WiseTech to acquire Brazilian customs solution provider, Bysoft

WiseTech Global Limited announced the acquisition of Bysoft Solucoes em Sistemas Para Comercio Exterior Ltda (Bysoft), the largest provider of customs and logistics compliance solutions to the logistics industry across Brazil.

Headquartered in Sao Paolo, Bysoft provides automated customs and freight forwarding software and solutions to ~750 corporations including DHL, FedEx, UPS, Schenker, Yusen, Expeditors and CH Robinson.

WiseTech CEO, Richard White, said “With Bysoft’s leading position in customs solutions in Brazil, and with Brazil the largest logistics market in South America, we are pleased to welcome the Bysoft team to the WiseTech Global family. Acquiring the market leading customs and logistics compliance vendor gives us an incredibly strong foundation for our South American expansion.”

“We value their leadership, cross-border compliance expertise and product development knowledge. We know Bysoft well through our long-standing Wise Business Partner relationship. Given the deep complexities of cross-border logistics in Brazil, we believe the powerhouse combination of WiseTech Global and Bysoft will provide significant benefit for Brazilian logistics providers and multi-nationals world-wide.”

WiseTech will pay \$11.8m (R\$30m) on completion plus a potential earnout payment for future revenue growth. The total purchase cost will be 3.8x 2018 Bysoft revenue. With current annual revenue of approximately \$3.4m (R\$8.7m) and approximately breakeven NPAT, this transaction is not material to the WiseTech Global group. Bysoft is expected to be consolidated into WiseTech group accounts from August 2017.

This transaction is in line with the company’s stated strategy of accelerating long-term organic growth through small, targeted, valuable acquisitions across new geographies and adjacencies. We are continuing to progress our pipeline of opportunities in key target regions of Europe, Asia and Latin America.
