Tassal Group Limited (TGR) –Russian Import Bans

Tassal Group Limited (ASX: TGR) wishes to advise that the Russian Government's announcement late last week of import bans on food products including fish are not expected to have any impact on Tassal's future operational performance. Tassal's strategy has been focused on growing domestic market per capita consumption and sales. This strategy has been successful in driving sustainable growth and eliminating the company's historic reliance on export sales.

Tassal's results for the 12 months ended 30 June 2014 will be released on Tuesday, 19 August 2014

Yours faithfully,

A handwritten signature in blue ink, appearing to read "Monika Maedler".
