EXPLANATORY STATEMENT

This Explanatory Statement is intended to provide Shareholders with sufficient information to assess the merits of the Resolutions contained in this Notice.

The Directors recommend that Shareholders read this Explanatory Statement in full before making any decision in relation to the Resolutions.

Resolution 1: Adoption of remuneration report

In accordance with Section 300A(1) of the Corporations Act the Remuneration Report is included in the Directors Report for the financial year ended 30 June 2015.

The Remuneration Report sets out details of the remuneration received by the directors and key Company executives, in addition to describing Board policy in respect of remuneration. Resolution 1 seeks shareholder approval of the adoption of the Remuneration Report by the Company.

The outcome of this resolution is not binding on the Company or the Board. However, sections 250U to 250Y of Corporations Act which have been enacted introduce a 'two strikes and re-election' process in relation to the shareholder vote on the Remuneration Report provide that:

- A 'first strike' will occur if this Remuneration Report resolution receives a 'no' vote of 25% or more. If this occurs, the Company's subsequent remuneration report will contain an explanation of the Board's proposed action in response to the 'no' vote or an explanation of why no action has been taken by the Board.
- A 'second strike' will occur if the resolution to adopt the Remuneration Report at the following Company Annual General Meeting also receives a 'no' vote of 25% or more. If this occurs, shareholders will vote at that Annual General Meeting to determine whether the Directors will need to stand for re-election at a separate, subsequent meeting (the 'spill resolution'). If the spill resolution passes with 50% or more of eligible votes cast, the spill meeting must take place within 90 days.

The Company did not receive a first strike at its 2014 Annual General Meeting. The Board believes the Remuneration of the Company's key management personnel (KMP) is appropriate and in line with market rates for a listed company of its size and scale of operations.

The Remuneration Report is set out in the Company's 2015 Annual Report. The 2015 Annual Report can be viewed online at the Company's website, www.motopia.com, and the ASX website, www.asx.com.au, (ASX Code: MOT).

Resolution 2: Election of Adrian Floate as a Director

In accordance with clause 20.3 of the Constitution, Adrian Floate, a Director appointed subsequent to the last Annual General Meeting of the Company and retiring at the close of this Annual General Meeting, offers himself for election as a Director.

Details of Mr. Floate's qualifications, experience and special responsibilities are set out in the Company's 2015 Annual Report.

Resolution 3: Election of Shaun Melville as a Director

In accordance with clause 20.3 of the Constitution, Shaun Melville, a Director appointed subsequent to the last Annual General Meeting of the Company and retiring at the close of this Annual General Meeting, offers himself for election as a Director.

Details of Mr. Melville's qualifications, experience and special responsibilities are set out in the Company's 2015 Annual Report.

Resolution 4 – Approve the previous issue of 309,938,462 Shares

Background

In August 2015, the Company issued a combined total of 309,938,462 shares without the prior approval of Shareholders and in accordance with ASX Listing Rule 7.1 and 7.1A.

Resolution 4 seeks Shareholder approval for the previous issues of 309,938,462 Shares for the purposes of ASX Listing Rule 7.4 and all other purposes.

ASX Listing Rules 7.1, 7.1A, 7.4 & 7.5

ASX Listing Rule 7.1 provides that a listed company must not, subject to certain exceptions, issue or agree to issue more than 15% of its capital within a 12-month period without the approval of shareholders.

In addition, at the Company's 2014 Annual General Meeting (AGM), the Company's shareholders approved a resolution pursuant to ASX Listing Rule 7.1A to allow the Company to issue a further 10% of the existing capital of the Company within a 12 month period.

ASX Listing Rule 7.4 provides that an issue of shares made without approval under Listing Rule 7.1 (and/or 7.1A) is treated as been made with approval if each of the following applies:

- the issue did not breach Listing Rule 7.1 (or 7.1A), and
- the shareholders of ordinary securities subsequently approve the issue.

The issue of 309,938,462 Shares in August 2015 did not breach ASX Listing Rule 7.1 (or 7.1A) and the Company seeks subsequent Shareholder approval for these issues of Shares for the purposes of ASX Listing Rule 7.4 and all other purposes.

The following information is provided to Shareholders in accordance with ASX Listing Rule 7.5:

The number of securities to be issued	309,938,462 Shares
Issue price per security	\$0.0008 per share
Terms of security	Shares ranking equally with all existing shares
Persons whom securities were issued or basis of issue	Clients of Raptor Global Corporation
Use of funds raised	Funds used to date have been, and remaining funds will be used for working capital purposes and for the further commercialisation and development of the Company online cloud platform.

Resolution 5 – Approval of additional capacity to issue Shares under ASX Listing Rule 7.1A

ASX Listing Rule 7.1A

In 2012, the ASX introduced ASX Listing Rule 7.1A which enables certain 'eligible entities' to issue equity securities of up to 10% of their issued share capital through placements over a 12 month period commencing after the annual general meeting (Additional Placement Capacity). ASX Listing Rules require that Shareholders approve the Additional Placement Capacity by special resolution, at an annual general meeting before any equity securities are issued under the Additional Placement Capacity.

For the purposes of ASX Listing Rule 7.1A an 'eligible entity' is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an 'eligible entity'. The Additional Placement Capacity is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1. Therefore, if the Additional Placement Capacity is approved, the Directors will be allowed to issue equity securities of up to 10% of the Company's issued share capital pursuant to ASX Listing Rule 7.1A and up to 15% pursuant to ASX Listing Rule 7.1. If the Additional Placement Capacity is not approved, the Directors will still be allowed to issue equity securities of up to 15% of the Company's issued capital pursuant to ASX Listing Rule 7.1.

