### About Bulletproof

Bulletproof Group Limited is an Australian-owned, publicly listed company with offices in Sydney and Melbourne, Australia, and California, USA. Bulletproof Group shares are listed on the Australian Securities Exchange (ASX) and are traded under the code BPF.

Founded in 2000, Bulletproof is the leading Australian-owned mission critical cloud provider, providing Cloud Services to business, enterprise and government customers. Bulletproof has consistently been first to market with public and private cloud based services and innovations. Bulletproof was the first company in Australia to launch a public cloud service in 2006 and the first to launch a managed Amazon Web Services (AWS) offering in 2012.

Bulletproof's world-class service allows customers to focus on their core business to ensure they have the freedom to be remarkable.
