board of Directors, adjusted for latest forecasts. Another four years are forecast based on a 4% (2010: 4%) growth rate having regard to past performance and management's expectations for future performance. The terminal value is based on the Gordon's Growth Model using a 3% (2010: 3%) growth rate, which approximates long term CPI growth.

Discount rates

Pre tax discount rates of 16.06% (2010: 15.92%) are the weighted average cost of capital for the consolidated entity and risk adjusted.

Impact of Possible Changes in Key Assumptions

There are no reasonable possible changes to key assumptions which would cause the recoverable amount of the television licences included in the television CGU to be lower than carrying value.

(b) Impairment tests for Goodwill

Goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that they might be impaired.

Goodwill is allocated to cash-generating units (CGUs) identified according to reporting segments.

Goodwill allocation is as below:

Goodwill	Out-of-home CGU \$'000
2011	72,770
2010	72,770

The recoverable amount of a CGU is determined based on value-in-use calculations. The following describes each key assumption in performing these calculations:

Cash flow forecasts and growth rates

Cash flows for 2012 are based on financial budgets approved by management and the Board of Directors, adjusted for latest forecasts. This is followed by 4 years of management forecast results plus a terminal value based on the Gordon's Growth Model using a 3% (2010: 3%) growth rate, which approximates long term CPI growth.

Discount rates

Pre tax discount rates of 16.06% (2010: 15.92%) are the weighted average cost of capital (after tax) for the consolidated entity and risk adjusted.

Impact of Possible Changes in Key Assumptions

There are no reasonably possible changes to key assumptions which would cause the recoverable amount of the goodwill included in the out-of-home CGU to be lower than carrying value.

USD senior unsecured notes	123,153	150,636
AUD senior unsecured notes	150,000	150,000
	348,153	300,636

(a) Bank Loan

The consolidated entity has refinanced the \$400m Syndicated Loan Facility with a new \$350m revolving cash facility. It was signed on 23 February 2011 and is a three year facility expiring February 2014. The undrawn facility as at 31 August 2011 is disclosed in Note 2(c).

(b) USD Senior Unsecured Notes

In 2003, The Ten Group Pty Limited raised funds through USD \$125m Senior Unsecured Notes (due March 2013) in the US Private Placement market. The notes have been fully swapped by the use of foreign currency and interest rate swaps into an AUD floating exposure of \$210.084m. This amount will be required to be repaid to noteholders upon maturity in March 2013. This has been offset by a \$92.9m retranslation as required under *AASB 121 The Effects of Changes in Foreign Exchange Rates*, and (\$6.0)m fair value hedge adjustment under *AASB 139 Financial Instruments: Recognition and Measurement*. The net carrying amount at 31 August 2011 is \$123.153m.

(c) AUD Senior Unsecured Notes

In December 2005, The Ten Group Pty Limited raised funds through AUD \$150m Senior Unsecured Notes.

This amount will be required to be repaid to noteholders upon maturity in December 2015.

(d) Risk Exposures

Details of the consolidated entity's exposure to risks arising from current and non-current borrowings are set out in Note 2.

The carrying amounts and fair values of borrowings at the end of the reporting period are the same.

Non-Current Liabilities		
Cross-currency interest rate and Interest rate swaps	(95,570)	(66,273)
	(96,031)	(67,380)
Non-Current Liabilities		
Financial liabilities held at Fair Value	-	(1,516)

(a) Instruments used by the consolidated entity

The consolidated entity is party to derivative financial instruments in the normal course of the business in order to hedge exposure to fluctuations in interest and foreign exchange rates (refer to Note 2 Financial Risk Management policies).

(i) Cross currency interest rate swap (CCIRS)

In 2003, The Ten Group Pty Limited, a controlled entity, raised funds through USD \$125m Senior Unsecured Notes (due March 2013) in the US Private Placement market. This has been fully swapped by the use of foreign currency and interest rate swaps into an AUD floating exposure of \$210.084m. This amount will be required to be repaid to note holders upon maturity in March 2013.

This debt is hedged by a combination of fair value and cash flow hedges. Interest rate swaps have been designated to this debt as cash flow hedges (see (ii) below). For the periods of time where interest rate swaps have not been designated, the debt is in a fair value hedge relationship where changes in the fair value of the debt are effectively offset by changes in the mark-to-market of the CCIRS.

