ORDINARY BUSINESS

RESOLUTION 1: APPROVAL TO ISSUE OPTIONS AND MILESTONE SHARES TO MR ANOOSH MANZOORI

1. Introduction

As announced by the Company in December 2017, the Company has appointed Mr Anoosh Manzoori as an executive Director of the Company.

Mr Manzoori has been actively involved in the emerging blockchain and cryptocurrency market where he has advised one of the largest BitCoin mining companies in Australia and is also a strategic advisor to a Melbourne based blockchain software company. He is also an active investor in the sector.

Mr Manzoori brings to the Board and the Company a wealth of experience in technology and investment advisory. He is the CEO of Shape Capital Pty Ltd, an advisory and venture investment firm, and an Expert Network Member, supporting local innovative companies under the Department of Industry, Innovation and Science program. His experience includes capital raising and M&A across a number of industries with a particular focus on the technology sector. Mr Manzoori is also a Non-Executive Director of CCP Technologies Limited (ASX: CT1).

Mr Manzoori was previously the founder and CEO of one of Australia's largest cloud hosting companies reaching over 75,000 customers before selling the company to MYOB Limited in 2008.

Given Mr Manzoori's skills and the expertise that he will bring to the board and the Company, the Company proposes to incentivise and remunerate him through the issue to him (or his nominee), subject to all necessary shareholder or regulatory approvals being obtained, of 10,000,000 Options (**Manzoori Options**) and, if certain targets are achieved by Mr Manzoori, 60,000,000 Milestone Shares (**Manzoori Milestone Shares**),.

The Manzoori Options will have an exercise price of \$0.03, will expire 2 years from the date of their issue and will otherwise be issued on the terms set out in Annexure A to this Explanatory Memorandum.

Subject to receipt of all necessary shareholder approvals and any necessary ASX waivers being obtained and the achievement of certain milestones (**Manzoori Milestones**) and Mr Manzoori remaining as a director at the time of achieving those milestones, Mr Manzoori (or his nominee) will be issued Shares in the following manner:

Timeframe	Shares	Milestone
0-12 months from appointment	15,000,000	Set up an advisory business unit (ABU) within the Company to assist the Company with initial coin offerings (ICOs) and crypto-currency offerings. This will be satisfied once the applicable business plan and policies for the ABU have been prepared and approved by the board. AND Secure a minimum of 2 strategic partners for the Company that are approved by the board, who will either participate in Company ICOs and/or can provide distribution and access to ICO and crypto-currency investors during an ICO.
	15,000,000	First \$2,000,000 consideration from the ABU or any ICO activity received by the Company (Tranche A). Consideration includes the cumulative of cash, shares and crypto-currency.
12-24 months from appointment	15,000,000	Second tranche of \$2,000,000 consideration (Tranche B) (being a combined total of \$4,000,000 with Tranche A) from the ABU or any ICO activity received by the Company. Consideration includes the cumulative of cash, shares and crypto-currency.
	15,000,000	Third tranche of \$2,000,000 consideration (being a combined total of \$6,000,000 with Tranche A and Tranche B) from the ABU or any ICO activity received by the Company. Consideration includes the cumulative of cash, shares and crypto-currency.

2. Related Party

Under the Listing Rules, a 'related party' has the meaning given under the Corporations Act.

Under the Corporations Act, a 'related party' of a public company includes the directors of the public company.

As Mr Manzoori is a Director, Mr Manzoori is considered a Related Party of the Company for the purposes of Listing Rule 10.11 and the Corporations Act.

3. Listing Rule 10.11

Listing Rule 10.11

Listing Rule 10.11 requires that an entity must obtain the approval of Shareholders to issue Securities to a Related Party and in doing so must provide the information specified in Listing Rule 10.13, unless an exception applies.

As Mr Manzoori is a Director of the Company, he is considered a Related Party of the Company.

If approval is given under ASX Listing Rule 10.11, approval is not required under ASX Listing Rule 7.1.

