TikForce Receives \$513,000 from Research and Development Claim

Highlights

- TikForce receives \$513,000 from R&D Claim FY 16 - 17
- Funds will support continued operational rollout

Tikforce Limited (ASX: TKF, TikForce, or the Company) is pleased to report that \$513,000 has been received in relation to the Company's Research and Development (R&D) claim for the financial year ending 30 June 2017.

The claim relates to a range of technical development activities associated with further advancement and extension of the TikForce platform.

The received funds will be applied to the continuation of support for the Company's ongoing operational rollout and the expansion of the recently announced Enterprise Vendor Supply Chain Platform, thereby offering further opportunities for existing clients and new clients.

The Company appreciates the support of the Federal Government through the R&D Tax Incentive Scheme.

About TikForce

Tikforce is a Human Resource technology platform that provides businesses a more efficient and complete solution for workforce identity, compliance checks and credentials and qualification screening.

TikForce offers a comprehensive Enterprise Supply Chain solution to support real-time, comprehensive workforce verification and compliance.

The TikForce platform is faster, cheaper, lower risk and more comprehensive than traditional systems. For more information please visit:
