Mr Wade Baggott
Principal Adviser
ASX Listings Compliance (Perth)

Dear Sirs

OBJ Limited: ASX aware query

We refer to your letter dated 25 August 2017.

We respond to the questions raised in the above letter as follows:

1 Does the Entity consider the Performance Milestone Information referred to in the Commentary Announcement to be information that a reasonable person would expect to have a material effect on the price or value of its securities?

No. The Commentary Announcement provided clarity regarding salaries and consultants expenses as contained in the Appendix 4E announcement made by OBJ for the year ended 30 June 2017 which was disclosed to ASX on 22 August 2017.

Pursuant to the 2014 Notice of Annual General Meeting, OBJ obtained shareholder approval for the issue of 3 tranches of performance rights to the directors (**Notice of AGM**). The Notice of AGM clearly set out the performance conditions associated with each tranche.

The first tranche milestone related to the first royalty payment from a licence to a third party of OBJ's powered Dermaportation technology (**Performance Milestone 1**).

OBJ has previously advised ASX (refer to the announcements dated 2 June and 28 July 2017) that it had received royalty payments relating to the Dermaportation technology.

OBJ considers that given the nature of Performance Milestone 1 and the ASX announcements referred to above, the market was informed that the performance condition had been satisfied. OBJ is in the process of issuing the shares the subject of Performance Milestone 1. Upon issuance of the shares, OBJ will issue appropriate notification to the ASX.

The second tranche performance milestone related to the execution of a new licence agreement with a third party for the utilisation of OBJ's ETP technology (**Performance Milestone 2**).

On 3 April 2017, OBJ announced to ASX that it had executed two new license agreements for the use of ETP technology.

In terms of Performance Milestone 2, although the Board is of the view that the milestone has been satisfied (resulting in the accounting treatment set out in the Appendix 4E) the Board has subsequently formed the view that it would not be appropriate to issue the shares to the relevant directors associated with Performance Milestone 2 and will be making separate announcement to ASX to that effect.

The third tranche performance milestone has yet to be satisfied.

- 2 ***When did the Entity become aware of the Performance Milestone Information referred to in the Announcement? In answering this question, please include details of the relevant time and circumstances of the Entity became aware that Performance Milestones 1 and 2 had been met, as referred to in the Announcement.***

Performance Milestone 1 was satisfied on OBJ receiving the first royalty payment, as announced to ASX on 2 June and 28 July 2017. Given the terms of Performance Milestone 1 were contained in the Notice of AGM, the market would also have become aware of the satisfaction of this milestone at the same time.

Performance Milestone 2 was satisfied on OBJ entering into the 2 new terms sheets, as announced to ASX on 3 April 2017. Given the terms of Performance Milestone 2 were contained in the Notice of AGM, the market would also have become aware of the satisfaction of this milestone at the same time. As noted above however notwithstanding the view that Performance Milestone 2 has been satisfied, the shares associated with this milestone will not be issued to the relevant directors.

- 3 ***If the answer to any part of question 1 is “yes” and the Entity became aware of the Performance Milestone Information referred to in the Announcement, including the satisfaction of Performance Milestones 1 and 2 prior to the release of the Announcement on Wednesday, 23 August 2017, did the Entity lodge any announcement with ASX Market Announcements prior to this date which disclosed the information in the Announcement? If so, please provide details. If not, please explain why this information was not released to the market at an earlier time, commenting specifically on when you believe the entity was obliged to release the information under Listing Rules 3.1 and 3.1A and what steps the Entity took to ensure that the information was released promptly and without delay.***

Please see the answer to question 1 above regarding the ASX releases concerning the satisfaction of the performance milestones.

- 4 ***If the answer to question 1 is “no”, please advise the basis for that view.***

Please see the answer to question 1 above.

- 5 ***Please confirm that the Entity is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.***

OBJ confirms that it is compliance with the Listing Rules and Listing Rule 3.1 in particular.

- 6 ***Please confirm that the Entity’s responses to the questions above have been authorised and approved in accordance with its published continuous disclosure policy or otherwise by its board or an officer of the Entity with delegated authority from the board to respond to ASX on disclosure matters.***

OBJ confirms that the above responses have been authorised and approved in accordance with its continuous disclosure policy.

Dear Mr Palermo

OBJ Limited (the "Entity"): ASX aware query

ASX Limited ("ASX") refers to the following:

1. The Entity's announcement entitled "Appendix 4E" lodged with ASX Market Announcements Platform and released at 5:01 pm (AEST) on Tuesday 22 August 2017 (the "Announcement") including the preliminary financial year information for the Entity for the period 1 July 2016 to 30 June 2017.
2. The Entity's announcement entitled "Commentary in relation to Appendix 4E" lodged with ASX Market Announcements Platform and released at 5:21 pm (AEST) on Wednesday 23 August 2017 (the "Commentary Announcement") providing further details regarding salaries and consultant expenses set out in the Announcement, and including the following statements:

"The Company's auditors required OBJ to make a provision in the accounts for the expense of two of the Performance Milestones approved at the 2014 Annual General Meeting. This is done in accordance with Accounting Standard AASB 2.

The auditors have assigned a value to this expense of \$3.54m, based on the prevailing share price at the time shareholders approved the Performance Milestones in November 2014.

It is important to note that OBJ's auditors took this view based on independent legal advice received by the Company that Performance Milestones 1 and 2 have been met, though these shares have not yet been approved by the Company's Board to be issued."