In accordance with Listing Rule 7.2 (exception 14), as approval is being sought under Listing Rule 10.11, approval is not required to be obtained under Listing Rule 7.1 and the issue of the Manzoori Options and the Manzoori Milestone Shares will not count towards the Company's 15% capacity under Listing Rule 7.1, assuming Resolution 1 is approved.

For personal use only

Listing Rule 10.13

Listing Rule 10.13 sets out the requirements for a notice of meeting to approve the issue of shares under Listing Rule 10.11.

For the purposes of Listing Rule 10.13 and for all other purposes the following information is provided to Shareholders in respect of Resolution 1:

Related Party	Mr Anoosh Manzoori or his nominee. Mr Anoosh Manzoori is a related party for the purpose of Chapter 10 of the Listing Rules because he is a Director of the Company. As at the date of this Notice, Mr Manzoori and parties associated with him hold no Shares in the Company.
Maximum Number of Securities to be issued	Up to 10,000,000 Manzoori Options and up to 60,000,000 Manzoori Milestone Shares.
Date the Company may issue the securities	The Company will issue the Manzoori Options within one month of approval of Resolution 1 As the Manzoori Milestones may be satisfied up to 24 months after Mr Manzoori's appointment as a Director, it is possible that the Manzoori Milestone Shares may be issued later than one month after the Meeting. As such, the Company will make an application to ASX for a waiver of Listing Rule 10.13.3 extending the period in which the Company may issue the Manzoori Milestone Shares from the usual one month period following the Meeting to a period ending on 14 January 2020. In the event that this waiver is granted, the Company may issue the Manzoori Milestone Shares in reliance on this waiver without seeking further shareholder approval. In the event this waiver is not approved, the Company will not be able to issue the Manzoori Milestone Shares more than one month after this Meeting unless further shareholder approval is obtained.
Issue price of the shares and options	The Manzoori Options will be issued for nil cash consideration, will have an exercise price of \$0.03, will expire 2 years from the date of their issue and will otherwise be issued on the terms set out in Annexure A to this Explanatory Memorandum. The Manzoori Milestone Shares will be issued for nil cash consideration, as they will be issued on the achievement of the Milestones. Each Manzoori Milestone Share will rank, on and from issue, in all respects pari passu with the then existing Shares.
Intended use of funds	No funds will be raised by the issue of the Manzoori Options or the Manzoori Milestone Shares. Any funds raised from the exercise of the Manzoori Options will be used for general working capital and investment opportunities.

4. Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a Financial Benefit to a Related Party of the public company unless providing the benefit falls within a prescribed exception to the general prohibition. Relevantly, there is an exception if the company first obtains the approval of its Shareholders in a general meeting in circumstances where certain requirements specified in Chapter 2E in relation to the convening of that meeting have been met.

A "Financial Benefit" for the purposes of the Corporations Act has a very wide meaning. It includes a public company paying money or issuing securities to the Related Party. In determining whether or not a financial benefit is being given, it is necessary to look to the economic and commercial substance and effect of what the public company is doing (rather than just the legal form). Any consideration which is given for the financial benefit is to be disregarded, even if it is full or adequate.

This proposed Resolution 1, if passed, will confer Financial Benefits, namely, the issue of the Manzoori Options and the Manzoori Milestone Shares, on Mr Manzoori who as noted above is a Related Party of the Company. Accordingly, the Company seeks to obtain Shareholder approval in respect of Mr Manzoori in accordance with the requirements of Chapter 2E of the Corporations Act.

For the purposes of Chapter 2E of the Corporations Act and for all other purposes the following information is provided to Shareholders:

(a) **The Related Party to whom Resolution 1 would permit the financial benefit to be given (section 219(1)(a))**

Mr Anoosh Manzoori, a Director of the Company (or his nominee).