As at balance date, the hedges in relation to the USD Senior Unsecured Notes have a net fair value of \$88.5m liability (all non-current). The majority of this liability is offset by a \$86.9m revaluation of debt to fair value, the remainder being in an equity reserve representing the movement in the fair value of effective hedges. A loss of \$60k was recognised in relation to the ineffective portion.

(ii) Interest rate swap contracts

The bank loan and unsecured notes of the consolidated entity bear an average variable interest rate of approximately 6.2%. It is policy to protect part of these loans from exposure to increasing interest rates. Accordingly, the consolidated entity has entered into interest rate swap contracts under which it is obliged to receive interest at variable rates and to pay interest at fixed rates.

Swaps currently in place cover approximately 49.4% (2010: 87.8%) of loan principals outstanding. The fixed interest rates range between 5.13% and 7.64% (2010: 5.13% and 7.64%) and the variable rates are at 90-day BBSW, which at balance date was 4.87% (2010: 4.75%).

In the prior year, The Ten Group had further entered into interest rate swap contracts which were economic hedges but did not satisfy the requirements for hedge accounting. These contracts were subject to the same risk management policies as all other derivative contracts, see note 2 for details. However, they were accounted for as financial liabilities measured at fair value through the statement of comprehensive income. These interest rate contracts were designated to underlying debt in the current year.

For personal use only

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

21 DERIVATIVE FINANCIAL INSTRUMENTS AND FINANCIAL LIABILITIES HELD AT FAIR VALUE (CONTINUED)

(ii) Interest rate swap contracts (continued)

At 31 August 2011, the notional principal amounts and period of expiry of the interest rate swap contracts are as follows:

	2011	2010
	\$'000	\$'000
Less than 1 year	30,000	130,000
1 – 2 years	115,000	30,000
2 – 3 years	-	115,000
3 – 4 years	30,000	-
4 – 5 years	20,000	30,000
More than 5 years	20,000	20,000
	<u>215,000</u>	<u>325,000</u>

The contracts require settlement of net interest receivable or payable each 90 days.

The gain or loss from remeasuring the hedging instruments at fair value is deferred in equity in the hedging reserve, to the extent that the hedge is effective, and re-classified into profit and loss when the hedged interest expense is recognised. The ineffective portion, if any, is recognised in the statement of comprehensive income immediately. In the year ended 31 August 2011 a loss of \$55k was transferred to the statement of comprehensive income. A loss of \$60k was from cash flow hedges of the USD Private Placement in (i) above. A gain of \$7k was recognised from cash flow hedges of floating rate debt. The amount released from the cashflow hedge reserve during the period was \$4.0m (2010: \$7.1m).

The hedges relating to the USD Senior Unsecured Notes are discussed in (i) above. Remaining cash flow hedges relate to floating rate debt and have a fair value of (\$7.6m), recognised as hedge liabilities.

(b) Risk exposures and fair value measurements

Information about the consolidated entity's and the Company's exposure to credit risk, foreign exchange and interest rate risk and about the methods and assumptions used in determining fair values is provided in Note 2. The maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of derivative financial assets mentioned above.

FOR THE YEAR ENDED 31 AUGUST 2011

23 CONTRIBUTED EQUITY (continued)

- (e) In the event of winding up of the Company, ordinary shareholders rank after all creditors and are fully entitled to any proceeds of liquidation.
- (f) Capital risk management

The consolidated entity's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the consolidated entity may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The consolidated entity does not have a target debt/equity ratio, but has a policy of maintaining a flexible financing structure so as to be able to take advantage of any new investment opportunities or initiatives that may arise.

There were no breaches of covenants in relation to debt facilities during the reporting period and to the date of this report.

The debt maturity profile of all debt is contained in Note 2(c).

FOR THE YEAR ENDED 31 AUGUST 2011

24 RESERVES (continued)

Nature and purpose of reserves

Foreign currency translation

Exchange differences arising on translation of foreign controlled entities are taken to the foreign currency translation reserve, as described in accounting policy Note 1(r). The reserve is recognised in profit and loss when the net investment is disposed of.

