Alcidion sign \$2.35m MoU with Western Health

Highlights:

- **\$2.35m MoU for Footscray, Williamstown & Sunshine Hospitals.**
- **Initial Term of three years, with an option to extend for an additional two years.**
- **Apple iPad's view Electronic Patient Records and highlight emerging clinical risk.**
- **Optimises Patient Flow, Bed Management across the hospital group.**
- **Patient Flow Market set to grow from \$USD251m to \$USD678.4 Million by 2019¹.**

Western Health has signed a \$2.35m Memorandum of Understanding with **Alcidion Group Limited** (ASX:ALC) to utilise the company's technology across its three facilities. Western Health employs 6,500 staff and manages three acute public hospitals: Western Hospital at Footscray; Sunshine Hospital at St Albans; and the Williamstown Hospital.

The Miya platform provides all the necessary data to best manage patient care, from the Emergency Department through to the hospital wards. Clinicians can access individual patient information on a myriad of mobile devices and view clinical information such as pathology and radiology results as well as access clinical documentation. Furthermore, the platform identifies emerging clinical risk and highlights at risk patients to the clinicians using the system.

In the Emergency Department, clinical staff can quickly identify those patients nearing the National Emergency Access Target (NEAT) and plan care accordingly. The solution provides an overview of capacity and demand at both the ward and unit level, providing real time information about open and available beds, patients coming in (together with the admission source) and potential and confirmed ward discharges.

CEO of Alcidion Group Limited, Mr Ray Blight commented, "We are delighted to see Western Health extend the relationship with Alcidion. Western Health should be commended on their commitment to excellence in innovation and Alcidion is privileged to be work closely on these ground breaking initiatives".

"Efficiency improvements are by far the most significant driver for investments in patient flow solutions. More specifically, healthcare organisations are focused on improving bed turnaround times and reducing patient wait times. We are delighted to be working with

Alcidion in this cutting edge Patient Flow Solution”, Executive Director of Operations, Western Health, Russell Harrison said in a statement.

A video of the solution deployed at Western Health, may be viewed from [here](#).

According to leading market research firm, Markets and Markets, the global patient flow management solutions market is estimated to grow at a CAGR of 22% from 2014 to 2019, to reach \$678.4 million by 2019 from \$251 million in 2014.

Over the years, the healthcare industry has realized that the traditional approaches to patient flow management and cost management are inefficient to keep pace with the emerging challenges. Therefore, patient flow management solutions will be among the priorities on the investment list of healthcare organizations for highly streamlined patient flow outcomes and cost management.

The Memorandum of Understanding is subject to approval by the BoD of Western Health.

About Alcidion

Alcidion Group Limited (ASX:ALC) is a publically listed, innovative health informatics company that specializes in clinical products that improve productivity, safety and efficiency. Alcidion's solutions target key problems for Emergency Rooms, Inpatient Services and Outpatient Departments and are built upon a next generation health informatics platform, which incorporates an intelligent EMR, Clinical Decision Support Engine, Data Integration Capability, Smartforms, Terminology Support and Standards Based Web Services.

Alcidion's focus is on delivering solutions that enable high performance healthcare and which assist clinicians by minimising key clinical risks, tracking patient progress through journeys and improving quality and safety of patient care.

About Western Health

Western Health manages three acute public hospitals: Western Hospital at Footscray; Sunshine Hospital at St Albans; and the Williamstown Hospital. It also operates the Sunbury Day Hospital, and a Transition Care Program at Hazeldean in Williamstown. A wide range of community based services are also managed by Western Health, along with a large Drug and Alcohol Service.

Western Health provides a comprehensive, integrated range of services from its various sites; ranging from acute tertiary services in areas of emergency medicine, intensive care, medical and surgical services, through to subacute care and specialist ambulatory clinics. Western Health provides a combination of hospital and community-based services to aged, adult and paediatric patients and newborn babies.

Employing nearly 6500 staff Western Health has a strong philosophy of working with its local community to deliver excellence in patient care.
