EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 31 December 2016 together with the declaration of the directors, the directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.galaxylithium.com

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. RESOLUTION 2 – RE-ELECTION OF DIRECTOR – MR MARTIN ROWLEY

Martin Rowley, who has served as a director since 28 November 2013, and was last re-elected on 20 June 2014, retires by rotation and seeks re-election.

13. RESOLUTION 13 – APPROVAL OF EMPLOYEE INCENTIVE OPTION PLAN

Resolution 13 seeks Shareholders approval for the adoption of the employee incentive scheme titled Galaxy Resources Limited Employee Incentive Option Plan (**Plan**) in accordance with ASX Listing Rule 7.2 (Exception 9(b)).

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period. ASX Listing Rule 7.2 (Exception 9(b)) sets out an exception to ASX Listing Rule 7.1 which provides that issues under an employee incentive scheme are exempt for a period of 3 years from the date on which shareholders approve the issue of securities under the scheme as an exception to ASX Listing Rule 7.1.

If Resolution 13 is passed, the Company will be able to issue securities under the Plan to eligible participants over a period of 3 years without impacting on the Company's ability to issue up to 15% of its total ordinary securities without Shareholder approval in any 12 month period.

Shareholders should note that no Options have previously been issued under the Plan. However, the Company has agreed, subject to Shareholder approval, to issue the Options the subject of Resolutions 14 to 18 under the Plan.

The objective of the Plan is to attract, motivate and retain directors, management and key employees and it is considered by the Company that the adoption of the Plan and the future issue of Options under the Plan will provide selected directors, management and employees with the ability to participate in the future growth of the Company.

Any future issues of securities under the Plan to a related party or a person whose relation with the company or the related party is, in ASX's opinion, such that approval should be obtained will require additional Shareholder approval under ASX Listing Rule 10.14 at the relevant time. For this reason, the Company is also seeking approval under Resolutions 14 to 18 for the issue of Options to certain Directors pursuant to the Plan.

A summary of the key terms and conditions of the Plan is set out in Schedule 4. In addition, a copy of the Plan is available for review by Shareholders at the registered office of the Company until the date of the Meeting. A copy of the Plan can also be sent to Shareholders upon request to the Company Secretary (Simon Robertson). Shareholders are invited to contact the Company if they have any queries or concerns.

14. RESOLUTIONS 14 TO 18 – ISSUE OF DIRECTOR INCENTIVE OPTIONS

14.1 General

The Company has agreed, subject to obtaining Shareholder approval and to the adoption of the Plan (refer Resolution 13), to issue a maximum of 9,500,000 incentive Options (on a post-Consolidation basis) (**Related Party Options**) to related parties of the Company under the Plan as follows:

- (d) 500,000 Related Party Options to Peter Bacchus; and
- (e) 500,000 Related Party Options to John Turner.

These Related Party Options will vest upon satisfaction of the milestones set out in Schedule 6.

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The grant of the Related Party Options constitutes the giving of a financial benefit and Messrs Rowley, Tse, Zhang, Bacchus and Turner (together, the **Related Parties**) are related parties of the Company by virtue of being Directors of the Company.

In addition, ASX Listing Rule 10.14 requires shareholder approval to be obtained where an entity issues, or agrees to issue, securities under an employee incentive scheme to a director of the entity, an associate of the director, or a person whose relationship with the entity, director or associate of the director is, in ASX's opinion, such that approval should be obtained.

It is the view of the Company that the exceptions set out in sections 210 to 216 of the Corporations Act and ASX Listing Rule 10.15B do not apply in the current circumstances. Accordingly, Shareholder approval is sought for the grant of Related Party Options to the Related Parties.

- (l) if the maximum amount of Related Party Options granted to the Related Parties are exercised, a total of 9,500,000 Shares would be issued (on a post Consolidation basis). This will increase the number of Shares currently on issue from 395,138,471 (on a post-Consolidation basis) to 404,638,471, assuming that no other Shares are issued, with the effect that the shareholding of existing Shareholders would be diluted by an aggregate of 2.347%, comprising 0.989% for each of Messrs Rowley and Tse and 0.123% for each of Messrs Zhang, Bacchus and Turner;

- (m) the trading history of the Shares on ASX in the 12 months before the date of this Notice is set out below:

	Price	Date
Highest	\$0.69	13 January 2017
Lowest	\$0.26	7 April 2016
Last	\$0.455	31 March 2017