Hedging reserve

The hedging reserve is used to record gains or losses on hedging instruments in a cash flow hedge that are recognised directly in equity, as described in accounting policy Note 1(u). Amounts are recognised in profit and loss when the associated hedge transaction affects profit and loss.

Share-based payment reserve

The share-based payment reserve recognises the fair value of shares vesting to employees and the expense pattern of shares which have yet to vest, as described in accounting policy Note 1(m).

Equity reserve

This represents the fair value consideration received from CBS for their 33.3% ownership in the ElevenCo Pty Limited joint venture.

Conversion reserve

At August 2007, the Canwest group of companies exchanged convertible debentures and shares previously issued by The Ten Group Pty Limited into new shares in the Company.

The value of the shares exchanged and the resulting increase in Ten Network Holdings Limited's investment in The Ten Group Pty Limited were both recorded at the prevailing market value (\$2.62 per share). On elimination of the investment in The Ten Group Pty Limited, the \$1.3b premium of market value (\$2.62) over cost value (\$0.10) of the shares in The Ten Group Pty Limited has been reflected as a debit in a conversion reserve. To offset this debit, there is a further \$0.1b credit to remove the Canwest minority interest in the balance sheet at the time of conversion.

31 COMMITMENTS

(a) Capital expenditure commitments

Amounts contracted but not provided for:

Within one year	7,799	9,291
Later than one year and not later than five years	-	-
	7,799	9,291

(b) Program expenditure commitments

Amounts contracted but not provided for:

Within one year	136,401	175,459
Later than one year and not later than five years	571,984	531,565
Later than five years	494,095	603,513
	1,202,480	1,310,537

(c) Non-cancellable operating lease commitments

The consolidated entity leases various offices and plant and equipment under non-cancellable operating leases expiring within one to fifteen years. The leases have varying terms, escalation clauses and renewal rights. On renewal, the terms of the leases are renegotiated.

Minimum lease payments contracted but not provided for:

No later than one year	93,201	89,582
Later than one year and not later than five years	286,644	317,137
Later than five years	100,860	78,658
	480,705	485,377

Not included in the above commitments are contingent rental payments which may arise in the event that revenue from certain leased assets exceed a pre-determined threshold. The contingent rent payable varies from asset to asset.

(d) Superannuation

The consolidated entity contributes superannuation benefits to numerous, but solely accumulation-type superannuation funds including personal, award based and the Network Ten Australia Superannuation Plan (administered by Mercer Master Trust) at various percentages of salary pursuant to employee contracts and statutory obligations.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

32 SHARE-BASED PAYMENTS

The Ten Employee Award Plan

This plan was established as a reward and incentive plan for employees of The Ten Group Pty Limited and its controlled entities. A controlled entity contributed \$1,000 per eligible employee in each of calendar years 1998, 2003, 2004 and 2005 for the on-market purchase of shares in the Company. Although the shares are registered in the name of each employee, these shares are restricted from being traded for a period of three years from the date of grant, except for the termination of the employee or in hardship circumstances. The plan is also designed to accommodate further contributions by The Ten Group Pty Limited and its controlled entities, however there is no commitment by the Company to make future contributions.

The Ten Employee Savings Plan

The Ten Employee Savings Plan was established as a mechanism for employees of the Company and its controlled entities for the purchase of shares in the Company. Employees may set aside amounts from their remuneration and reward arrangements for the on-market purchase of such shares.

The Long Term Incentive Plan (Performance Rights)

The LTIP is provided to a limited number of executives and provides for awards of performance rights. These rights are subject to the following performance hurdles:

1. A relative Total Shareholder Returns (TSR) hurdle applies to 50% of the performance rights awarded. TSR measures change in the price of shares, plus dividends notionally re-invested. TEN's TSR is measured against a comparator group of companies which make up the ASX 200 Consumer Discretionary Index as at the start of the performance period, on the basis that these companies are affected by similar business and economic factors as TEN. In order for any part of the TSR grant to vest, TEN's TSR must be at or above the 51st percentile of the TSR of the companies in the comparator group. A sliding scale applies to the vesting of rights subject to this performance hurdle, with 50% of the rights vesting at the 51st percentile and 100% of the rights vesting at the 75th percentile, and straight-line vesting in between these points.
2. An Earnings per Share (EPS) hurdle applies to the remaining 50% of the rights awarded. The EPS performance condition is determined by reference to the cumulative basic earnings per share for TEN aggregated over the performance period and measured against a specified EPS aggregate target. The EPS target is determined by applying a compound growth percentage to TEN's EPS performance in the base year. Of the performance rights subject to the EPS performance condition, 50% vests in the event that the aggregate EPS performance for TEN over the performance period is equivalent to 4% compound growth and a sliding scale will apply to aggregate performance up to a cumulative growth in TEN's EPS of 8% over the performance period, at which point 100% of the performance rights subject to this hurdle will vest. For the purposes of the grants made for the purposes of the 2011 financial year, earnings per share of 9.29 cents was used as the base. For the purposes of grants to be made for the 2012 financial year, earnings per share of 7.11 cents will be used as the base.

The performance hurdles are tested after three years from the date of grant. The LTIP allows for the hurdles to be re-tested once over an extended four year period (based on the performance from the date of grant) if the entire award has not vested at the end of the three year performance period. The Board considers that the opportunity for one re-test of the hurdles is required due to the fluctuations that may impact TEN's performance associated with regular large events such as the broadcasts of the Olympic and Commonwealth games.

Rights which remain unvested after 4 years from the date of grant lapse immediately.

In the event the performance conditions are met, the LTIP performance rights will be automatically exercised and TEN shares allocated to participants. TEN will determine whether it will issue new TEN shares or acquire TEN shares on-market to satisfy the Rights.

The Ten Deferred Incentive Plan

A limited number of senior Executives are invited to participate in a deferred incentive share plan.

For participants a maximum "incentive amount" is determined at the Remuneration Committee's discretion. The incentive amount is payable with reference to certain profit and personal targets.

TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2011

32 SHARE-BASED PAYMENTS (continued)

Shares equal to the incentive amount are bought on-market upfront and vest in four equal tranches over 3 years. The first tranche vests on or about the date of purchase in each year with the next 3 tranches of shares vesting on or about each successive anniversary of the first acquisition date.

Whilst employed by the Company the tranches of shares are subject to a trading lock until released on the applicable anniversary of the first acquisition date.

Further details of the deferred incentive share plan are set out in the Remuneration Report.

Set out below is a summary of shares and performance rights granted under Ten's employee share arrangements:

Grant Date	Share Price	Balance at start of the year Number	Granted during the year Number	Forfeited during the year Number	Balance at end of the year Number	Vested at end of the year Number

Total		-	1,330,566	-	1,330,566	-

² Granted during the year number includes shares purchased in relation to the year ended 31 August 2011.

Total expenses arising from share-based payment transactions recognised during the year were as follows:

	Consolidated	
	2011	2010
	\$'000	\$'000
Deferred Incentive Plan - Employee share rights expense	1,628	3,467
Long Term Incentive Plan - Performance rights expense	741	-
	2,369	3,467

Fair Value of Shares

The fair value of shares is the price at which the shares were purchased.

Fair Value of Performance Rights

Each performance right was valued by Ernst & Young. The TSR (market conditions based) portion was valued using the Monte-Carlo simulation method. The EPS (non-market based) portion was valued using an analytic approach involving the Black Scholes formula.

33 RELATED PARTY INFORMATION

Parent Entity

The parent entity within the consolidated group is the Company.

Controlled Entities

Interests in controlled entities are set out in Note 26.

Key Management Personnel

Key Management Personnel disclosures relating to key management personnel are set out in Note 29.

34 CONTINGENT LIABILITIES

General

As part of its normal operations as a television broadcaster, the consolidated entity has received writs for defamation and various claims for damages. At balance date, the aggregate of all such claims will not give rise to any material liability.

Details and estimates of other maximum amounts of contingent liabilities are as follows:

	Consolidated	
	2011	2010
	\$'000	\$'000
Unsecured guarantees by the Company, and other entities in the consolidated group in respect of leases of controlled entities in the group	224,114	218,187
	<u>224,114</u>	<u>218,187</u>

No material losses are anticipated in respect of any of the above contingent liabilities.

