CEO SEAN SMITH INVITED TO SPEAK AT WACSSO CONFERENCE ON WANGLE FAMILY INSITES

Wangle Technologies Limited (Wangle or the Company) (ASX:WGL) is pleased to announce that CEO Sean Smith has been invited to speak at the upcoming Western Australian Council of State School Organisations Inc. (**WACSSO**) conference on the soon to be released family protection software suite, **Wangle Family Insites (WFI)**.

The WACSSO influences the direction of public education via the views of parents and citizens for the benefit of students. The annual event is the one time of year public school parents and the education community from across the whole of Western Australia, come together to learn and share experiences about education and the public school system.

WACSSO is the representative of over 650 Parent and Citizens Associations (P&Cs) throughout Western Australia. It influences the direction of education as one voice through negotiation with federal, state and local governments, the Minister for Education, and key stakeholders. Founded in 1921, WACSSO strives to influence in a positive way, the future direction of education for the benefit of students encompassing all aspects of learning, including cognitive, social, emotional, health and physical education.

The State Council of WACSSO is made up of volunteers including the President and up to 32 State Councillors who represent their individual electorates throughout Western Australia. State Councillors are nominated by their P&C Association. Once elected, Councillors' represent the views, issues, concerns and opinions of all the P&C groups in their electorate as a result of the regular contact they have with them.

The Minister for Education and Training, Hon. Sue Ellery, Sharyn O'Neill, Director General from Department of Education and Hon. Donna Faragher, Shadow Minister for Education will be in attendance.

ABOUT WANGLE FAMILY INSITES

Wangle Family Insites (**WFI**) offers parents a unique approach to ensuring the safe use of the internet by children and teenagers. By utilising Wangle's world class VPN network, backed by the research insights of childhood development research organization Telethon Kids Institute, WFI monitors mobile network patterns in real time and advises parents of potential threats as well as providing greater details and resources to parents on the threats identified.

ABOUT WANGLE TECHNOLOGIES

Wangle Technologies has developed patented algorithms that not only optimise, compress and secure the data flow to mobile devices, but facilitate real time analysis of network patterns and usage behaviours. Wangle's technology provides compelling value to consumers, service providers and enterprises looking for innovative low cost solutions for managing network capacity and use.
