UPDATED INFORMATION ABOUT REELTIME MEDIA LIMITED

Digital Services and IT Company

Reeltime Media Limited (ASX: RMA) is one of Australia's largest and fastest growing Digital Services and IT companies. RMA's 100% wholly owned subsidiaries specialise in the delivery of online applications, marketing solutions, IT solutions, training & consulting to SME's and corporate clients. Including acquisitions under contract, the Group collectively employs approximately 300 personnel, services in excess of 5,000 clients and has Australian offices in Sydney, Melbourne, Brisbane, Perth and Canberra, as well as New Zealand offices in Auckland and Wellington, and other offshore locations.

RMA is experiencing substantial growth with the ongoing acquisition of website development companies, digital services agencies, IT services businesses, and the development of new profitable businesses to fill demand for training and social media services. This growth is compounded by the shift in client spend from offline to online advertising and an increased need for IT-based solutions within their businesses.

Businesses acquired into the Group typically achieve an immediate increase in profitability through the centralisation of administrative functions and more efficient deployment of existing personnel and assets. Substantial revenue growth is achieved through the cross-selling of a wide range of services that are already being provided under different brands in the Group. This results in higher customer satisfaction, reduced client churn, higher average client spend, and in turn greater shareholder returns.

RMA continues to seek potential acquisitions to increase its market share of the digital services industry and provide a complete

service offering for SME's and corporate clients.
