Mastermyne Group Limited Awarded Underground Roadway Development Services Contract

Leading underground coal contractor Mastermyne Group Limited (ASX Code: MYE) (“Mastermyne” or “the Company”) is pleased to announce that it has executed a Contract for Underground Roadway Development Services with a global mining company. The new contract win was flagged in the full year results released by the Company on the 18th of August. The initial term of the contract is two years with an option to extend for an additional year and the contract value can vary depending on the provided resourcing. Mastermyne expect to generate revenue of approximately \$10 to \$12 million a year for the duration of the contract.

Mastermyne will perform the construction of underground roadways for mine infrastructure both in seam and out of seam. The contract start date is August 2015 and will employ approx. 50 full time personnel. The Company will supply equipment as part of the contract. The project has been mobilised and the workforce has commenced work under the contract.

Mastermyne CEO, Tony Caruso, said “we are very pleased with this result and look forward to continuing our strong working relationship with global mining companies in the region. The awarding of this major tender reinforces Mastermyne’s strong value proposition and supports the integral role contracting organisations will play in maintaining a globally competitive coal sector. The Company’s pipeline remains strong and with our track record in the coal sector and we are looking forward to building on this success with further contract wins”.
