First Growth Funds Limited

ABN 006 648 835

Interim Report 31 December 2012

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of First Growth Funds Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled for the half-year ended 31 December 2012.

These Financial Statements cover the period from 1 July 2012 to 31 December 2012. On 17 July 2011, the Secured Creditor of the Company appointed Michael Basedow of Pitcher Partners, 160 Greenhill Road, Parkside, South Australia as Administrator of the Company. The Company has been subject to a Deed of Company Arrangement (DOCA), which has the effect of extinguishing the current debts and facilitates the Company being recapitalized and reinstated to quotation on the Australian Securities Exchange (ASX). That DOCA has been effectuated on 14 October 2013 and the Company returned to the control of its shareholders, as represented by their Board. These Financial Statements report results and the financial position that are not representative of the position of the Company following completion of the recapitalisation and should not be used as the basis for any investment decision about the Company or its prospects.

Principal activities

The Company plans to continue as a Listed Investment Company with the ongoing investment objectives of the Company being to acquire 100% of, or to invest in, listed or unlisted companies or operating businesses where the Company believes there are suitable growth opportunities

Directors

The following persons were directors of First Growth Funds Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

David Stephen Glavonjic (resigned 17 July 2012)
Peter Mullins (resigned 17 July 2012)

Athan Lekkas (appointed 16 July 2012)
Joe Calabria (appointed 16 July 2012)
Geoff Barnes (appointed 16 May 2014)
Michael Clarke (appointed 19 May 2014)

Simon Lill (appointed 16 July 2012, resigned 16 May 2014)
Warren Staude (appointed 16 September 2013, resigned 20 May 2014)

Operating Results

The net loss of the company after income tax for the period was \$97,030 (2011: \$333,563).

Administrator Appointed

On 17 July 2011, the Noble Investments Superannuation Fund, a secured creditor, appointed Michael Basedow of Pitcher Partners in South Australia as administrator of First Growth Funds Limited as a result of failure by the company to meet the terms of the convertible note facility with the secured creditor.

Deed of Company Arrangement

A Deed of Company Arrangement ("DOCA") as proposed by Trident Capital Pty Ltd was approved by creditors on 30 January 2012 and executed on 20 February 2012. The Company has remained under the DOCA until the 14 October 2013 at which stage the ASX was notified that the DOCA has been effectuated and the Company returned to the control of its shareholders and Board.

Review of Operations and Subsequent Events

First Growth Funds Limited was admitted to the official list of the ASX initially as a second board company in 1986, and subsequently as a main board company in 1991.

It has, for the main part of its listed status, invested in other companies and businesses in a wide variety of sectors. In more recent years these investments have concentrated on telecommunications investments and then on "climate change services". It has operated as a Listed Investment Company ("LIC") through this period and currently has approval to reinstate to trading on the ASX as a LIC.

Pursuant to section 436C of the Corporations Act 2001, its secured lender, Noble Investments Superannuation Fund Pty Ltd, appointed Michael Oscar Basedow of Pitcher Partners of 160 Greenhill Road, Parkside SA as Administrator of FGF at 5:30pm on Sunday 17 July 2011.

At a Creditor's Meeting held on January 30 2012 the Creditors resolved to enter into a Deed of Company Arrangement ("DOCA") with Trident Capital Pty Ltd ("Trident"). It executed the DOCA with Trident on 20 February 2012.

A further meeting of Creditors was held on October 9 2013. The Creditors approved a varied DOCA between the Company and Trident Capital Pty Ltd, which was executed on October 9th 2013.

The varied DOCA was effectuated on Monday October 14th 2013 and the Company returned to the control of its Board of Directors as at that date.

Shareholders approved a revised recapitalisation proposal on 27 October 2013. This proposal terminated as advised to the ASX on 1 May 2014, with the Company advising the ASX of agreement reached on a new proposal with Peloton Capital Pty Ltd.

That proposal was approved by shareholders on 30 July 2014.

The resultant outcomes to the Company of the DOCA, the varied DOCA, and the Peloton proposal are noted below.

At the time of entering into the DOCA in February 2012, the Company had 4,029,774,575 shares on issue.

The Company also retained its interest in Bluefish Technologies Pty Limited, which it had originally acquired in 2004.

The effect of this DOCA, as approved by shareholders, ultimately resulted in:

- i. The issue of 604,466,186 pre-reconstruction shares;
- ii. The reconstruction of the share capital on a 1 for 200 basis from the increased capital of 4,634,260,761 shares to 23,171,316 shares;
- iii. The issue of 60,000,000 shares at \$0.005 cents per share to raise \$300,000;
- iv. A full payment to the Creditor's Trust of \$500,000 by the Company in full and final satisfaction of all outstanding debts to the Company. \$200,000 was paid from the initial raising of \$300,000 in iii. above. The balance was paid as a result of the varied DOCA noted below, specifically the capital raised as referred in vi. below.
- v. The issue of 50,000,000 shares to the Secured Creditor and or their nominee in exchange for them altering their security from a fixed and floating charge over all assets of the Company to a fixed charge over the Company's interest in Bluefish Technologies Pty Limited.

