Explanatory Memorandum

6. Resolution 4: Approval to Issue Share Purchase Plan Bonus Options

6.1 Introduction

On 19 May 2016 the Company announced that it would be undertaking a shareholder Share Purchase Plan (**SPP**) to raise up to approximately \$890,000.

The Company also announced that it intends, subject to obtaining Shareholder approval, to issue each participant in the SPP with one SPP Bonus Option for every three shares issued pursuant to the SPP (with any fractional entitlement to be rounded down). The Company will issue up to 44,949,588 SPP Bonus Options, subject to shareholder approval. The SPP Bonus Options will be exercisable at \$0.02 each, expiring on 20 February 2018 (**SPP Bonus Options**) to shareholders who receive fully paid ordinary shares pursuant to the SPP, on the basis of one SPP Bonus Option for every three shares issued pursuant to the SPP.

6.2 ASX Listing Rules 7.2 and 10.11 – Share Purchase Plan

Listing Rule 7.2, Exception 15 and Listing Rule 10.12, Exception 8, provides an exception to the requirement to seek Shareholder approval for the issue of Shares, where the Company undertakes a security purchase plan. In order to comply with the exception in Listing Rule 7.2 and Listing Rule 10.12:

- (a) the security purchase plan must comply with ASIC Class Order 09/425;
- (b) the number of shares to be issued under the security purchase plan must not exceed 30% of the number of fully paid ordinary shares already on issue; and
- (c) the issue price for shares under the security purchase plan must be at least 80% of the average market price for securities in that class calculated over the last 5 days on which sales in the securities were recorded either before the day on which the issue was announced or before the day on which the issue was made.

The SPP to be undertaken by the Company complies with the requirements of Listing Rule 7.2, Exception 15 and Listing Rule 10.12, Exception 8.

Accordingly, any Shares issued pursuant to the SPP will not count towards the 15% limit under Listing Rule 7.1 or the 10% limit under Listing Rule 7.1A.

However, the SPP Bonus Options do not fall within Listing Rules 7.2, Exception 15 and Listing Rule 10.12, Exception 8, as these exceptions apply only to Shares issued pursuant to the SPP. Further, the Company does not presently have sufficient capacity pursuant to Listing Rule 7.1 to issue the SPP Bonus Options.

6.3 ASX Listing Rule 7.1 - Issues exceeding 15% of capital

In accordance with Listing Rule 7.1, Shareholder approval is sought for the issue of the SPP Bonus Options to Eligible Shareholders who were issued shares under the SPP.

Listing Rule 7.1 prohibits a company, except in certain cases, from issuing new equity securities equivalent in number to more than 15% of its capital in any 12 month period without the prior approval of its shareholders. Equity securities issued with shareholder approval under Listing Rules 7.1 or 7.4 do not count towards the 15% limit under Listing Rule 7.1 or the 10% limit under Listing Rule 7.1A. By passing Resolution 4, the Company will be permitted to issue the SPP Bonus Options during the 3 months after the Meeting. If Resolution 4 is not passed, the Company will not be permitted to issue the SPP Bonus Options.

7.2 ASX Listing Rule 7.1 - Issues exceeding 15% of capital

In accordance with Listing Rule 7.1, Shareholder approval is sought for the issue of the Shortfall Shares to unrelated parties.

Listing Rule 7.1 prohibits a company, except in certain cases, from issuing new equity securities equivalent in number to more than 15% of its capital in any 12 month period without the prior approval of its shareholders. While the SPP to be undertaken by the Company complies with the requirements of Listing Rule 7.2, Exception 15 and Listing Rule 10.12, Exception 8, these exceptions do not extend to the placement of any Shortfall Shares arising from the SPP or for any SPP Shortfall Bonus Options that may be issued.

By passing Resolution 5, the Company will be permitted to issue the Shortfall Shares and SPP Shortfall Bonus Options during the 3 months after the meeting. If Resolution 5 is not passed, the Company will not be permitted to issue the Shortfall Shares or the SPP Shortfall Bonus Options, unless it has placement capacity pursuant to Listing Rule 7.1 or 7.1A and is acting in compliance with Listing Rule 7.1B.2.

