### Invigor's Condat wins major contract in wind energy industry

- **Condat to implement its Skyware workforce management product at leading European operator of wind turbines**
- **Solution will enable optimised, fully-automatic dispatching of service staff with efficiency gains**
- **Contract value to exceed \$250,000.**

Leading big data solutions company Invigor Group Limited (ASX: IVO) ("Invigor") is pleased to announce its wholly-owned Berlin-based software solutions business Condat AG has won a major contract with one of the leading European operators of wind turbines, delivering a best-in-breed mobile workforce management system based on its Skyware product.

The value of the contract is expected to deliver \$200,000 revenue in the current financial year and a further \$50,000 over the following two years.

Condat has a strong customer base in the field of workforce management projects, having delivered similar solutions for large-scale service staff operations to Deutsche Bahn and Unitymedia, the German brand of largest international cable company Liberty Global. The new contract further strengthens Condat's mobility business and enables the company to gain valuable experience in the fast-growing wind energy industry.

Invigor's Executive Chairman and CEO, Mr Gary Cohen, said: "This new, exciting project is of strategic importance to Condat's mobility business. It will help us in further refining our well established Skyware product range, bringing it into one of the fastest growing parts of the energy market".