(b) **The nature of the Financial Benefit (section 219(1)(b))**

The nature of the proposed Financial Benefit is the issue of the Manzoori Options and the Manzoori Milestone Shares.

The Manzoori Options and the Manzoori Milestone Shares are to be granted in order to provide appropriate incentive driven remuneration to secure Mr Manzoori as an executive Director of the Company.

At the time of agreement of the terms of Mr Manzoori's appointment (20 December 2017) the closing price of the Shares was \$0.017. The exercise price of the Manzoori Options (\$0.03) then represented almost double that closing price. Since the announcement of the Placement the share price has risen significantly. Mr Manzoori was instrumental in securing the Placement, demonstrating his value to the Company.

The board considered the number of Manzoori Options (10,000,000) to be appropriate in all circumstances, particularly where this represented only 1.1% of the current issued Shares and at the time of agreeing to issue the Manzoori Options, the exercise price was almost double that of the most recent closing price.

The board considered the number of Manzoori Milestone Shares (60,000,000) to be appropriate in all circumstances, particularly where the Manzoori Milestone Shares are split into four groups of 15,000,000 Shares and having regard to the Manzoori Milestones that must be met before each group of Manzoori Milestone Shares are issued. In addition the total number of Manzoori Milestone Shares represented 6.75% of the current issued Shares.

Refer also to section 1 above and 4(c) below for the reason for giving the benefit and the basis for which it is given.

(c) **Directors' Recommendation (section 219(1)(c))**

Each of the Directors (excluding Mr Manzoori) recommends that Shareholders vote in favour of Resolution 1. Their reasons for doing so include the following:

- (1) the agreement of the Company to issue the Manzoori Options assisted the Company in securing the services of an experienced and skilled executive director on appropriate incentive terms as an alternative to needing to offer a higher level of fixed cash remuneration in order to secure the services of Mr Manzoori;
- (2) the total remuneration package of cash, Manzoori Options and the Manzoori Milestone Shares was determined to be appropriate for the engagement of Mr Manzoori as an executive director of the Company, who was intended to be instrumental in moving the Company forward and developing the Company's exposure to blockchain technology, assets and businesses which Mr Manzoori is experienced in. Mr Manzoori's value to the Company has already been evidenced with his instrumental role in securing the Placement;
- (3) it is considered that the potential increase of value in the Manzoori Options and the Manzoori Milestone Shares is dependent upon a concomitant increase in the value of the Company and its Shares generally;
- (4) the ability to issue Mr Manzoori with the Manzoori Options and the Manzoori Milestone Shares enables the Company to incentivise him in a manner which preserves the Company's cash resources.

As the Manzoori Options and the Manzoori Milestone Shares will (if approved) be issued to Mr Manzoori (or his nominee), he makes no recommendations in respect of Resolution 1.

(d) **Directors' Interest and other remuneration (section 219(1)(d))**

The Directors (excluding Mr Manzoori) do not have a material personal interest in the outcome of Resolution 1, save for any interest they may have solely in their capacity as Shareholders which interest they hold in common with the other Shareholders.

Mr Manzoori is to be issued the Manzoori Options and the Manzoori Milestone Shares, if they are approved. As at the date of this Notice, Mr Manzoori and his associates have no relevant interest in Shares. Mr Manzoori will receive in addition to the Manzoori Options and Manzoori Milestone Shares contemplated under this Notice, an annual director's fee of \$90,000, to be paid monthly.

No other Director has any interest in the outcome of Resolution 1 or any other relevant agreement.

(e) **Valuation of Manzoori Options and Manzoori Milestone Shares**

Manzoori Options

The Manzoori Options are not currently quoted on the ASX and as such have no market value. The Manzoori Options each grant the holder a right to receive one ordinary Share in the Company upon exercise of one Manzoori Option and payment of the exercise price of the Manzoori Options (\$0.03). Accordingly, the Manzoori Options may have a present value at the date of their grant.