Explanatory Memorandum

8. Resolutions 6, 7 and 8 - Approval for the issue of Shares and Options to Michael Clarke, Athan Lekkas and Geoff Barnes or their nominees as part of the Tranche 2 Placement

8.1 Background

As outlined above in Resolution 3, the Company is seeking shareholder approval to issue Tranche 2 Placement Shares and Tranche 2 Placement Bonus Options (together, the **Tranche 2 Placement**).

The Company may invite the Directors to participate in the Tranche 2 Placement, subject to shareholder approval. The Company has not currently entered into any binding commitments with any of the Directors to subscribe for securities in the Tranche 2 Placement. However, the Company is seeking the approval of Shareholders to permit the Directors (or their nominees) to participate in the Tranche 2 Placement should such agreements be entered.

Any Shares and Options issued to the Directors (or their nominees) in accordance with Resolutions 6, 7 and 8, will form part of the Tranche 2 Placement and will not be in addition to those outlined in Resolution 3. As such, the maximum number of securities which may be issued pursuant to Resolutions 3, 6, 7 and 8 is 150,000,000 Tranche 2 Placement Shares and 50,000,000 Tranche 2 Placement Bonus Options.

Resolutions 6, 7 and 8 therefore seek the approval of Shareholders for the issue and allotment of a total of up to 58,181,817 Tranche 2 Placement Shares (in aggregate) and up to 19,393,939 Tranche 2 Bonus Options (in aggregate) under the Tranche 2 Placement to the Directors of the Company or their nominees as follows:

- (a) 19,393,939 Tranche 2 Placement Shares (raising up to \$128,000) and 6,464,646 Tranche 2 Placement Bonus Options to Michael Clarke or his nominees as part of the Tranche 2 Placement.
- (b) 19,393,939 Tranche 2 Placement Shares (raising up to \$128,000) and 6,464,646 Tranche 2 Placement Bonus Options to Athan Lekkas or his nominees as part of the Tranche 2 Placement.
- (c) 19,393,939 Tranche 2 Placement Shares (raising up to \$128,000) and 6,464,646 Tranche 2 Placement Bonus Options to Geoff Barnes or his nominees as part of the Tranche 2 Placement,

(together the **Recipients**).

The Tranche 2 Placement Shares outlined above are to be issued at the same price as the Tranche 2 Placement Shares in Resolution 3 (to unrelated investors), all being \$0.0066 each. The maximum amount of funds that will be raised by the issue of the Tranche 2 Placement Shares to the Recipients pursuant to Resolutions 6, 7 and 8 will be \$384,000.

If the Directors are issued all of the Tranche 2 Placement Shares the subject of Resolutions 6 - 8, their voting power will change as follows:

- (a) Michael Clarke's voting power (based on his current shareholding) will increase from 0.39% to 2.95%;
- (b) Athan Lekkas' voting power (based on his current shareholding) will increase from 2.55% to 4.63%; and
- (c) Geoff Barnes's voting power (based on his current shareholding) will decrease from 16.44% to 13.59%.

Explanatory Memorandum

The above voting power percentages assume the following:

- (a) that the SPP is undertaken and fully subscribed;
- (b) that Michael Clarke (and controlled entities) subscribes for up to \$15,000 worth of Shares under the SPP and that each of Athan Lekkass and Geoff Barnes (and controlled entities) subscribe for up to \$30,000 worth of Shares under the SPP; and
- (c) that all Tranche 2 Placement Shares, including all Tranche 2 Placement Shares the subject of Resolutions 6, 7 and 8, are issued.

Attachment 3 sets out these figures in full.

8.2 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of a public company without shareholder approval unless the benefit falls within one of various exceptions to the general prohibition. The process for and requirements that need to be met for the convening of the shareholder's meeting are set out in Chapter 2E of the Corporations Act.

A "related party" for the purposes of the Corporations Act is defined widely and includes a director of a public company, and entities controlled by him or her.

