CPT Global Limited and Wipro Limited Partner to Deliver Testing Services to a Large Financial Institution in Australia

CPT Global Limited (ASX: CGO) (CPT) today announced a partnership with Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology consulting and business process services company, to deliver IT testing services to one of Australia's largest financial institutions.

As part of this partnership, CPT and Wipro will deliver the testing services together for the customer over a five year term. The agreement is a testament to CPT's testing expertise in the Australian market. Combined with Wipro's leadership and maturity in the testing services space and vast global footprint, the partnership is expected to deliver transformational outcomes for the client.

The scope of the partnership with Wipro encompasses test management, test governance, test environment management, as well as functional and non-functional testing. The client is expected to realise cost reductions and efficiency gains through automation, the use of specialist software, innovation and optimal mix of resources and skills.

Commenting on the partnership, **David Lynch, CEO Australia & Asia - CPT Global** said, "We're excited to be partnering with Wipro and are pleased to be embarking upon our first customer engagement, together. The synergies between Wipro's best practices and global delivery capability and CPT's deep technical experience, trust from clients and testing capability, help us offer a unique value proposition for assuring quality business outcomes whilst driving efficiency for customers. We see immense potential for expanding the success of our partnership with Wipro."
