WANGLE VPN PARTNERS WITH STUDENT EDGE, GIVING ACCESS TO +900,000 POTENTIAL USERS

Highlights:

- Wangle partners VPN App with Student Edge, giving access to +900,000 potential subscribers immediately.
- Key elements of campaign include direct email and SMS campaigns, supported by onsite advertising and extensive content promotion.
- Student Edge has most engaged audience in Australia for 12 – 32 age group.
- Due to efficient targeting and user optimisation, Cost Per Subscription via Student Edge partnership likely to be under \$2.00.

Wangle Technologies Limited (**Wangle** or the **Company**) (**ASX: WGL**) developer of the Wangle VPN App, is pleased to advise it has reached agreement with Student Edge for the promotion of its product with that organisations membership base.

Student Edge, which was founded in 2003, is the largest members based organisation of high school and tertiary students in Australia. At present, it has over 900,000 members, which it's heavily engaged with, and is looking to secure over 1 million members by end of CY 2017.

Under the terms of the partnership, Student Edge has agreed to actively promote the Wangle VPN App to its membership, including direct email campaigns, targeted SMS and the creation and dissemination of specific content.

Commenting on the agreement with Student Edge, Wangle CEO, Mr Sean Smith, said;

"In Student Edge, we have found a partner that not only has the membership that will use the product, but who provides a 'go to market' strategy that is well below current financial metrics."

They are the perfect partner, not only because their members are most likely to access and use the product, but because they genuinely believe in it and want to promote it to their membership base."

The Wangle App provides customers access to the fastest, cheapest and most secure mobile VPN on the market. This includes our newly established global network presence backed by our partners in Rackspace and Amazon Web Services.

It will be available at \$4.99 per month after a free 30-day trial period.