A "financial benefit" for the purposes of the Corporations Act has a very wide meaning. It includes the public company issuing securities to a related party. In determining whether or not a financial benefit is being given, it is necessary to look to the economic and commercial substance and effect of what the public company is doing (rather than just the legal form). Any consideration which is given for the financial benefit is to be disregarded, even if it is full or adequate.

The proposed Resolutions 6, 7 and 8, if passed, will confer a financial benefit on the Recipients. Each Director of the Company is considered a related party of the Company.

Accordingly, the Company seeks to obtain Shareholder approval for the giving of a financial benefit to through the issue of the Tranche 2 Placement Shares and the Tranche 2 Placement Bonus Options to the Directors or their nominees, in accordance with the requirements of Chapter 2E of the Corporations Act. For this reason, and for all other purposes, the following information is provided to Shareholders.

(a) **The related party to whom Resolutions 6, 7 and 8 would permit the financial benefit to be given**

In respect of Resolution 6, Michael Clarke, a Director of the Company, (or his nominees).

In respect of Resolution 7, Athan Lekkass, a Director of the Company, (or his nominees).

In respect of Resolution 8, Geoff Barnes, a Director of the Company, (or his nominees).

(b) **The nature of the financial benefit**

The nature of the proposed financial benefit to be given to each Recipient is the issue of up to the following number of Tranche 2 Placement Shares at an issue price of \$0.0066 per Share and up to the following number of Tranche 2 Placement Bonus

Explanatory Memorandum

Options on the basis of one Tranche 2 Placement Bonus Option for every three Tranche 2 Placement Shares issued:

(e) **Valuation of Tranche 2 Placement Shares**

Shares in the same class as the Tranche 2 Placement Shares are currently quoted on the ASX and as such will have a tradeable market value.

Information regarding the indicative market value of the Tranche 2 Placement Shares the subject of Resolutions 6, 7 and 8 are set out in the table below based on the following:

- (1) the ASX Market Price of Shares on 9 June 2016 (\$0.008); and
- (2) the VWAP of the Company's Shares for the 15 trading days between 19 May 2016 and 3 June 2016 (\$0.00729)

Explanatory Memorandum

Director	Maximum No. of Shares	Value based on closing price on 9 June 2016 (\$0.008)	Value based on 15 trading day VWAP (\$0.00729)	Issue Price (\$0.0066)
Mr Michael Clarke (Resolution 6)	19,393,939	\$155,151.51	\$141,381.82	\$128,000
Mr Athan Lekkas (Resolution 7)	19,393,939	\$155,151.51	\$141,381.82	\$128,000
Mr Geoff Barnes (Resolution 8)	19,393,939	\$155,151.51	\$141,381.82	\$128,000

In the event that the Tranche 2 Placement Shares are issued at \$0.0066 per Share, this would represent a 17.50% discount to the closing Share price on 9 June 2016 (being \$0.008 per Share) and would represent a discount of approximately 9.46% to the VWAP for the 15 trading days between 19 May 2016 and 3 June 2016.

(f) **Valuation of Tranche 2 Placement Bonus Options**

The Tranche 2 Placement Bonus Options are not currently quoted on the ASX and as such have no market value. The Tranche 2 Placement Bonus Options each grant the holder a right to receive one Share in the Company upon exercise of one Tranche 2 Placement Bonus Option and payment of the exercise price of the Tranche 2 Placement Bonus Option. Accordingly, the Tranche 2 Placement Bonus Options may have a present value at the date of their grant.

The Tranche 2 Placement Bonus Options may acquire future value dependent upon the extent to which the Shares exceed the exercise price of the Tranche 2 Placement Bonus Options during the exercise period of the Tranche 2 Placement Bonus Options.

As a general proposition, options to subscribe for ordinary fully paid shares in a company have a value. Various factors impact upon the value of options including:

- (1) the period outstanding before the expiry date of the options;
- (2) the exercise price of the options relative to the underlying price or value of the securities into which they may be converted;
- (3) the proportion of the issued capital as expanded consequent upon exercise represented by the shares issued upon exercise (ie whether or not the shares that might be acquired upon exercise of the options represent a controlling or other significant interest);
- (4) the value of the shares into which the options may be converted; and
- (5) whether the options are listed (ie readily capable of being liquidated).

There are various formulae which can be applied to determining the theoretical value of options (including the formula known as the Black-Scholes Model option valuation formula and the Binomial Model option valuation formula).

The Company has undertaken a valuation of the Options the subject of Resolutions 6, 7 and 8, for the purposes of disclosing to Shareholders such information required to decide whether or not it is in the Company's interest to pass Resolutions 6, 7 and 8, using the Black Scholes Model, which is the most widely used and recognised model for pricing options. The value of an option calculated by the Black Scholes Model is a function of the relationship between a number of variables, being the price of the

Explanatory Memorandum

underlying Share at the time of issue, the exercise price, the time to expiry, the risk free interest rate, the volatility of the Company's underlying Share price and expected dividends.

Inherent in the application of the Black Scholes Model are a number of inputs, some of which must be assumed. The data relied upon in applying the Black Scholes Model was:

- (1) a Share price of \$0.00729 (being the VWAP of the Company's Shares for the 15 trading days between 19 May 2016 and 3 June 2016);
- (2) exercise price: \$0.02;
- (3) expiry date of 20 February 2018;
- (4) a volatility measure of 70%;
- (5) a risk-free interest rate of 3.5%; and
- (6) a dividend yield of 0.00%.

Based on the valuation of the Tranche 2 Placement Bonus Options, the Company believes that the respective value of the Tranche 2 Placement Bonus Options to be issued pursuant to Resolutions 6, 7 and 8 are as follows for each Director, on the basis of a value per Option of \$0.0008:

Director	Maximum No. of Options	Value based on (\$0.0008) per Option
Mr Michael Clarke (Resolution 6)	6,464,646	\$5,204.52
Mr Athan Lekkas (Resolution 7)	6,464,646	\$5,204.52
Mr Geoff Barnes (Resolution 8)	6,464,646	\$5,204.52
Total	19,393,939	\$15,613.56

- (g) **Any other information that is reasonably required by Shareholders to make a decision and that is known to the Company or any of its Directors**

There is no other information known to the Company or any of the Directors save and except as follows:

- (1) Market Price movements:

The valuation of the Tranche 2 Placement Shares noted above is based on a market price of the Shares.

There is a possibility that the market price of the Shares on the date of issue of the Tranche 2 Placement Shares will be different to the price noted above and that the market price of the Shares will change up to the date of the Meeting. The effect on the valuation for the Tranche 2 Placement Shares, of movements in the market price of the Shares is set out below:

Explanatory Memorandum

Market Price	Valuation Total Mr Michael Clarke	Valuation Total Mr Athan Lekkas	Valuation Total Mr Geoff Barnes
	19,393,939 Shares	19,393,939 Shares	19,393,939 Shares

	Market Price 09/06/2016	Closing price during prior 6 months	Closing Price during prior 12 months
High	0.008	0.02	0.024
Low	0.008	0.006	0.005

(3) Opportunity Costs

The opportunity costs and benefits foregone by the Company issuing the Tranche 2 Placement Shares is the dilutionary impact on the issued share capital of the Company. The issue of the Tranche 2 Placement Bonus Options will not have a dilutionary impact on the Company, however, if any of these Options are exercised, there will be a dilutionary impact on the Company. To the extent that the dilutionary impact caused by the issue of the Tranche 2 Placement Shares or the exercise of the Tranche 2 Placement Bonus Options will be detrimental to the Company, this is more than offset by the Company receiving the consideration paid by the Recipients for the Tranche 2 Placement Shares or the consideration payable on exercise of the Tranche 2 Placement Bonus Options.

It is also considered that the potential increase of value in the Tranche 2 Placement Shares and the Tranche 2 Placement Bonus Options is dependent upon a concomitant increase in the value of the Company generally.

(4) Taxation Consequences

No stamp duty will be payable in respect of the issue of neither the Tranche 2 Placement Shares or the Tranche 2 Placement Bonus Options. No GST will be payable by the Company in respect of the issue of the Tranche 2 Placement Shares or the Tranche 2 Placement Bonus Options (or if it is then it will be recoverable as an input credit).