- (n) the Board acknowledges the grant of Related Party Options to Messrs Rowley, Bacchus, Turner and Zhang is contrary to Recommendation 8.3 of The Corporate Governance Principles and Recommendations with 2014 Amendments (3rd Edition) as published by The ASX Corporate Governance Council. However, the Board considers the grant of Related Party Options to those parties is reasonable in the circumstances for the reason set out in paragraph (p);
- (o) the primary purpose of the grant of the Related Party Options to the Related Parties is to provide a performance linked incentive component in the remuneration package for the Related Parties to motivate and reward the performance of the Related Parties in their respective roles as Directors;
- (p) Mr Rowley declines to make a recommendation to Shareholders in relation to Resolution 14 due to a material personal interest in the outcome of the Resolution on the basis that he is to be granted Related Party Options in the Company should Resolution 14 be passed. However, in respect of Resolutions 15 to 18, Mr Rowley recommends that Shareholders vote in favour of the Resolution for the following reasons:
- (i) the grant of Related Party Options to the Related Parties, in particular, the vesting conditions of the Related Party Options, will align the interests of the Related Parties with those of Shareholders;
 - (ii) the grant of the Related Party Options is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to the Related Parties; and
 - (iii) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in granting the Related Party Options upon the terms proposed;
- (q) Mr Tse declines to make a recommendation to Shareholders in relation to Resolution 15 due to a material personal interest in the outcome of the Resolution on the basis that he is to be granted Related Party Options in the Company should Resolution 15 be passed. However, in respect of Resolutions 14 and 16 to 18, Mr Tse recommends that Shareholders vote in favour of the Resolution for the reasons set out in paragraph (p);
- (r) Mr Zhang declines to make a recommendation to Shareholders in relation to Resolution 16 due to a material personal interest in the outcome of the Resolution on the basis that he is to be granted Related Party Options in the Company should Resolution 16 be passed. However, in respect of Resolutions 14, 15, 17 and 18, Mr Zhang recommends that Shareholders vote in favour of the Resolution for the reasons set out in paragraph (p);
- (s) Mr Bacchus declines to make a recommendation to Shareholders in relation to Resolution 17 due to a material personal interest in the outcome of the Resolution on the basis that he is to be granted Related Party Options in the Company should Resolution 17 be passed. However, in respect of Resolutions 14 to 16 and 18, Mr Bacchus recommends that Shareholders vote in favour of the Resolution for the reasons set out in paragraph (p);

- (t) Mr Turner declines to make a recommendation to Shareholders in relation to Resolution 18 due to a material personal interest in the outcome of the Resolution on the basis that he is to be granted Related Party Options in the Company should Resolution 18 be passed. However, in respect of Resolutions 14 to 17, Mr Turner recommends that Shareholders vote in favour of the Resolution for the reasons set out in paragraph (p);
- (u) in forming their recommendations, each Director considered the experience of each other Related Party, the current market price of Shares, the current market practices when determining the number of Related Party Options to be granted as well as the exercise price and expiry date of those Related Party Options;
- (v) none of the Related Parties voted at a Board level on the respective resolutions to issue their Related Party Options; and
- (w) the Board is not aware of any other information that would be reasonably required by Shareholders to allow them to make a decision whether it is in the best interests of the Company to pass Resolutions 14 to 18.

Approval pursuant to ASX Listing Rule 7.1 is not required in order to issue the Related Party Options to the Related Parties as approval is being obtained under ASX Listing Rule 10.14. Accordingly, the issue of Related Party Options to the Related Parties will not be included in the 15% calculation of the Company's annual placement capacity pursuant to ASX Listing Rule 7.1.

15. RESOLUTION 19 – INCREASE TO NON-EXECUTIVE DIRECTORS' REMUNERATION

ASX Listing Rule 10.17 provides that an entity must not increase the total aggregate amount of directors' fees payable to all of its non-executive directors without the approval of holders of its ordinary securities.

Clause 10.8 of the Constitution also requires that remuneration payable to the non-executive Directors will not exceed the sum determined by the Company in general meeting, from time to time.

The maximum aggregate amount of fees payable to all of the non-executive Directors is currently set at \$800,000. Resolution 19 seeks Shareholder approval to increase this figure by \$200,000 to \$1,000,000.