The varied DOCA then further approved:

- vi. The issue of a further 83,000,000 shares at a price of \$0.005 per share to raise \$415,000;
- vii. The issue of 100,000,000 to 150,000,000 shares at a price of \$0.02 per share to raise \$2,000,000 to \$3,000,000 through a Public Raising. This raising was not completed.
- viii. The issue of up to 30,000,000 shares as incentive shares at a price of \$0.001 per share. These incentive shares were not issued.

- ix. The proposed issue of a total of 141,170,316 options to various shareholder groups. The Options are exercisable at \$0.008 per option within 7 days of the Option Expiry, which is the date that will be 12 months from the Reinstatement Date. These options have not yet been issued but are to be issued through the Public Offer the subject of a prospectus that was lodged with ASIC on 15 September 2014.

The further proposal from Peloton which was approved by shareholders on 30 July 2014 results in:

- x. The issue of 32,400,000 shares at a price of \$0.005 per share to raise \$162,400.
- xi. The issue of 32,400,000 Series A Options to Peloton;
- xii. The issue of 45,000,000 Incentive Shares, each with a free attaching Series B New Option. 28,000,000 of these shares, with attaching options, have been issued;
- xiii. The issue of up to 300,000,000 New Shares at a price of \$0.01 per share through a Public Offer;
- xiv. The issue of 136,170,316 Series A New Options to existing shareholders;
- xv. The issue of 5,000,000 Series A New Options to Transocean Securities Pty Ltd; and
- xvi. The issue of 75,000,000 Series B New Options to Peloton Capital and/or its nominees.

All of the above, unless otherwise noted above, will be issued subject to the successful attainment of the minimum prospectus raising of \$1,500,000.

At the date of being placed in Administration, the Company was indebted to the Secured Creditor, as accepted by the Administrator, in the amount of \$1,371,885. Pursuant to the terms of the DOCA and the Reconstruction Deed, and following shareholder approval, the Secured Creditor agreed to the following arrangement in respect of this debt:

- The Secured Creditor will discharge and release its registered fixed and floating charge (ASIC registration number 1586961) over the Company's assets.
- In substitution for the above fixed and floating charge, the Company will:
 - i. Issue the Secured Creditor or nominees 50 million shares in FGF; and
 - ii. Grant the Secured Creditor a security interest over the Bluefish shares held by the Company as collateral for repayment of the moneys owed to the Secured Creditor, limited to \$800,000 ("Security Interest") as well as 50% if any proceeds from the Bluefish shares over and above the \$800,000 (see below). Importantly, the Security Interest does not encumber the other assets of the Company other than the Bluefish shareholding and the Secured Creditor has no rights to any other asset of the Company.

The payment to the Creditor's Trust has been finalized with the DOCA accordingly being effectuated on October 14th 2013 and the Company being returned to the control of its Board and Shareholders.

The outcome of the various capital movements listed above are summarized below.

Date	Definition	Shares	Issue Price (\$)	Series A New Options	Series B New Options	Capital Raised (\$)
July 11	Shares on Issue at Date of Administration	4,029,774,575

Note 1. Significant accounting policies

1. Basis of Preparation

These general purpose financial statements for the interim half-year reporting period ended 31 December 2012 have been prepared in accordance with requirements of the Corporations Act 2001 and Australian Accounting Standards including AASB 134: Interim Financial Reporting as appropriate for for-profit entities. Compliance with AASB 134 ensures that the financial statements and notes also comply with International Financial Reporting Standard IAS 34: Interim Financial Reporting.

This interim financial report is intended to provide users with an update on the latest annual financial statements of First Growth Funds Limited. As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Company. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Company for the year ended 30 June 2012, together with any public announcements made during the half-year.

The same accounting policies have been followed in this interim financial report as were applied in the most recent annual financial statements and corresponding interim reporting period.

New Revised or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the and Australian Accounting Standards Board (AASB) that are mandatory have not been early adopted.

Any significant impact on the accounting policies of the consolidated entity from the adoption of these Accounting Standards and Interpretations are disclosed in the relevant accounting policy. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

The following Accounting Standards and Interpretations are most relevant to the consolidated entity:

AASB 2011-9 Amendments to Australian Accounting Standards – Presentation of Items of Other Comprehensive Income.

The consolidated entity has applied *AASB 2011-9* amendments from 1 July 2012. The amendments requires grouping together of items within other comprehensive income on the basis of whether they will eventually be “recycled” to the profit or loss (reclassification adjustments). The change provided clarity about the nature of items presented as other comprehensive income and the related tax presentation.

