WAGNERS HOLDING COMPANY LIMITED
ACN 622 632 848

ASX/Media Release

11 January 2018

Carmichael Coal Mine Airport

Wagners Holding Company Limited ACN 622 632 848 (ASX:WGN) (**Wagners**) notes that there has been coverage by media regarding the funding of the potential construction of an airport to service fly in fly out workers associated with the Carmichael Coal Mine.

Wagners has been referenced in relation to the construction of such an airport. The Company confirms that it has entered confidential contract negotiations with the mine owner, Adani for the potential future construction of this airport. These negotiations have continued over a significant period of time and following a competitive tender process by Adani.

Wagners cannot comment on any discussions or agreements between Adani and local councils interested in funding construction of an airport to service the Carmichael Coal Mine. These are confidential matters between those parties and not part of the tender or construction contract process negotiations involving Wagners.

Wagners' success has been largely due to the support of its local community and it remains committed to the creation of jobs and economic growth of all regional areas whether through this project or others.