This amount includes superannuation contributions made by the Company for the benefit of non-executive Directors and any fees which a non-executive Director agrees to sacrifice for other benefits. It does not include reimbursement of genuine out of pocket expenses, genuine "special exertion" fees paid in accordance with the Constitution, or securities issued to a non-executive Director under ASX Listing Rule 10.11 or 10.14 with approval of Shareholders.

The maximum aggregate amount of fees proposed to be paid to the non-executive Directors per annum has been determined after reviewing similar companies listed on ASX and the Directors believe that this level of remuneration is in line with corporate remuneration of similar companies.

Whilst it is not envisaged that the maximum amount sought will be utilised immediately, the proposed limit is requested to ensure that the Company:

- (a) maintains its capacity to remunerate both existing and any new non-executive Directors joining the Board;
- (b) remunerates its non-executive Directors appropriately for the expectations placed upon them both by the Company and the regulatory environment in which it operates; and

- (c) has the ability to attract and retain non-executive Directors whose skills and qualifications are appropriate for a company of the size and nature of the Company.

In the past 3 years, the Company has issued non-executive Directors, or their nominees, an aggregate of 21,677,966 Shares, and 8,500,000 Share Appreciation Rights with prior Shareholder approval under ASX Listing Rules 10.11 and 10.14.

Given the interest of the non-executive Directors in this Resolution, the Board makes no recommendation to Shareholders regarding this Resolution.

- (l) **Change in exercise price:** An Option issued under the Plan does not confer the right to a change in Exercise Price or a change in the number of underlying securities over which the Option can be exercised.
- (m) **Reorganisation:** The terms upon which Options will be granted will not prevent the Options being re-organised as required by the Listing Rules on the re-organisation of the capital of the Company.

- (n) **Limitations on Offers:** The Company must have reasonable grounds to believe, when making an Offer, that the number of Shares to be received on exercise of Options offered under an Offer, when aggregated with the number of Shares issued or that may be issued as a result of offers made in reliance on the Class Order at any time during the previous 3 year period under an employee incentive scheme covered by the Class Order or an ASIC exempt arrangement of a similar kind to an employee incentive scheme, will not exceed 5% of the total number of Shares on issue at the date of the Offer.

SCHEDULE 5 – TERMS AND CONDITIONS OF PRIMERO OPTIONS

(a) **Entitlement**

Each Option will entitle the holder to subscribe for one Share. All Shares issued upon the exercise of the Options will rank equally in all respects with the Company's then existing Shares.

(b) **Exercise Price**

The Options are exercisable at \$0.40 each (on a pre-Consolidation basis) (**Exercise Price**).

(c) **Vesting Condition**

The Options are subject to a vesting conditions relating to production targets at the Company's Mt Cattlin project (**Vesting Condition**). The Options will automatically lapse if the Vesting Condition is not satisfied and is not waived by the Board in its sole discretion. These Options subsequently lapsed as the Vesting Conditions were not met.

(d) **Expiry Date**

Subject to satisfaction of the Vesting Condition, the Options may be exercised at any time prior to 8 September 2018 (**Expiry Date**) in whole or in part, by completing and delivering a duly completed form of notice of exercise (**Notice of Exercise**) to the registered office of the Company. An Option not exercised on or before the Expiry Date will lapse.

Shares issued pursuant to the exercise of the Options will be issued, and a holding statement provided to the holders of Options in respect of those Shares, on the above terms and conditions not more than 5 Business Days after the receipt of a duly completed form of Notice of Exercise in respect of the Options exercised.

(e) **Quotation of Options and Shares on Exercise**

Application will not be made to ASX for official quotation of the Options. Application will be made for official quotation of the Shares issued upon exercise of Options not later than 5 Business Days after the date of issue.

(f) **Transfer of Options**

The Options are not transferable.

(g) **Participation Rights or Entitlements**

There are no participating rights or entitlements inherent in the Options and the holders of Options will not be entitled to participate in new issues of securities offered to shareholders during the currency of the Options. However, Galaxy must give notice to the holders of Options of any new issue before the record date for determining entitlements to the issue in accordance with the ASX Listing Rules so as to give those holders the opportunity to exercise their Options before the date for determining entitlements to participate in any issue.

(h) **Cashless Exercise Facility**

If at the Option holder's sole discretion they elect to exercise the Cashless Exercise Facility, they will receive, without payment of cash or other consideration, the number of Shares determined in accordance with the following formula:

$$A = \frac{B * (C - D)}{C}$$

where:

- A= the number of Shares to be issued to the holder of the Options;
- B= the number of Shares otherwise issuable upon the exercise of the Options;
- C= the volume weighted average price of Shares sold on the ASX over the last 5 trading days immediately before the date of delivery of the Notice of Exercise; and
- D= the Exercise Price.