The Manzoori Options may acquire future value dependent upon the extent to which the Shares exceed the exercise price of the Manzoori Options during the exercise period of the Manzoori Options.

As a general proposition, options to subscribe for ordinary fully paid shares in a company have a value. Various factors impact upon the value of options including:

- (1) the period outstanding before the expiry date of the options;
- (2) the exercise price of the options relative to the underlying price or value of the securities into which they may be converted;
- (3) the proportion of the issued capital as expanded consequent upon exercise represented by the shares issued upon exercise (i.e. whether or not the shares that might be acquired upon exercise of the options represent a controlling or other significant interest);
- (4) the value of the shares into which the options may be converted; and
- (5) whether the options are listed (i.e. readily capable of being liquidated).

There are various formulae which can be applied to determining the theoretical value of options (including the formula known as the Black-Scholes Model option valuation formula and the Binomial Model option valuation formula).

The Company has undertaken a valuation of the Options the subject of Resolution 1 for the purposes of disclosing to Shareholders such information required to decide whether or not it is in the Company's interest to pass Resolution 1 and disclosing expenses in the Company's Financial Statements in accordance with AASB 2 Share Based Payments, using the Black Scholes Model, which is the most widely used and recognised model for pricing options. The value of an option calculated by the Black Scholes Model is a function of the relationship between a number of variables, being the price of the underlying Share, both at the time of issue and the date of issue of the Notice, the exercise price, the time to expiry, the risk free interest rate, the volatility of the Company's underlying Share price and expected dividends.

Inherent in the application of the Black Scholes Model are a number of inputs, some of which must be assumed. The data relied upon in applying the Black Scholes Model was:

- (1) a Share price of:
 - (A) \$0.016 (being the closing price of the Company's Shares on 19 December 2017, the day prior to the terms of the Options being agreed and announced); and
 - (B) \$0.025 (being the closing price of the Company's Shares on 22 January 2018, being shortly prior to the finalisation of the Notice);
- (2) exercise price: \$0.03;
- (3) expiry date of 2 years after issue date;

- (4) a volatility measure of 110%;
- (5) a risk-free interest rate of 3%; and
- (6) a dividend yield of 0%.

Based on the valuation of the Manzoori Options, the Company believes that the value per Manzoori Option:

- (1) as at 19 December 2017 (the day prior to the terms of the Options being agreed and announced) is \$0.007, meaning the 10,000,000 Manzoori Options have a combined value of \$70,000; and
- (2) as at 22 January 2018 (being shortly prior to the finalisation of the Notice) is \$0.0134, meaning the 10,000,000 Manzoori Options have a combined value of \$134,000.

Manzoori Milestone Shares

Shares in the same class as the Manzoori Milestone Shares are currently quoted on the ASX and as such will have a tradeable market value.

Information regarding the indicative market value of the Manzoori Milestone Shares the subject of Resolution 1 are set out in the table below based on the following:

- (1) the ASX Market Price of Shares on 19 December 2017, being the date of announcement to the terms of appointment of Mr Manzoori as an executive Director (\$0.016);
- (2) the ASX Market Price of Shares on 22 January 2018 (\$0.025) and
- (3) the VWAP of the Company's Shares for the 15 trading days between 29 Dec 2017 and 22 January 2018 (\$0.0363).

No. of Manzoori Milestone Shares	Value based on closing price on 19 December 2017 (\$0.016)	Value based on closing price on 22 January 2018 (\$0.025)	Value based on 15 trading day VWAP (\$0.0363)	Issue Price (\$nil)
60,000,000	\$960,000	\$1,500,000	\$2,178,000	\$0

The impact on Mr Manzoori's overall remuneration package (if Shareholder approval is obtained for Resolution 1) is as follows:

Director	Director's fees per annum	Manzoori Milestone Shares ¹	Manzoori Options ²	Overall remuneration package ³
Mr Manzoori	\$90,000	\$2,178,000	\$134,000	\$2,402,000

1. This assumes the value of the Manzoori Milestone Shares is calculated using the 15 day VWAP between 29 December 2017 and 22 January 2018 and all Manzoori Milestone Shares are issued.