(5) Dilutionary Effect

If all the Tranche 2 Placement Shares are issued to the Recipients per Resolutions 6, 7 and 8, the dilutionary effect on the issued capital of the Company is set out in Attachment 2.

9. Resolutions 9, 10 and 11 – Approval for the issue of Shares and Options to Mr Michael Clarke, Mr Athan Lekkas and Mr Geoff Barnes

9.1 Background

The performance of the Company depends upon the quality of its Directors. The compensation structure is designed to strike an appropriate balance between fixed and variable remuneration, rewarding capability and experience and providing recognition for contribution to the Company's overall goals and objectives. In deciding the remuneration and incentives of the Directors, the Board considers that there should be an appropriate mix of remuneration comprising cash and securities to link the remuneration of the Directors to the financial performance of the Company. Equity based incentives consistent with the Company's remuneration policy better aligns the Directors' performance with the Company's financial position.

The Board also believes that an equity-based remuneration component helps it to attract and retain the best Directors. The Directors consider the remuneration policy to be a sensible and well balanced policy which allows them to adjust the remuneration mix appropriately to the Company's changing circumstances.

The Directors have been mindful to limit the operational costs of the Company and as such, the cash fees payable to Directors have been limited.

Accordingly, Resolutions 9, 10 and 11 seek the approval of Shareholders for the issue and allotment of a total of 35,000,000 Shares (in aggregate) (**Director Incentive Shares**) and a total of 35,000,000 Options (in aggregate) exercisable at \$0.02 each and expiring on 20 February 2018 (**Director Incentive Options**) to the Directors or their nominees as follows:

- (a) up to 5,000,000 Director Incentive Shares and 5,000,000 Director Incentive Options to Mr Michael Clarke or his nominees;

- (c) up to 15,000,000 Director Incentive Shares and 15,000,000 Director Incentive Options to Mr Geoff Barnes or his nominees.

(together the **Recipients**).

If the Directors are issued all of the Director Incentive Shares as sought, their voting power will change as follows:

- (a) Michael Clarke's voting power (based on his current shareholding) will increase from 0.39% to 3.43%;
- (b) Athan Lekkas' voting power (based on his current shareholding) will increase from 2.55% to 6.23%; and

Explanatory Memorandum

- (b) that Michael Clarke (and controlled entities) subscribes for up to \$15,000 worth of Shares under the SPP and that each of Athan Lekkias and Geoff Barnes (and controlled entities) subscribe for up to \$30,000 worth of Shares under the SPP;
- (c) that all Tranche 2 Placement Shares, including all Tranche 2 Placement Shares the subject of Resolutions 6, 7 and 8, are issued; and
- (d) that all Director Incentive Shares are issued.

Attachment 3 sets out these figures in full.

The Director Incentive Shares will be issued to the Recipients at an issue price of \$0.001 per Share. There will be no consideration payable for the Director Incentive Options.

The Director Incentive Shares and the Director Incentive Options will form part of the remuneration for each of the current Directors and will assist in aligning the performance of the Directors with the performance of the Company. The Directors believe that the issue of the Director Incentive Shares and Director Incentive Options are reasonable remuneration for the Directors and provide appropriate incentives for the Directors to commit time and resources towards leading the Company and capitalising on its potential and growing the business for the benefit of the Shareholders.

The Director Incentive Shares will be issued as fully paid ordinary shares to each of the Directors of the Company respectively, following the payment of the issue price of the shares to the Company by each Director.

Any issue and allotment of the Director Incentive Shares and the Director Incentive Options to Directors must occur within 1 month of this Meeting pursuant to ASX Listing Rule 10.13.

9.2 Chapter 2E of the Corporations Act

Details regarding Chapter 2E of the Corporations Act are set out in section 8.2 above.

The proposed Resolutions 9, 10 and 11 if passed, will confer a financial benefit on the Recipients. Each Director is considered a related party of the Company.

