ASX: RBO | 13 November 2017

Robo Achieves Record Monthly Revenue

HIGHLIGHTS

- Record monthly revenue of \$1.3m for October 2017, more than 30% higher than previous monthly record
- Significant contribution from Robo R2 across all channels
- Release of R1+ also driving demand for Robo at entry level price point
- Management re-confirms on target to surpass full prior year revenue during first half of FY18
- Contribution from international markets and education segment expected to provide larger contribution in 2018

Robo 3D Limited (“**Robo**” or the “**Company**”), the emerging company delivering award-winning products for the desktop segment of the fast- growing 3D printing industry, is pleased to provide the following sales update.

Highest Ever Monthly Revenue of \$1.3m Achieved

As announced on 31 October 2017, the Company advised that it expects to surpass its full year revenue from FY17 of \$3.2m within the first half of the FY18 financial year. Today, the Company is pleased to advise that it has recorded its highest every monthly revenue of \$1.3 million for the month of October.

This milestone is more than 30% higher than the previous record monthly revenue achieved by the Company in its history, and represents more than 40% of the revenue achieved from the full 12 months of the prior financial year. Commenting on this milestone, Managing Director Ryan Legudi stated:

“This record result is testament to the hard work and dedication of our team over the last 18 months bringing two new award-winning 3D printers to market. It also reflects the growing profile and reputation of our products across our target segments, and validates our strategic focus.

We now have a product suite of 3D printers that are selling strongly into each of the professional, education, and consumer segments, each of which is contributing to the significant growth trajectory of the business as we head into 2018.”

As a result, Robo re-confirms that it will surpass its full year revenue from FY17 of \$3.2m within the first half of the FY18 financial year.

Robo is continuing to aggressively expand its customer base and broaden its distribution and reach, while continuing to explore opportunities with major distribution partners in the USA and internationally. In addition, the Company is focusing on driving strategic commercial partnerships in a number of industry verticals, particularly education.