2. This assumes the value of the Manzoori Options is calculated using the closing share price as at 22 January 2018. If the value of the Manzoori Options is calculated using the closing share price as at 19 December 2017, the value of the Manzoori Options is \$70,000.

3. This assumes that all Manzoori Milestone Shares are issued and that Shareholder approval and relevant ASX waivers are obtained to issue the Manzoori Milestone Shares and the Manzoori Options. If the value of the Manzoori Options is calculated using the closing share price as at 19 December 2017, the value of the overall remuneration package is \$2,338,000.

- (f) **Any other information that is reasonably required by Shareholders to make a decision and that is known to the Company or any of its Directors (section 219(1)(e) and 219(2))**

There is no other information known to the Company or any of its Directors relevant to Resolution 1 save and except as follows:

(1) Market Price movements

The valuation of the Manzoori Milestone Shares noted above is based on a market price of the Shares.

There is a possibility that the market price of the Shares on the date of issue of the Manzoori Milestone Shares will be different to the price noted above and that the market price of the Shares will change up to the date of the Meeting. The effect on the valuation for the Manzoori Milestone Shares, of movements in the market price of the Shares is set out below:

Market Price	Valuation total - assumes 60,000,000 Manzoori Milestone Shares issued
\$0.01	\$600,000.00
\$0.02	\$1,200,000.00
\$0.04	\$2,400,000.00
\$0.08	\$4,800,000.00

(2) Trading history

As at 22 January 2018 the closing price of the Shares on the ASX was \$0.025.

Set out below is the trading history of the Shares over the past 12 months.

	Market Price 22 January 2018	Closing price during prior 6 months	Closing Price during prior 12 months
High	\$0.03	\$0.043	\$0.043
Low	\$0.024	\$0.004	\$0.004

(3) Opportunity Costs

The opportunity costs and benefits foregone by the Company issuing the Manzoori Milestone Shares is the dilutionary impact on the issued share capital of the Company. The issue of the Manzoori Options will not have a dilutionary impact on the Company, however, if any of these Options are exercised, there will be a dilutionary impact on the Company. To the extent that the dilutionary impact caused by the issue of the Manzoori Milestone Shares or the exercise of the Manzoori Options will be detrimental to the Company, this is more than offset by the advantages accruing from the Company securing the services of an experienced and skilled director on appropriate incentive terms.

It is also considered that the potential increase of value in the Manzoori Options and the Manzoori Milestone Shares is dependent upon a concomitant increase in the value of the Company and its Shares generally.

(4) Taxation Consequences

No stamp duty will be payable in respect of the granting of the Manzoori Options or the Manzoori Milestone Shares. No GST will be payable by the Company in respect of the granting of the Manzoori Options or the Manzoori Milestone Shares.

(5) Dilutionary Effect

The effect that the issue of the Manzoori Milestone Shares and the Manzoori Options will have on the issued Shares of the Company is set out in Annexure B.

Save as set out in this Explanatory Memorandum, the Directors are not aware of any other information that will be reasonably required by Shareholders to make a decision in relation to the benefits contemplated by Resolution 1.

(g) **Voting exclusion statement**

A voting exclusion statement is set out in Resolution 1 in the Notice of Meeting.

Director's Recommendation

Each of the non-interested Directors (being Geoff Barnes, Athan Lekkas and Michael Clarke) recommend that Shareholders vote in favour of Resolution 1.

As Mr Manzoori has an interest in Resolution 1, he makes no recommendation with respect to Resolution 1.