Claims

Claims for damages are made against the consolidated entity from time to time in the ordinary course of business. The directors are not aware of any claim that is expected to result in material costs or damages.

FOR THE YEAR ENDED 31 AUGUST 2011

35 SEGMENT INFORMATION

Management has determined the operating segments based on the reports reviewed by the Chief Executive Officer that are used to make strategic decisions. Two reportable segments have been identified. These are Television and Out-of-Home. The Chief Executive Officer assesses the performance of the operating segments based on EBITDA.

Inter-segment transactions

Segment revenues, expenses and results include transactions between segments. Such transactions are priced on an "arms length" basis and are eliminated on consolidation.

Geographical segments

The consolidated entity operates principally within Australia.

Segment information provided to the CEO's

37 DEED OF CROSS GUARANTEE

a) TEN NETWORK HOLDINGS LIMITED DEED OF CROSS GUARANTEE

Ten Network Holdings Limited and a number of controlled entities identified in Note 26 are party to a Deed of Cross Guarantee under which each company guarantees the debts of the others. By entering into the deed, these wholly-owned entities have been relieved from the requirement to prepare a financial report and directors' report under Class Order 98/1418 (as amended) issued by the ASIC.

The companies noted represent a 'Closed Group' for the purposes of the Class Order.

b) EYE CORP PTY LIMITED DEED OF CROSS GUARANTEE

Eye Corp Pty Limited and a number of controlled entities identified in Note 26 are party to a Deed of Cross Guarantee under which each company guarantees the debts of the others. By entering into the deed, the wholly-owned entities have been relieved from the requirement to prepare a financial report and directors' report under Class Order 98/1418 (as amended) issued by the ASIC.

The companies noted represent a 'Closed Group' for the purposes of the Class Order, and as there are no other parties to the Deed of Cross Guarantee that are controlled by Eye Corp Pty Limited, they also represent the 'Extended Closed Group'.

**TEN NETWORK HOLDINGS LIMITED AND CONTROLLED ENTITIES
DIRECTORS' DECLARATION
31 AUGUST 2011**

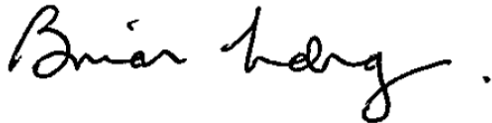

In the directors' opinion:

- a) the financial statements and notes set out on pages 44 to 104 are in accordance with the Corporations Act 2001, including:
 - i. complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - ii. giving a true and fair view of the consolidated entity's financial position as at 31 August 2011 and of its performance for the financial year ended on that date; and
- b) there are reasonable grounds to believe that the consolidated entity will be able to pay its debts as and when they become due and payable; and
- c) at the date of this declaration, there are reasonable grounds to believe that the members of the Extended Closed Group identified in Note 37 will be able to meet any obligations or liabilities to which they are, or may become, subject by virtue of the deed of cross guarantee described in Note 37.

Note 1(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the IASB.

The Directors have been given the declarations by the Chief Executive Officer and Chief Financial Officer required by section 295A of the Corporations Act 2001.

SIGNED at Sydney on 26 October 2011 in accordance with a resolution of the Directors.

BJ Long
Chairman

Sydney

Independent auditor's report to the members of Ten Network Holdings Limited

Report on the financial report

We have audited the accompanying financial report of Ten Network Holdings Limited (the Company), which comprises the balance sheet as at 31 August 2011, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration for the Ten Network Holdings Limited (the consolidated entity). The consolidated entity comprises the company and the entities it controlled during the financial year.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements and notes comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

Our procedures include reading the other information in the Annual Report to determine whether it contains any material inconsistencies with the financial report.

Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

Auditor's opinion

In our opinion:

- (a) the financial report of Ten Network Holdings Limited is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the consolidated entity's financial position as at 31 August 2011 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Regulations 2001*; and
- (b) the company's financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Report on the Remuneration Report

We have audited the remuneration report included in pages 10 to 26 of the directors' report for the year ended 31 August 2011. The directors of the company are responsible for the preparation and presentation of the remuneration report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's opinion

In our opinion, the remuneration report of Ten Network Holdings Limited for the year ended 31 August 2011, complies with section 300A of the *Corporations Act 2001*.
