- **Capital raising together with A\$45 million Senior Debt Facility will be used to complete the acquisition of Peak Mines, and deliver a strong working capital position**

Aurelia Metals Limited ("AMI" or the "Company") is pleased to announce that it has received an overwhelmingly positive response to the capital raising conducted to fund the acquisition of the Peak Mines from New Gold Inc. (announced on 21 November 2017), resulting in Aurelia accepting firm commitments of A\$70 million.

The heavily oversubscribed institutional placement ("Placement") was strongly supported by both existing shareholders and new investors with several large institutions joining Aurelia's share register through the Placement.

Aurelia's Managing Director and CEO, Jim Simpson said;

"We are very pleased with the response from investors to the Placement, which shows strong support for our growth strategy and the acquisition of the Peak Mines. We thank our existing shareholders for their continued support and we are also very pleased to welcome a number of new reputable institutions to the Aurelia register."

We are pleased that all of our existing eligible shareholders will also have the opportunity to apply for new shares under the Share Purchase Plan that we announced concurrently with launch of the Placement."

The Placement issue price of A\$0.21 represents a 12.95% discount Aurelia's five day volume weighted average price on the ASX on 20 November 2017, being the day prior to Aurelia entering into the trading halt to conduct the Placement.
