TikForce Enters Supply Chain Workforce Verification & Access Management Services Agreement with Iluka Resources

- TikForce enters commercial agreement with Iluka Resources Ltd.
- TikForce is providing a fully managed verification, access control and alcohol testing solution for all suppliers and contract workers.
- The two-year agreement will commence immediately with roll out to Iluka's North Capel suppliers.

TikForce Limited (ASX: TKF), is pleased to announce that its wholly owned subsidiary Tikforce Operations Pty Ltd ('the Company or TikForce') has entered into a commercial agreement with global mineral sands mining company Iluka Resource Ltd, (ASX: ILU).

Iluka is a major international mineral sands resource company. It is involved in the exploration, project development, operations and marketing of mineral sands products. The major part of Iluka's production base is in Australia, with mining and processing operations also in Sierra Leone.

The TikForce solution being installed at Iluka's North Capel site will provide a fully integrated solution to manage workforce risk by:

- Verifying and matching credentials to the specific role and activity requirements carried out by individuals.
- Guaranteeing each individual coming on site has completed all required inductions and job requirements before entering the site.
- Preventing site access for anyone who fails mandatory alcohol testing and fitness for work requirements.
- Provide real-time information ensuring each site visit is undertaken based on up to date qualifications.

The solution has been developed by working closely with the Iluka over the last six months.

TikForce Managing Director, Kevin Baum commented: “There has been a significant amount of innovative work by the TikForce team and by Iluka to create a solution that is so comprehensive and affordable that Iluka can enable every worker across its suppliers for the North Capel site to use the TikForce system.

We are excited that this is the first 100% TikForce compliance site and thrilled that fitness for work and compliance requirements to access site have been integrated.

We expect company and regional expansion as the tangible benefits of the TikForce system are delivered and understood. This is a significant milestone for the company and for the validation of the system.”
