- Entered into a significant agreement with Mattel, Inc. (NASDAQ: MAT or "Mattel") to co-invest and create mobile games based on Mattel's portfolio of current and future brands

Operational Update

During Q2 2015 Animoca Brands (ASX: **AB1** or the "Company") enjoyed ongoing growth: its portfolio grew by 27 new apps to a total of 385; key operating statistics experienced steady growth, with an average of 6.4 million MAU and an average of 3.7 million new users per month, increases of 4.1% and 2.5% year-on-year, respectively. The quarter saw the Company reach a total of 141.0 million downloads across its app portfolio.

The Company also announced it entered into a significant agreement with Mattel to create mobile games based on Mattel's portfolio of existing and future brands. As part of the agreement, the Company and Mattel will jointly invest in the development of mobile and tablet games and jointly market and promote the titles for worldwide distribution.

In early July, the Company announced that Ourpalm, China's leading listed mobile and social web game developer and publisher, agreed to make a strategic cash investment of A\$3.1 million in the Company, representing an 11.11% stake at a price of A\$0.21 per share, or a premium of 23.5% over the closing price on 24 June 2015. The Company also granted Ourpalm an option to further invest up to US\$5.0 million subject to the performance of the Company's shares. As part of the investment, Mr. Steven Hu, co-CEO of Ourpalm and a high profile Chinese corporate executive will be appointed as Non-Executive Director of the Company upon completion, which is expected during Q3 2015.

Outlook

Overall the Company is confident that its game portfolio strategy and strong record of licensing and monetizing well-known brands will continue to result in growth for its app portfolio while appealing to an increasingly wider audience. The Company believes that its strategy of producing a high number of games yields a higher frequency of "hit" titles with long lifetime value. The license agreement with Mattel was a significant milestone and the Company is enthusiastic about creating mobile games based on Mattel's portfolio of brands. The Asia Pacific continues to be the largest and fastest-growing region for the Company's games and the Company sees stronger further growth in the Asian market for mobile gaming. In the case of China, the world's fastest growing mobile market, the Company believes its growing strategic partnership with Ourpalm will increase the availability and awareness of Animoca Brands products.