(i) **Fractional Entitlements**

If the number of Shares to be issued to the holder of the Options under the Cashless Exercise Facility is not a whole number, the number of Shares to be issued will be rounded down to the nearest whole number.

(j) **Reorganisation of Share Capital**

In the event of a reorganisation (including consolidation, subdivision, reduction or return) of the issued capital of Galaxy, all rights of the holder of Options shall be changed to the extent necessary to comply with the Listing Rules applying to a reorganisation of capital at the time of the reorganisation.

(k) **Bonus Issues**

If, from time to time, before the expiry of the Options, Galaxy makes a pro rata issue of Shares to Shareholders for no consideration, the number of Shares over which an Option is exercisable will be increased by the number of Shares which the holder of the Options would have received if the Option had been exercised before the date for calculating entitlements to the pro rata issue.

(I) **Pro Rata Issues**

If Galaxy makes a pro rata issue of securities (except a bonus issue) to Shareholders (other than an issue in lieu or in satisfaction of dividends or by way of a dividend reinvestment) the exercise price of an Option shall be reduced according to the following formula:

$$O' = O - \frac{E[P-(S+D)]}{N+1}$$

Where:	O'	The new exercise price of an Option.
	O	The old exercise price of an Option.
	E	The number of underlying securities into which one Option is exercisable.
	P	The volume weighted average market price per security (weighed by reference to volume) of the underlying securities during the 5 trading days ending on the day before the ex-rights date or ex entitlements date.
	S	The subscription price for a security under the pro-rata issue.
	D	The dividend due but not yet paid under the existing underlying securities (except those to be issued under the pro rata issue).
	N	The number of securities with rights or entitlements that must be held to receive a right to one new security.

SCHEDULE 7 – VALUE AND PRICING METHODOLOGY OF RELATED PARTY OPTIONS

The Related Party Options to be issued to the Related Parties pursuant to this Notice of Meeting have been valued by BDO Advisory (WA) Pty Ltd (**BDO**).

Assumptions:		
Valuation date		31 March 2017
Valuation Method		Options with Vesting Condition A: a single share price barrier option pricing model that simulates the share price of Galaxy as at the vesting date using a Monte Carlo model Options with Vesting Conditions B, C, D, E or F: Black Scholes option pricing model.
Underlying Share price		\$0.455 (\$2.275 on a post-Consolidation basis) (based on the closing price of a Share as at the close of 31 March 2017). The post-Consolidation price of \$2.275 is the price that has been used in determining the value of the Options.
Exercise price		The exercise price is the price at which the underlying Shares will be issued. For the Options, the exercise price is 125% of the 5-day VWAP on the ASX up to and including the date of the Notice of Meeting. The Company's 5-day VWAP up to and including the indicative valuation date was \$0.466 (\$2.330 on a post-Consolidation basis), therefore the exercise price of the Options used for the purposes of valuation is \$0.582 (being \$2.913 on a post Consolidation basis). The actual exercise price as at the date of the Notice of Meeting may differ, with the exercise price being adjusted upon the Consolidation taking effect.
Expiry date (length of time from issue)		3 years from the date of issue. For the purposes of the valuation, an indicative issue date of 31 March 2017 was used
Risk free interest rate		A risk-free rate of a three-year Australian Government bond of approximately 1.90% (as at 31 March 2017) has been used
Volatility		Future estimated share price volatility level of 85% has been used in determining the value of the Options.

Note:

1. The valuation noted above has been prepared on a post-Consolidation basis on the assumption that the consolidation of capital under Resolution 12 of this Notice of Meeting will be approved. If the Consolidation is not approved, the number of Related Party Options and the valuation per Option will need to be adjusted to a pre-Consolidation basis.
2. The valuation noted above is not necessarily the market prices that the Options could be traded at and is not automatically the market prices for taxation purposes. The recipient of the Options should seek its own tax advice as to the tax treatment of receiving Options in the Company and the value for taxation purposes. BDO has provided in its letter to the Company dated 3 April 2017 fair values based on the assumptions set out in the above letter.
3. The Options will need to be re-valued for IFRS purposes following Shareholder approval.
4. It is assumed that no dividends are expected to be declared or paid by the Company during the term of the Options.
