## WANGLE FAMILY INSITES RANKED FIRST ON GOOGLE PLAY PARENTING APPS

Wangle Technologies Limited (Wangle or the Company) (**ASX:WGL**) is pleased to report that the Android version of the Company's ground-breaking family protection software suite, **Wangle Family Insites (WFI)**, has achieved the number 1 position in the Parenting category of the Google Play store.

The Android version of WFI, released just 12 days ago, achieved over 1000 downloads in its first week and has maintained a customer rating of 4.7 on the Google Play store.

Figure 1. WFI is #1 in Google Play store's Top Parenting Apps.

The Company's ground-breaking parent protection suite utilises behavioural analysis of live mobile network traffic across Wangle's best in class secure VPN network to help parents identify and manage online risks to their children.

The product is available via the Apple and Android App stores on a monthly or annual family subscription and will initially target Australia's 6 million families before a planned international expansion.

**ABOUT WANGLE FAMILY INSITES**

Wangle Family Insites (**WFI**) offers parents a unique approach to ensuring the safe use of the internet by children and teenagers. By utilising Wangle's world class VPN network, backed by the research insights of childhood development research organization Telethon Kids Institute, WFI monitors mobile network patterns in real time and advises parents of potential threats as well as providing greater details and resources to parents on the threats identified.

**ABOUT WANGLE TECHNOLOGIES**

Wangle Technologies has developed patented algorithms that not only optimise, compress and secure the data flow to mobile devices, but facilitate real time analysis of network patterns and usage behaviours. Wangle's technology provides compelling value to consumers, service providers and enterprises looking for innovative low-cost solutions for managing network capacity and use.
