

ASX/Market Release
31 January 2017

Real Estate Investar Achieves 250,000 Member Milestone

Highlights of the December 2016 Quarter include:

- Membership increased to 250,124 members as at 31 December 2016, a 64.1% year on year growth;
- Cash receipts grew by 7% over the previous corresponding period to \$1.0m;
- Net cash outflows used in operating activities improved to \$0.2m, significantly reduced from net outflows of \$1.6m in the previous corresponding period and \$0.9m in the September 2016 Quarter; and
- Real Estate Investar commenced promotion of a new Premium Membership focused on assisting members to purchase investment grade properties and generate property sales commission revenues.

Real Estate Investar Group Limited (“**REV Group**” or “**Company**”) (ASX:REV), a leading provider of online services to Australian and New Zealand property investors, has released its Appendix 4C statement for the 3 months to the end of December 2016.

Receipts from customers for the 3 months to the end of December 2016 grew 7% over the previous corresponding period to \$1.0m. Net cash used in operating activities for the quarter was \$0.2m representing a significant improvement over both the \$1.6m net outflows from the previous corresponding period and the \$0.9m net outflows from the September 2016 Quarter.

During the December 2016 Quarter the REV Group grew its member base to 250,124 and achieved its IPO forecast of 250,000 members as at 31 December 2016. Member numbers grew 64.1% year on year, and more importantly the profile and engagement data collected on these members increased by 218% year on year.

The strong increase in members, along with the data collected about these members, provides a strong platform to drive the transition of the business to sales commissions using this data to match investment grade properties to quality purchasers.

In December 2016 the Company launched a new Premium Membership focused on assisting members to purchase investment grade properties based on their engagement and profile data. REV Group expects that this new membership will drive strong growth in property sales commissions in the second half of FY 2017.

Clint Greaves, CEO of Real Estate Investar commented: “The highlight of the last quarter was exceeding our IPO forecast of 250,000 members along with the significant increase in member engagement and detailed data about our members and their property investment intentions. This provides us with a strong platform to help more people invest better and to grow our property transaction revenues through the second half of the financial year.

“During the quarter, we launched a new outcome focused membership to ensure everything we do is aligned with assisting members to purchase investment grade properties that meet their individual criteria. Our new Premium Membership is designed to assist first time and existing property investors through every step of the process, from setting buying criteria to obtaining finance pre-approvals and ultimately identifying individual properties that are most likely to meet the outcome each member desires.

Mr Greaves continued, “With our new membership offering and key partnerships in place, we are looking forward to a strong second half to FY 2017 where we will continue to increase our engagement with our significant member base and most importantly increase revenue from commissions associated with the direct sale of investment property.”

Key Initiatives in FY 2017

Following the achievement of our prospectus forecast for FY 2016 and strong growth in members past 250,000 at 31 December 2016, the focus for the REV Group is now to drive revenue growth with a strategy based on the following key activities:

1. Increase the number of members using REV Group products and services;
2. Increase the volume of engagement and profile data captured around each member to allow for better matching of investment grade property;
3. Convert high quality members into Premium Membership customers;
4. Grow sales of investment grade property to all members to increase commission revenues;
5. Extract complimentary property investing related services revenues; and
6. Look for further Australian and New Zealand organic and acquisitive expansion opportunities.

**** ENDS ****

Background

The Real Estate Investar Group Limited is a leading provider of online services and direct investment property opportunities to Australian and New Zealand property investors to help simplify their acquisition and management of residential investment property.

The Company offers property investors a comprehensive suite of free online services to grow its member base and increase its knowledge of members as they engage with these services. It then monetises this base by providing them with subscriptions for advanced tools, selling investment grade property and through the sale of additional products and services.

Notes

1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
2. If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
