3. Details of the Offer

3.1 The Offer

The Company is offering pursuant to this Prospectus 2,000 Shares each at an issue price of \$0.00075 (**Offer**).

Refer to Section 6.1 for a summary of the rights attaching to the Shares.

3.2 Purpose of the Offer

On 18 December 2015, the Company announced it is proposing to raise up to approximately \$1,000,000 (before costs) to provide the Company with general working capital through a placement to sophisticated and professional investors of 1,336,367,182 Shares (**Placement Shares**) each at an issue price of \$0.00075, together with 1 free attaching New Option for every 3 Shares subscribed for (**Placement Options**) (the **Placement**). The free attaching New Options to be issued as part of the Placement will have the same terms as the Company's existing listed Options IMIOA.

The Company is proposing to issue the Placement Shares in two tranches:

- (a) 174,544,920 Shares (the **Tranche 1 Placement Shares**) issued on 21 December 2015 under the Company's available placement capacity (the **Tranche 1 Placement**); and
- (b) 1,161,822,262 Shares (the **Tranche 2 Placement Shares**) to be issued to sophisticated and professional investors (subject to Shareholder approval) (the **Tranche 2 Placement**).

All of the Placement Options will be granted on completion of the Tranche 2 Placement (subject to Shareholder approval).

In conjunction with the Placement the Company has agreed (subject to Shareholder approval) to grant Cicero Advisory Services Pty Ltd (and/or its nominees) 371,479,517 New Options in the same class as the ASX quoted options IMIOA (**Cicero Options**). These New Options will be issued for a price of \$0.000001 per New Option.

This Prospectus has been issued to facilitate secondary trading of the Tranche 1 Placement Shares as they were issued without disclosure to investors under Part 6D.2 of the Corporations Act. A prospectus is required under the Corporations Act to enable persons who were issued Placement Shares to on-sell those Shares within 12 months of their issue. The Company did not issue the Placement Shares with the purpose of the persons to whom they were issued selling or transferring their Shares or granting, issuing or transferring interests in those Shares within 12 months of the issue but this Prospectus provides them the ability to do so should they wish.

Accordingly, the purpose of this Prospectus is to:

- (a) make the Offer; and
- (b) ensure that the on-sale of the Tranche 1 Placement Shares does not breach Section 707(3) of the Corporations Act by relying on the exemption to the secondary trading provisions in Section 708A(11) of the Corporations Act.

3.3 Opening and Closing Dates

The Company will accept Application Forms until 5.00pm WST on the Closing Date, being 21 December 2015, or such other date as the Directors in their absolute discretion shall determine, subject to the requirements of the Listing Rules.

3.4 Minimum subscription

There is no minimum amount sought to be raised by the Offer.

There is no provision for oversubscriptions.

3.5 Shareholder Approval

The Offer is conditional upon Shareholders approving the issue of the Shares at a General Meeting of the Company. In the event that Shareholder approval is not obtained the Company will not proceed with the Offer and will repay all application monies.

3.6 Application Form

If you wish to subscribe for Shares pursuant to the Offer, you should complete and return the Application Form, which will be provided with a copy of this Prospectus by the Company at the Board's discretion, in accordance with the instructions in the Application Form. Completed Application Forms and Application Monies must be received by the Company prior to 5.00pm WST on the Closing Date. Cheques must be made payable to "IM Medical Limited – Share Placement Account" and crossed "Not Negotiable". All cheques must be in Australian currency. Application Forms should be mailed or delivered to IM Medical Limited, Level 40, 140 William Street, Melbourne VIC 3000, Australia.

If you are in doubt as to the course of action, you should consult your professional advisor.

Acceptance of a completed Application Form by the Company creates a legally binding contract between the Applicant and the Company for the number of Shares accepted by the Company. The Application Form does not need to be signed to be a binding Application for Shares.

If the Application Form is not completed correctly it may still be treated as valid. The Directors' decision as to whether to treat the Application as valid and how to construe, amend or complete the Application Form is final.

3.7 Issue

The Company intends to issue the Shares progressively as Applications are received and in any event, will issue all Shares as soon as possible after the Closing Date.

Security holder statements will be dispatched, as soon as possible after the issue of the Shares. It is the responsibility of Applicants to determine their allocation prior to trading in the Shares. Applicants who sell Shares before they receive their holding statements will do so at their own risk.

3.8 Application Monies

All Application Monies received for the Shares will be held in trust in a bank account maintained solely for the purpose of depositing Application Monies received pursuant to this Prospectus until the Shares are issued. All Application Monies will be returned (without interest) if the Shares are not issued.

