

ASX RELEASE

16 September 2015

TECH MPIRE CONTINUES TO GROW ITS AFFILIATE NETWORK

- Tech Mpire’s affiliate network has grown to 1,079 affiliates
- Due to the Company’s rigorous screening and selection process, it has now signed up many of the top affiliates across a number of industries
- This provides the Company with an increased global advertising capability spanning all forms of digital and mobile traffic, enabling it to pursue new advertisers from new regions
- The growth of its affiliate network demonstrates that the Company is becoming a recognised and trusted brand in the on-line and mobile advertising market
- The Company anticipates that the number of affiliates joining its network will start growing at an exponential rate due to its gold sponsorship and planned attendance at the prestigious Affiliate Word Asia conference in Bangkok in December

Tech Mpire Limited (ASX: TMP) (**Tech Mpire** or **Company**) is pleased to advise that it received a record number of registrations to its affiliate network during the month of August, now totaling 1,079 affiliates.

The continued growth of the Company’s affiliate network in August is a result of successful marketing initiatives, participation at major trade events and the increased brand recognition of the Company as it continues to grow.

This growth will provide Tech Mpire with a greater international consumer advertising distribution capability that will make it more attractive to advertisers globally and provide an excellent platform for further revenue growth.

Tech Mpire's Managing Director, Mr Luke Taylor commented:

"The continued growth of our affiliate network demonstrates that Tech Mpire is becoming a significant brand in the digital advertising sector. We believe we are building an excellent platform for long term business and revenue growth on a global scale."
