ASX: UPD

APPENDIX 3B

Following approval of the Board of Directors, and following the Company's completion of the acquisition of IGC Software and Asset Controls Inc. (collectively, the "Target Companies"), the Company has issued 168,732 new shares of common stock (equivalent to 4,218,300 CDIs) to the key employees of the Target Companies as part of the consideration payable by the Company for the acquisition of the Target Companies pursuant to the terms of the Stock Purchase Agreement between the Company and the Target Companies (the "Consideration Shares"). The Consideration Shares represent an aggregate value of US\$4,200,000, with an issue price for the Consideration Shares calculated as the 10 trading day VWAP of the Company's CDIs on the trading day before the closing date of the acquisition (i.e., A\$1.2711 per CDI, which equates to US\$24.8913 per share of common stock based on an exchange rate of AUD/USD 0.7833). The Consideration Shares vest under the Company's standard 4-year vesting schedule and, as a result, all such shares are subject to restrictions on trading for a period of 12 months from closing of the acquisition.

The Company has also issued 20,084 options over shares of common stock in the Company to the key employees of the Target Companies in connection with their new employment at MoveHQ Inc., a wholly-owned subsidiary of the Company. These options have been issued out of the Company's existing incentive stock option pool, with an exercise price of US\$24.8913 per share, and vest under the Company's standard 4-year vesting schedule.

The table below sets forth the securities of the Company on issue as at 4 October 2017.