3.9 ASX quotation

Application will be made to ASX no later than seven days after the date of this Prospectus for the Official Quotation of the Shares offered under the Offer. If permission is not granted by ASX for the Official Quotation of the Shares offered by this Prospectus within three months after the date of this Prospectus (or such period as ASX allows), the Company will repay, as soon as practicable, without interest, all Application Monies received pursuant to this Prospectus.

3.10 CHES

The Company participates in the Clearing House Electronic Subregister System, known as CHES. ASX Settlement, a wholly owned subsidiary of ASX, operates CHES in accordance with the Listing Rules and ASX Settlement Rules.

Under CHES, Applicants will not receive a certificate but will receive a statement of their holding of Shares.

If you are broker sponsored, ASX Settlement will send you a CHES statement.

The CHES statement will set out the number of Shares issued under this Prospectus, provide details of your holder identification number, the participant identification number of the sponsor and the terms and conditions applicable to the Shares.

If you are registered on the Issuer Sponsored subregister, your statement will be dispatched by Security Transfer Registrars and will contain the number of Shares issued to you under this Prospectus and your security holder reference number.

A CHES statement or Issuer Sponsored statement will routinely be sent to Shareholders at the end of any calendar month during which the balance of their Shareholding changes. Shareholders may request a statement at any other time, however, a charge may be made for additional statements.

3.11 Residents outside Australia

This Prospectus, and an accompanying Application Form, do not, and is not intended to, constitute an offer of Shares in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus or the Shares. The distribution of this Prospectus in jurisdictions outside Australia may be restricted by law and persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities laws.

3.12 Risk factors

An investment in Shares should be regarded as speculative. In addition to the general risks applicable to all investments in listed securities, there are specific risks associated with an investment in the Company which are in Section 4.

3.13 Taxation implications

The Directors do not consider it appropriate to give Shareholders advice regarding the taxation consequences of subscribing for Shares under this Prospectus.

The Company, its advisers and its officers do not accept any responsibility or liability for any such taxation consequences to Shareholders. As a result, Shareholders should consult their professional tax adviser in connection with subscribing for Shares under this Prospectus.

3.14 Major activities and financial information

A summary of the major activities and financial information relating to the Company for the financial year ended 30 June 2015 is in the Company's Annual Report which was lodged with ASX on 30 October 2015 and is available at www.asx.com.au.

The Company's continuous disclosure notices (i.e. ASX announcements) since 30 October 2015 are listed in Section 6.3.

Copies of these documents are available free of charge from the Company. The Directors strongly recommend that Shareholders review these and all other announcements prior to deciding whether or not to participate in the Offer.

3.15 Enquiries concerning Prospectus

Enquiries relating to this Prospectus should be directed to the Company Secretary by telephone on (03) 9607 8280.

3.16 Privacy

The Company collects information about each Applicant provided on an Application Form for the purposes of processing the Application and, if the Application is successful, to administer the Applicant's security holding in the Company.

By submitting an Application Form, each Applicant agrees that the Company may use the information provided by an Applicant on the Application Form for the purposes set out in this privacy disclosure statement and may disclose it for those purposes to the share registry, the Company's related bodies corporate, agents, contractors and third party service providers, including mailing houses and professional advisers, and to ASX and regulatory authorities.

If you do not provide the information required on the Application Form, the Company may not be able to accept or process your Application.

An Applicant has an entitlement to gain access to the information that the Company holds about that person subject to certain exemptions under law. A fee may be charged for access. Access requests must be made in writing to the Company's registered office.

4. Risk Factors

Activities in the Company and its controlled entities, as in any business, are subject to risks, which may impact on the Company's future performance. The Company and its controlled entities have implemented appropriate strategies, actions, systems and safeguards for known risks, however, some are outside its control.

The Directors consider that the following summary, which is not exhaustive, represents some of the major risk factors which Shareholders need to be aware of in evaluating the Company's business and risks of increasing your investment in the Company. Shareholders should carefully consider the following factors in addition to the other information presented in this Prospectus.

The principal risks include, but are not limited to, the following:

4.1 Specific risks associated with the Company

(a) ASX Listing

The ASX has certain requirements, including the level of the operations that listed companies must meet in order to remain listed. If these requirements in the discretion of the ASX are not met, the ASX has the ability to suspend a company until such time as the requirements are met. The Company has in the recent past had a limited level of business operations and consequently there is a risk that the ASX may exercise its discretion that these requirements are not met and suspend the Company.

The Company has been and still is actively investigating the investment in or acquisition of business operations, and is thereby actively seeking to satisfy the ASX requirements.

(b) Negative Cash Operating Position

As at the date of this Prospectus the Company is operating on a negative cash operating basis, that is, its operating expenses exceed its revenues. The Company may be unable to enter into new contracts (and meet the requisite deliverables under such contracts) or identify new business opportunities (refer to Section 4.1(c) below) whilst still operating the cash flow negative operating business. As such it is possible that the Company's cash flow position will remain negative and its financial position may thus worsen. A failure by the Company to successfully mitigate the risk of this occurring may cause the Company's financial position to deteriorate and affect the Company's ability to operate as a going concern.

(c) New Business Opportunities

The Company is currently pursuing new business opportunities. Should a suitable new business opportunity be identified, it will then need to be assessed for its technical, legal and commercial suitability.

There can be no guarantee that any proposed acquisition of a new business or project will be completed or will be successful. The acquisition of new business opportunities (whether completed or not) may also require payment of monies (as a deposit or exclusivity fee) after only limited due diligence and prior to the completion of comprehensive due diligence.

If any proposed acquisition is not completed, monies already advanced may not be recoverable. Furthermore, notwithstanding that an acquisition may proceed upon the

completion of due diligence, the risks associated with operating a new business or project will also apply. Any such new business or project will also be subject to the risks associated with the industry in which they operate.

(d) Future Capital Requirements

The Company may have a need to raise funds in the future (whether by way of debt or equity). The ability of the Company to meet this future requirement, should it arise, will be dependent on the Company's continued access to credit markets, funding sources and financing facilities.

Recent developments in global financial markets have adversely affected the liquidity of global credit markets, which has resulted in an increase in the cost of funding and in certain cases a reduction in the availability of funding sources throughout global markets. Access to credit markets on less favourable terms will impact the Company's access to financing facilities should the need arise, and may have a material adverse effect on the Company's future financial performance and position.

Any additional equity financing may be dilutive to the Company's existing Shareholders and any debt financing, if available, may involve restrictive covenants, which limit the Company's operations and business strategy. The Company's failure to raise capital if, and when, needed could delay or suspend the Company's business strategy and could have a material adverse effect on the Company's activities and its solvency.

(e) Liquidity

The Shares and options in the Company that are listed on the ASX have only limited liquidity.

There can be no certainty that there will be a liquid market for the Company's Shares and options on completion of the Offers.

4.2 General Risks

(a) General Economic Conditions

The operating and financial performance of the Company may be influenced by a variety of general economic and business conditions, including levels of consumer spending, inflation, interest rates, access to debt and capital markets, international economic conditions, significant acts of terrorism, hostilities or war or natural disasters, and government fiscal, monetary and regulatory policies. A prolonged deterioration in general economic condition, including a decrease in commodity demand, may have an adverse impact on the Company's business or financial condition. No guarantee can be made that the Company's market performance will not be adversely affected by any such market fluctuations or factor.

(b) Global Credit and Investment Markets

In recent years global credit, commodity and investment markets have recently experienced a high degree of uncertainty and volatility. The factors which have led to this situation have been outside the control of the Company and may continue for some time resulting in continued volatility and uncertainty in world stock markets (including ASX). This may impact the price at which the Shares trade regardless of operating performance and affect the Company's ability to raise additional equity and/or debt to achieve its objectives, if required.

(c) **Securityholders' Margin Lending arrangements**

Securityholders may, from time to time, enter into margin lending arrangements for the purchase of Securities in the Company on terms and conditions not known to the Company.

The Company is unable to predict the risk of financial failure or default by a Securityholder who has entered into such an arrangement or insolvency or other managerial failure by any party who may have provided such an arrangement to the Securityholder. Such an event may lead to parcels of Securities being made available for sale which may impact negatively on the price of the Securities.

(d) **Taxation and government regulations**

Changes in taxation and government legislation in a range of areas (for example, the Corporations Act, accounting standards, and taxation law) can have a significant influence on the outlook for companies and the returns to investors.

The recoupment of taxation losses accrued by the Company from any future revenues is subject to the satisfaction of tests outlined in taxation legislation or regulations in the jurisdictions in which the Company operates. There is no guarantee that the Company will satisfy all of these requirements at the time it seeks to recoup its tax losses which may impact on the financial performance and cash flows of the Company.

(e) **Securities Investment**

Applicants should be aware that there are risks associated with any securities investment. The prices at which Shares trade may be above or below the issue or acquisition price, and may fluctuate in response to a number of factors.

Furthermore, the stock market, has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of such companies. These factors may materially affect the market price of the Shares, regardless of the Company's operational performance.

(f) **Share market conditions**

Share market conditions may affect the value of Shares regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- (i) general economic outlook;
- (ii) interest rates and inflation rates;
- (iii) changes in investor sentiment toward particular market sectors;
- (iv) the demand for, and supply of, capital; and
- (v) terrorism or other hostilities.

The market price of the Shares may fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general. Neither the Company nor the Directors warrant the future performance of the Company, or any return on an investment in the Company.

4.3 Investment speculative

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Shares offered under this Prospectus. Therefore, the Shares to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those Shares. Potential investors should consider that the investment in the Company is speculative and should consult their professional adviser before deciding whether to apply for Shares pursuant to this Prospectus.

5.4 Dividend policy

6. Additional Information

6.1 Rights attaching to Shares

A summary of the rights attaching to Shares in the Company is set out below. This summary is qualified by the full terms of the Constitution (a full copy of the Constitution will be provided by the Company on request free of charge) and does not purport to be exhaustive or to constitute a definitive statement of the rights and liabilities of Shareholders. These rights and liabilities can involve complex questions of law arising from an interaction of the Constitution with statutory and common law requirements. For a Shareholder to obtain a definitive assessment of the rights and liabilities which attach to Shares in specific circumstances, the Shareholder should seek legal advice.

(a) Voting

At a general meeting, on a show of hands every Shareholder present in person has one vote. At the taking of a poll, every Shareholder present in person or by proxy and whose Shares are fully paid has one vote for each of his or her Shares. On a poll, the holder of a partly paid share has a fraction of a vote with respect to the Share. The fraction is equivalent to the proportion which the amount paid (not credited) bears to the total amount paid and payable (excluding amounts credited).

(b) **General Meetings**

Each Shareholder is entitled to receive notice of, attend and vote at general meetings of the Company and to receive all notices, financial statements and other documents required to be sent to Shareholders under the Constitution, the Corporations Act and the Listing Rules.

(c) **Dividends**

The Directors may pay to Shareholders any interim and final dividends as, in the Directors' judgement, the financial position of the Company justifies. The Directors may fix the amount, the record date for determining eligibility and the method of payment. All dividends must be paid to the Shareholders in proportion to the number of, and the amount paid on (no credited), the Shares held.

(d) **Transfer of Shares**

Generally, all Shares in the Company are freely transferable subject to the procedural requirements of the Constitution, and to the provisions of the Corporations Act, the Listing Rules and the ASX Operating Rules. The Directors may decline to register an instrument of transfer received where the transfer is not in registrable form or where refusal is permitted under the Listing Rules or the ASX Operating Rules. If the Directors decline to register a transfer the Company must give reasons for the refusal. The Directors must decline to register a transfer when required by the Corporations Act, the Listing Rules or the ASX Operating Rules.

(e) **Variation of Rights**

The Company may only modify or vary the rights attaching to any class of shares with the prior approval by a special resolution of the shareholders of the shares of that class, or with the written consent of the holders of at least three-quarters of the issued shares of that class.

(f) **Directors**

The minimum number of Directors is three. Currently, there are three Directors. Directors, other than the managing Director, must retire on a rotational basis so that one-third of Directors must retire at each annual general meeting. No Director except a Managing Director shall hold office for a period in excess of 3 years, or until the third annual general meeting following his or her appointment. The Directors may appoint a director either in addition to existing Directors or to fill a casual vacancy, who then holds office until the next general meeting.

(g) **Decisions of Directors**

Questions arising at a meeting of Directors are decided by a majority of votes. The Chairman has a casting vote.

(h) **Issue of Further Shares**

Subject to the Constitution, the Corporations Act and the Listing Rules, the Directors may issue, or grant options in respect of, Shares to such persons on such terms as they think fit. In particular, the Directors may issue preference shares, including redeemable preference shares, and may issue shares with preferred, deferred or special rights or restrictions in relation to dividends, voting, return of capital and participation in surplus on winding up.

(i) **Alteration to the Constitution**

The Constitution can only be amended by a special resolution passed by at least 75% of Shareholders present and voting at a general meeting. At least 28 days' notice of the intention to propose the special resolution must be given.

(j) **ASX Listing Rules Prevail**

To the extent that there are any inconsistencies between the Constitution and the Listing Rules, the Listing Rules prevail.

6.2 **Company is a disclosing entity**

The Company is a disclosing entity under the Corporations Act. It is subject to regular reporting and disclosure obligations under both the Corporations Act and the Listing Rules of ASX.

Copies of documents lodged with ASIC in relation to the Company may be obtained from, or inspected at, an ASIC office (see Section 6.3 below).

6.3 **Copies of documents**
