## Notes to the consolidated financial statements

### 1. Significant accounting policies

#### Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 Interim Financial Reporting. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The half-year report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report and any public announcements made by China Magnesium Corporation Limited (the company) during the half-year in accordance with any continuous disclosure obligations arising under the Corporations Act 2001.

#### Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2012 annual financial report. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

The group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current reporting period. The adoption of these new and revised Standards and Interpretations did not have any material financial impact on the amounts recognised in the financial statements of the Group for the current or prior periods.

The financial statements have been prepared on a going concern basis. The Directors are confident that the Group will be able to secure sufficient funds for working capital.

The Group has received confirmation from its bankers in China that a line of credit of RMB30,000,000 (AUD 4,580,000) will be made available in March 2013.

The Company has also signed a Memorandum of Understanding which includes a proposed issue of shares in the Company at \$0.35 per share raising RMB 30,000,000 (AUD 4,580,000) before costs. The Company does not expect to complete the issue the shares before April 2013.

### 2. Segment reporting

The group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources. Operating segments are determined on the basis of financial information reported to the board which is at the group level.

Accordingly, management currently identifies the Group as having only one reportable segment, being the processing and sale of magnesium. There have been no changes in the operating segments during the half-year. All significant operating decisions are based upon analysis of the Group as one segment. The financial results from this segment are equivalent to the financial statements of the consolidated entity as a whole.

## Notes to the consolidated financial statements (Continued)

### 3. Contributed equity

During the half-year, on 3 July 2012, the company issued 1,319,735 (2011: 3,857,142) ordinary shares at 30 cents per share (2011: 35 cents) raising \$395,920 before costs of \$14,961 (2011: Capital raised \$1,350,000, costs \$113,314).

### 4. Contingencies and Commitments

The Group had a capital commitment at 31 December 2012 in respect of the purchase price of 100% of the issued shares in Chinese ferrosilicon producer Ningxia Tianjing Tianda Metals Smelting Co Ltd ("NTTMS"). However, the Group is not obliged to complete the transaction.

The acquisition of NTTMS is pending an updated due diligence review by the Company to account for the time elapsed since the original agreement was struck in November 2011.

Both the vendor and the Company still intend to proceed with the acquisition (subject to satisfactory completion of the due diligence review). Although the Company is currently making preparations to complete the acquisition before the end of April, it will advise the market as to the expected timing of completion when it has sufficient clarity in this regard. The purchase price is to be finalised by reference to the net tangible assets of NTTMS on the date of settlement and is expected to be approximately \$6,000,000.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of China Magnesium Corporation Limited

We have reviewed the accompanying half-year financial report of China Magnesium Corporation Limited, which comprises the consolidated statement of financial position as at 31 December 2012, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the disclosing entity and the entities it controlled at the half-year's end or from time to time during the half-year.

### Directors' Responsibility for the Half-Year Financial Report

The directors of the disclosing entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the disclosing entity's financial position as at 31 December 2012 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of China Magnesium Corporation Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of China Magnesium Corporation Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of China Magnesium Corporation Limited is not in accordance with the *Corporations Act 2001* including:

- A. giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and of its performance for the half-year ended on that date; and
- B. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