OVERVIEW OF THE PLACEMENT (RESOLUTIONS 2 - 4)

As announced by the Company on 2 January 2018, the Company entered into conditional placement agreements with Blockchain Global Limited (**BCG**) and other unrelated sophisticated or professional investors to issue 282,257,907 Shares at \$0.012237 each with a 1:1 attaching Option exercisable at \$0.03 expiring two years after issue (**Placement**). On completion, the Placement will raise approximately \$3,453,990 to provide the Company with working capital and for funding to facilitate acquisitions of, or investments in, blockchain technology, assets or businesses.

A summary of the terms of the Placement is set out below.

1. Placement terms

The Company has agreed to issue 282,257,907 shares at \$0.012237 each (**Placement Shares**). The Placement Shares will be ordinary Shares and will rank pari passu with all existing Shares on issue. In addition, the Company has agreed to offer to investors in the Placement Shares a 1:1 attaching Option exercisable at \$0.03 within 2 years of issue (**Placement Options**). Full terms of the Placement Options are set out in Annexure A. A total of 282,257,907 Placement Options are to be issued.

The Placement Shares and Placement Options are not being issued in reliance on FGF's existing capacity under Listing Rules 7.1 or 7.1A or under an exception in Listing Rule 7.2, rather they will be issued subject to and in reliance on Shareholder approval, being sought under Resolutions 2 and 4.

2. Conditions to completion of Placement

Completion of the issue of the Placement Shares and Placement Options is conditional upon the following conditions precedent being satisfied or waived:

- (a) The Company obtaining the approval of its shareholders in general meeting to the issue of the Placement Shares, the Placement Options and the BCG Milestone Shares in accordance with Listing Rules 7.1 and 7.3 (the **Approval**) and all other required regulatory or ASX approvals being obtained on or before 28 February 2018 (the **Approval Date**);
- (b) The Company lodging a disclosure document with ASIC in respect of the issue of the Placement Shares and the Placement Options (**Prospectus**) on or before the Approval Date;
- (c) Each investor being satisfied (acting reasonably) with its due diligence investigations on the Company on or before 25 January 2018;
- (d) BCG entering a voluntary escrow deed in the form provided by the Company, on or before 25 January 2018 (**Escrow Deed**),

(each a **Condition Precedent**).

The Conditions Precedent in (a), (b) and (d) above are for the benefit of the Company and each investor and may only be waived by agreement in writing by them. The Condition Precedent in (c) above is for the benefit of each investor and may only be waived by an investor in writing. The parties must use their best endeavours to ensure the satisfaction of each of the Conditions Precedent. Each of the Conditions Precedent must be satisfied or waived by the dates set out for each respective Condition Precedent and if they are not, the relevant placement agreement may be terminated by either party giving written notice to the other, so long as the party giving the notice is not in default in the performance of its obligations to use their best endeavours to ensure the satisfaction of each of the Conditions Precedent.

3. Share allocation

The Placement Shares and Placement Options (282,257,907 each) will be issued to unrelated sophisticated and professional investors, led by BCG. The Placement Shares will represent approximately 24.12% of the issued share capital of the Company on issue, with BCG holding approximately 9.80% of issued Shares on completion of the Placement (assuming no further shares are issued in the Company other than as contemplated by the Placement).

In the interests of ease of administration, the Company seeks shareholder approval for the issue of Placement Shares and Placement Options in two separate resolutions: one resolution for the issue to BCG of 114,711,813 Placement Shares (**BCG Placement Shares**) and 114,711,813 Placement Options (**BCG Placement Options**) (Resolution 2), and the other for the issue to the other, non-BCG, investors of 167,546,094 Placement Shares (**Other Placement Shares**) and 167,546,094 Placement Options (**Other Placement Options**) (Resolution 4).

The allocation of Placement Shares and Placement Options is as follows:

Recipient	Placement Shares	Placement Options
BCG	114,711,813 (BCG Placement Shares)	114,711,813 (BCG Placement Options)
All non-BCG investors party to the Placement	167,546,094 (Other Placement Shares)	167,546,094 (Other Placement Options)

The BCG Placement Shares issued will be subject to voluntary escrow for 12 months. The Other Placement Shares will not be subject to escrow.