The Company seeks Shareholder approval by way of a special resolution to have the ability to issue equity securities under the Additional Placement Capacity should the need arise.

Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of equity securities calculated in accordance with the following formula:

(A x D) – E

A is the number of shares on issue 12 months before the date of issue or agreement:

- a) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- b) plus the number of partly paid shares that became fully paid in the 12 months;
- c) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4. This does not include an issue of fully paid shares under the entity's 15% placement capacity without shareholder approval;
- d) less the number of fully paid shares cancelled in the 12 months.
- e) Note that A is has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

ASX Listing Rule 7.3A

In accordance with ASX Listing Rule 7.3A the Company provides the following information.

Any securities issued under the Additional Placement Capacity will be in the same class as existing quoted securities of the Company.

The issue price for each security issued under the Additional Placement Capacity will not be less than 75% of the volume weighted average price for securities in that class over the 15 trading days on which trades in that class were recorded immediately before:

- the date on which the price at which the securities are to be issued is agreed; or
- if the securities are not issued within 5 trading days of the date above, the date on which the securities are issued.

The issue of equity securities under the Additional Placement Capacity may result in voting dilution of existing ordinary shareholders (as shown in Table 1). There is also the risk that:

- the market price for equity securities in that class may be significantly lower on the issue date than on the date of the Meeting; and
- the equity securities may be issued at a price that is at a discount to the market price for those equity securities on the issue date.

Equity securities under the Additional Placement Capacity may be issued until the earlier of:

- 26 November 2016; and
- the date of approval by ordinary shareholders of a significant change to the Company's activities under ASX Listing Rule 11.1.2 or the date of approval by ordinary shareholders of a disposal of a major asset under ASX Listing Rule 11.2.

Any approval of the Additional Placement Capacity at this Meeting will cease to be valid in the event that ordinary shareholders approve a transaction under ASX Listing Rule 11.1.2 or 11.2.

The Company may issue equity securities under the Additional Placement Capacity for the following purposes:

- non-cash consideration: for the acquisition of new assets and investments (in such circumstances the Company will provide a valuation of the non-cash consideration as required by ASX Listing Rules); or
- cash consideration: to raise funds for working capital, to fund due diligence on potential acquisitions within the mining or other industries and/or to fund cash consideration for acquisitions.

The Company's allocation policy for issues under the Additional Placement Capacity is dependent on prevailing market conditions at the time of any proposed issue.

The identity of the allottees of the equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- the methods of raising funds that are available to the Company, including rights issues or other issues in which existing shareholders may participate;
- the effect of the issue of the equity securities on the control of the Company;
- the financial position of the Company; and
- advice from the Company's advisors.

The allottees under the Additional Placement Capacity have not yet been determined but allottees may include existing shareholders, existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company.

A voting inclusion statement is included in this Notice. In accordance with ASX Listing Rule 14.11.1 and the relevant Note under that rule concerning Rule 7.1A, as at the date of this Notice of Meeting it is not known who may participate in the proposed issue (if any). On that basis, no security holders are currently excluded.

Table 1 below shows the dilution of Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2).

The table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Table 1

Variable 'A' in Listing Rule 7.1A.2		Dilution

	Funds Raised	\$520,780	\$1,041,561	\$2,083,122

Table 1 has been prepared based on the following assumptions:

- Variable A is based on the number of Shares on issue at 16 October 2015.
- The Company issues the maximum number of equity securities available under the Additional Placement Capacity.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue.
- The table shows only the issue of equity securities under the Additional Placement Capacity and not under ASX Listing Rule 7.1.
- The issue of equity securities under the additional placement capacity includes only shares.
- The issue price of \$0.001 was the closing price of Shares as traded on ASX as at 16 October 2015. This price may fluctuate between the time of preparing this Notice and the date of the Meeting.

As at the date of this Notice, in the 12 months preceding the date of the Meeting, the Company has issued 1,272,608,549 Equity Securities representing 30.05% of Equity Securities on issue 12 months prior to the proposed date of the Meeting.

The information below is provided in accordance with ASX Listing Rule 7.3A.6 (b) and details Equity Securities issued by the Company in the 12 months prior to the Meeting.

Table 2 below, details Shares (and total Equity Securities) issued by the Company in the 12 months prior to the proposed date of the Meeting. As at the date of the Notice, the Company has raised approximately \$698,000 from the issue of Shares in the 12 months prior to the date of the Meeting. Funds raised have been used for working capital purposes, to develop and commercialize the Company's online cloud platform and to fund the acquisition of Modac Group Pty Ltd (\$250,000). Remaining funds of approximately \$20,000 of the \$698,000 will be used for working capital purposes and to further develop and commercialize the Company's online cloud platform.

In addition to the \$698,000 raised from issue of Shares in the previous 12 months, the Company issued 269,977,777 Shares on 26 November 2014 as consideration for the conversion of 242,908 convertible notes (as disclosed in Table 2). Funds were raised from the issue of the 242,908 Convertible Notes in 2013 and early 2014. The \$242,908 raised from this issue of convertible notes was used for working capital purposes and to fund the operations of CU2 Global Pty Ltd and ConvertU2 Technologies Pty Ltd.
