MedAdvisor Acquisition Update

On 11 June 2015, the Company announced it had entered into a Heads of Agreement to acquire 100% of market-leading cloud based e-health software company, MedAdvisor International Pty Ltd (MedAdvisor) (Acquisition). The Acquisition remains conditional upon the Company raising at least \$3,000,000 under the capital raising described below, as well as the ASX granting the Company conditional approval for its securities to be re-instated to trading on the official list of the ASX and those conditions being to the reasonable satisfaction of the Company and MedAdvisor.

MedAdvisor has developed a world-class software platform that assists individuals in correctly using medication via a 'virtual pharmacist', dramatically improving health outcomes through improved medication adherence. The software uses a cloud computing approach, in conjunction with optimised user experience on mobile and web devices.

On 8 September 2015, the Company lodged a Prospectus to raise up to \$5million at an issue price of \$0.03 per Share. The current capital raising is in progress and the Acquisition of MedAdvisor is still incomplete.

The Company released an investor presentation in respect of MedAdvisor on 24 September 2015 (Presentation). The Presentation was prepared by MedAdvisor and the Company does not assume any responsibility for the accuracy or completeness of the information in the Presentation.

As a result of today's General Meeting the Company's securities will remain in suspension until it re-complies with Chapters 1 and 2 of the ASX Listing Rules.