The Company will lodge a prospectus to enable the Placement Shares to be freely traded (subject to the Escrow Deed in respect of BCG) and to offer the Placement Options and therefore allow any shares issued on exercise of the Placement Options to be freely traded, on or before 28 February 2018.

The following is the proposed timetable in this regard:

Activity	Completion Date
Completion of due diligence	25 January 2018
Final date for lodgement of Prospectus	28 February 2018
Shareholders Meeting	28 February 2018
Funds due to FGF	3 Business Days after satisfaction or waiver of Conditions Precedent
Expected allotment of Placement Shares and Placement Options	4 Business Days after satisfaction or waiver of Conditions Precedent
Expected ASX quotation of Placement Shares	6 Business Days after satisfaction or waiver of Conditions Precedent

4. Underwriting of Series B and Series C Options

The Company currently has on issue 249,716,800 Series B listed Options exercisable at \$0.02 and expiring on 17 February 2018 and 161,747,397 Series C listed Options exercisable at \$0.02 and expiring on 20 February 2018. BCG has agreed to underwrite the exercise of 50% of the Series B and Series C Options on issue as at 31 December 2017 (being a total of 217,307,099 options) (**Underwritten Options**) on the following conditions:

- (a) BCG's obligation to subscribe for shares on exercise of the Underwritten Options is subject to all Conditions Precedent to the Placement either being satisfied or waived;
- (b) the number of Underwritten Options will be capped so as to ensure that neither BCG nor any other person will be in breach of Chapter 6 of the Corporations Act upon issue of shares on exercise of the Underwritten Options and the issue of the Placement Shares or that the issue of shares on exercise of the Underwritten Options and the issue of the Placement Shares otherwise requires Shareholder approval under Item 7 of Section 611 of the Corporations Act. As such, the actual number of Underwritten Options may be less than 50% of those Series B and Series C options currently on issue.

- (c) BCG must subscribe for any of the Series B Underwritten Options which are not validly exercised by midnight (Sydney time) on 17 February 2018 in immediately available funds on or before 9 business days after 17 February 2018, so that the shares on exercise of the Series B Underwritten Options may be issued within 10 business days after 17 February 2018 in accordance with Exception 12 of Listing Rule 7.2;
- (d) BCG must subscribe for any of the Series C Underwritten Options which are not validly exercised by midnight (Sydney time) on 20 February 2018 in immediately available funds on or before 9 business days after 20 February 2018, so that the shares on exercise of the Series C Underwritten Options may be issued within 10 business days after 20 February 2018 in accordance with Exception 12 of Listing Rule 7.2;
- (e) a fee of 6% will be payable to BCG based on the total exercise price of the number of Underwritten Options on issue as at 31 December 2017 (equal to \$260,768.52) (**Underwriting Fee**). Subject to shareholder approval, which is being sought under Resolution 3, the underwriting fee will be payable in Shares at an issue price of \$0.012237, being a total of 21,309,841 Shares (**Underwriting Fee Shares**). If such approval is not obtained by 28 February 2018, the underwriting fee will be payable in cash; and
- (f) if:
- (1) the All Ordinaries Index is, at any time for two consecutive Business Days after 25 January 2018 and prior to 1 March 2018 (being 9 business days after the expiry date of the Series B options), more than 10% below the level of that Index at the close of ASX trading on 25 January 2018; or
 - (2) initial coin offerings or cryptocurrencies are prohibited in Australia after 25 January 2018 and prior to 1 March 2018,

BCG may terminate its obligation to underwrite the exercise of the Underwritten Options at any time prior to 1 March 2018 by notice in writing to the Company.

If all of the Series B and Series C options are exercised this will raise an additional \$8.6million for the Company. If only the underwritten Series B and Series C options are subscribed for pursuant to the underwriting arrangements, this will raise up to \$4.3million.

5. BCG Milestone Shares and Board nominee