Accordingly, the Company seeks to obtain Shareholder approval for the giving of a financial benefit to the Recipients through the issue of the Director Incentive Shares and Director Incentive Options, in accordance with the requirements of Chapter 2E of the Corporations Act. For this reason, and for all other purposes, the following information is provided to Shareholders.

(a) **The related party to whom Resolutions 9, 10 and 11 would permit the financial benefit to be given**

In respect of Resolution 9, Mr Michael Clarke, a Director of the Company, (or his nominees).

In respect of Resolution 10, Mr Athan Lekkias, a Director of the Company, (or his nominees).

In respect of Resolution 11, Mr Geoff Barnes, a Director of the Company, (or his nominees).

Explanatory Memorandum

(b) The nature of the financial benefit

The nature of the proposed financial benefit to be given to each Recipient is the issue of the following number of Director Incentive Shares at an issue price of \$0.001 per Share and Director Incentive Options:

- (1) in respect of Resolution 9, up to 5,000,000 Shares (valued at \$36,450 and raising up to \$5,000) and 5,000,000 Options (valued at \$4,025.37) to Mr Michael Clarke or his nominees;
- (2) in respect of Resolution 10, up to 15,000,000 Shares (valued at \$109,350 and raising up to \$15,000) and 15,000,000 Options (valued at \$12,076.12) to Mr Athan Lekkas or his nominees;
- (3) in respect of Resolution 11, up to 15,000,000 Shares (valued at \$109,350 and raising up to \$15,000) and 15,000,000 Options (valued at \$12,076.12) to Mr Geoff Barnes or his nominees.

(c) Directors' recommendation

Mr Michael Clarke has an interest in the outcome of Resolution 9.

Mr Athan Lekkas has an interest in the outcome of Resolution 10.

Mr Geoff Barnes has an interest in the outcome of Resolution 11.

Because of their interests in the outcome of Resolutions 9 - 11, Mr Clarke, Mr Lekkas and Mr Barnes do not make a recommendation in relation to Resolutions 9 - 11.

(d) Director's interests and other remuneration

Details of the interests and other remuneration of each Director are set out in section 8.2(d) above.

(e) Valuation

Shares in the same class as the Director Incentive Shares are currently quoted on the ASX and as such will have a tradeable market value.

Information regarding the indicative market value of the Director Incentive Shares the subject of Resolutions 9, 10 and 11 are set out in the table below based on the following:

- (1) the ASX Market Price of Shares on 03/06/2016 (\$0.008); and
- (2) the VWAP of the Company's Shares for the 15 trading days between 19 May 2016 and 3 June 2016 (\$0.00729).

Director	No. of Shares	Value based on closing price on 09/06/2016 (\$0.008)	Value based on 15 trading day VWAP (\$0.00729)	Issue Price (\$0.001)
Mr Michael Clarke (Resolution 9)	5,000,000	\$40,000	\$36,450.00	\$5,000

Explanatory Memorandum

Director	No. of Shares	Value based on closing price on 09/06/2016 (\$0.008)	Value based on 15 trading day VWAP (\$0.00729)	Issue Price (\$0.001)
Mr Athan Lekkas (Resolution 10)	15,000,000	\$120,000	\$109,350.00	\$15,000
Mr Geoff Barnes (Resolution 11)	15,000,000	\$120,000	\$109,350.00	\$15,000

In the event that the Director Incentive Shares are issued at \$0.001 per Share, this would represent a 87.50% discount to the closing Share price on 9 June 2016 (being \$0.008 per Share) and would represent a discount of approximately 86.28% to the VWAP for the 15 trading days between 19 May 2016 and 3 June 2016.

(f) **Valuation of Director Incentive Options**

The Director Incentive Options are not currently quoted on the ASX and as such have no market value. The Director Incentive Options each grant the holder a right to receive one ordinary Share in the Company upon exercise of one Director Incentive Option and payment of the exercise price of the Director Incentive Option. Accordingly, the Director Incentive Options may have a present value at the date of their grant.

The Director Incentive Options may acquire future value dependent upon the extent to which the Shares exceed the exercise price of the Director Incentive Options during the exercise period of the Director Incentive Options.

As a general proposition, and as outlined further above in section 8.2(f) options to subscribe for ordinary fully paid shares in a company have a value which is impacted by various factors.

There are various formulae which can be applied to determining the theoretical value of options (including the formula known as the Black-Scholes Model option valuation formula and the Binomial Model option valuation formula).

The Company has undertaken a valuation of the Options the subject of Resolutions 9, 10 and 11, for the purposes of disclosing to Shareholders such information required to decide whether or not it is in the Company's interest to pass Resolutions 9, 10 and 11 and disclosing expenses in the Company's Financial Statements in accordance with AASB 2 Share Based Payments, using the Black Scholes Model, which is the most widely used and recognised model for pricing options. The value of an option calculated by the Black Scholes Model is a function of the relationship between a number of variables, being the price of the underlying Share at the time of issue, the exercise price, the time to expiry, the risk free interest rate, the volatility of the Company's underlying Share price and expected dividends.

Inherent in the application of the Black Scholes Model are a number of inputs, some of which must be assumed. The data relied upon in applying the Black Scholes Model was:

- (1) a Share price of \$0.00729 (being the VWAP of the Company's Shares for the 15 trading days between 19 May 2016 and 3 June 2016);
- (2) exercise price: \$0.02;
- (3) expiry date of 20 February 2018;

Explanatory Memorandum

- (4) a volatility measure of 70%;
- (5) a risk-free interest rate of 3.5%; and
- (6) a dividend yield of 0.00%.

Based on the valuation of the Director Incentive Options, the Company believes that the respective value of the Director Incentive Options to be issued pursuant to Resolutions 9, 10 and 11 are as follows for each Director, on the basis of a value per Option of \$0.0008:

Director	Maximum No. of Options	Value based on (\$0.0008) per Option
Mr Michael Clarke (Resolution 9)	5,000,000	\$4,025.37
Mr Athan Lekkas (Resolution 10)	15,000,000	\$12,076.12
Mr Geoff Barnes (Resolution 11)	15,000,000	\$12,076.12
Total	35,000,000	\$28,177.61

The impact on the Directors' overall remuneration package (if Shareholder approval is obtained for Resolutions 9 – 11) is as follows:

Director	Directors Fees	Director Incentive Shares	Director Incentive Options	Overall remuneration package ^{1, 2}
Mr Michael Clarke	\$60,000.00	\$36,450.00	\$4,025.37	\$100,475
Mr Athan Lekkas	\$60,000.00	\$109,350.00	\$12,076.12	\$181,426
Mr Geoff Barnes	\$60,000.00	\$109,350.00	\$12,076.12	\$181,426

1 This assumes the value of the Director Incentive Shares is using the 15 day VWAP.

2 This assumes that all Director Incentive Shares are issued and that shareholder approval is obtained to issue the Director Incentive Shares and Options.

3 This assumes that none of the Series B Options are exercised as their terms do not permit exercise at this time.

(2) Trading History of the Shares (over the past 12 months)

As at 9 June 2016 the closing price of the Shares on ASX was \$0.008.

Set out below is the trading history of the Shares over the past 12 months.

High	\$0.008	\$0.02	\$0.024
Low	\$0.008	\$0.006	\$0.005

(3) Opportunity Costs

The opportunity costs and benefits foregone by the Company issuing the Director Incentive Shares is the dilutionary impact on the issued share capital of the Company. The issue of the Director Incentive Options will not have a dilutionary impact on the Company, however, if any of these Options are exercised, there will be a dilutionary impact on the Company. To the extent that the dilutionary impact caused by the issue of the Director Incentive Shares or the exercise of the Director Incentive Options will be detrimental to the Company, this is more than offset by the advantages accruing from the Company securing the services of experienced and skilled directors on appropriate incentive terms.

It is also considered that the potential increase of value in the Director Incentive Shares and the Director Incentive Options is dependent upon a concomitant increase in the value of the Company generally.

(4) Taxation Consequences

No stamp duty will be payable in respect of the issue of the Director Incentive Shares. No GST will be payable by the Company in respect of the grant of the Director Incentive Shares (or if it is then it will be recoverable as an input credit).