Going Concern

The financial statement have been prepared on a going concern basis which contemplates continuation of normal trading activities and realisation of assets and settlement of liabilities in the normal case of business.

However the ability of the company to continue as a going concern is dependent on the company being able to successfully raise additional funds through debt or equity.

The existence of this condition gives rise to a material uncertainty that may cast significant doubt over the entities ability to continue as a going concern.

The company issued a prospectus on 25 September 2014, and the directors are currently in discussion with various parties in relation to the raising of funds of between \$1,500,000 and \$3,000,000. The directors are confident that the company will be able to raise the required funds and that the company will be successfully relisted on the ASX within the foreseeable future.

First Growth Funds Limited: Half Year Report 31 December 2012

In addition, the directors have considered the funding required by the company for the foreseeable future to enable it to make new investments and continue as a going concern and are confident that this requirement can be met through the upcoming fundraising.

If the entity is unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than through the ordinary course of business and at amounts different to those stated in the financial report. The report does not include any adjustment relating to the recoverability and classification of asset carrying amounts or the amounts of liabilities that might result should the entity be unable to continue as a going concern and meet its debts as and when they become payable.

Note 2. Operating segments

Identification of reportable operating segments

The consolidated entity operates in only one segment being that of an investment company in Australia.

The operating segment is based on the internal reports that are reviewed and used by the executive management team (who are identified as the Chief Operating Decision Makers 'CODM') in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

Note 3. Revenue

	Consolidated	
	31/12/2012	31/12/2011
	\$	\$
<i>Other revenue</i>

(a) On 14 January 2013, upon receipt of the final \$51,000 to complete a capital raising for \$300,000, 60,000,000 shares were issued at \$0.005 per share.

Note 7: Events occurring after the reporting period

On 17 July 2011 the secured creditor Noble Investments Superannuation Fund appointed an administrator to First Growth Funds Limited. The Company ceased trading on the Australian Stock Exchange.

A Deed of Company Arrangement ("DOCA") as proposed by Trident Capital Pty Ltd was approved by Creditors on 30 January 2012 and executed on 20 February 2012. The Company has remained under DOCA until the 14th October 2013 at which stage the ASX was notified that the DOCA has been effectuated and the Company returned to the control of its shareholders and Board.

On 15 May 2014 the Company and Peloton Capital entered into an agreement which embodied a proposal by Peloton Capital for the recapitalisation of the Company (Recapitalisation Proposal). Completion of the Recapitalisation Proposal will provide working capital to allow the Company to continue its existing activities and to pursue new projects by way of acquisition or investment.

As announced to the ASX on 9 December 2014, the Company has confirmed that it has raised the required capital to seek reinstatement of its securities with the ASX.

The Company is now coordinating a reinstatement date for its securities with the ASX.

Directors Declaration

In the directors' opinion:

- the attached financial statements and notes thereto comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes thereto give a true and fair view of the consolidated entity's financial position as at 31 December 2012 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5) of the Corporations Act 2001.

On behalf of the directors

Geoff Barnes
Director

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of First Growth Funds Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of First Growth Funds Limited, which comprises the consolidated statement of financial position as at 31 December 2012, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of First Growth Funds Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of First Growth Funds Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Basis for Qualified Conclusion

Investment in Bluefish Technologies

First Growth Funds Limited's investment in Bluefish Technologies accounted for by the equity method, is carried at \$355,105 on the statement of financial position as at 31 December 2012 (30 June 2012: \$360,562), and First Growth Funds Limited's share of Bluefish Technologies net loss of \$5,457 (2011: \$37,371) is included in First Growth Funds Limited's statement of profit or loss and other comprehensive income for the period then ended. We were unable to obtain sufficient appropriate audit evidence about the carrying amount of First Growth Funds Limited investment in Bluefish Technologies as at 31 December 2012 and First Growth Funds Limited's share of Bluefish Technologies net loss for the period because management were unable to obtain access to the financial information of the associate and therefore allow us to satisfy ourselves as to the appropriateness of this information for use in the First Growth Funds Limited financial report. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

For personal use only

Consolidation

As at 31 December 2012 and for the period then ended, the company had investments in subsidiaries. Management have not been able to provide complete and appropriate accounting records to support the results of the subsidiary operations and has therefore not consolidated the results, assets and liabilities for these subsidiary entities in the financial statements of First Growth Funds Limited which constitutes a departure from Australian Accounting Standards. Management have informed us that these entities are no longer trading and were dormant during the year however the effects on the financial statements of the failure to consolidate have not been determined.

Qualified Conclusion

Based on our review, which is not an audit, except for the possible effects of matters described in the Basis for Qualified Conclusion paragraph, we have not become aware of any matter that makes us believe that the half-year financial report of First Growth Funds Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Emphasis of matter

Without modifying our conclusion further, we draw attention to Note 1 in the financial report, which indicates that the ability of the company to continue as a going concern is dependent upon the future successful raising of necessary funding through debt/equity. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business.