Explanatory Memorandum

(5) Dilutionary Effect

If all the Director Incentive Shares and the Director Incentive Options are issued to the Recipients per Resolutions 9, 10 and 11, the dilutionary effect on the issued capital of the Company is set out in Attachment 2.

10. Resolution 12: Approval to issue Future Placement Shares

10.1 Introduction

Resolution 12 seeks shareholder approval to issue up to \$5,000,000 worth of new Shares (**Future Placement Shares**) at an issue price per Share of not less than 80% of the volume weighted average market price of the Shares calculated over the last 5 days on which sales in the Shares were recorded before the day on which the Placement Shares are issued to various unrelated sophisticated, professional or other investors that fall within one or more of the classes of exemptions specified in section 708 of the Corporations Act.

The funds raised by the issue of the Future Placement Shares will be used by the Company to provide working and investment capital to the Company.

At this stage the Company has not committed to undertaking the issue of the Future Placement Shares, nor the price at which the Future Placement Shares will be issued. However, pursuant to Resolution 12 the Company is seeking the approval of Shareholders to provide it with flexibility to undertake the placement within three (3) months following the Meeting.

10.2 ASX Listing Rule 7.1

In accordance with Listing Rule 7.1, Shareholder approval is sought for the issue of the Future Placement Shares to one or more unrelated sophisticated, professional or other investors that fall within one or more of the classes of exemptions specified in section 708 of the Corporations Act.

Listing Rule 7.1 prohibits a company, except in certain cases, from issuing new equity securities equivalent in number to more than 15% of its capital in any 12 month period without the prior approval of its shareholders. Equity securities issued with shareholder approval under Listing Rules 7.1 or 7.4 do not count towards the 15% limit under Listing Rule 7.1 or the 10% limit under Listing Rule 7.1A.

By passing Resolution 12, the Company will be permitted to issue the Future Placement Shares during the 3 months after the meeting without using the Company's placement capacity pursuant to Listing Rule 7.1.

For the purposes of Listing Rule 7.3, the Company provides the following information:

Maximum Number of securities to be issued	Up to \$5,000,000 worth of Future Placement Shares may be issued within three months after the date of the Meeting. The number of Future Placement Shares to be issued will be determined by dividing the value of the placement by the issue price of the Future Placement Shares (as determined by the Directors subject to the parameters set out below).
Date by which the Company will issue the securities	The Future Placement Shares will be issued within three months after the date of the Meeting. Future Placement Shares will be issued progressively.

Explanatory Memorandum

Recipients of the securities	The Future Placement Shares will be issued to one or more unrelated sophisticated, professional or other investors that fall within one or more of the classes of exemptions specified in section 708 of the Corporations Act. The Future Placement Shares will not be issued to any recipient who, upon such issue, and in combination with that recipient's associates, would have a Relevant Interest in excess of 19.99% of the Shares in the Company, unless further Shareholder approval is obtained or the issue of Future Placement Shares to that recipient otherwise complies with Chapter 6 of the Corporations Act.
Terms of the securities to be issued	The Future Placement Shares issued will be fully paid ordinary shares and rank equally with all other existing Shares presently on issue.
Intended use of funds	The funds raised from the issue of the Future Placement Shares (up to \$5,000,000) are intended to be used for working and investment capital.

The proxy may, but need not, be a shareholder of the Company.

Shareholders who are a body corporate are able to appoint representatives to attend and vote at the meeting under Section 250D of the *Corporations Act 2001* (Cth).

The proxy form must be signed by the shareholder or his/her attorney duly authorised in writing or, if the shareholder is a corporation, in a manner permitted by the *Corporations Act*.

The proxy form (and the power of attorney or other authority, if any, under which the proxy form is signed) or a copy or facsimile which appears on its face to be an authentic copy of the proxy form (and the power of attorney or other authority) must be deposited at, posted to, or sent by facsimile transmission to the address listed below, or the Share Registry, GPO Box 242, Melbourne VIC 3001 not less than 48 hours before the time for holding the meeting, or adjourned meeting as the case may be, at which the individual named in the proxy form proposes to vote.
