Golding extend Curragh Mine contract for three years.

NRW Holdings Limited (ASX:NWH) is pleased to announce its wholly owned subsidiary Golding Contractors Pty Ltd (Golding) has reached agreement with Coronado Curragh Pty Ltd (Coronado) for a 3 year extension to its current contract for mining services at Curragh Mine near Blackwater in Queensland.

The circa \$210M extension which commences in October 2018 will see Golding introduce a new Liebherr 996B excavator as part of the multiple truck and excavator fleet operation. The total number of heavy equipment items used on the project is around 40 supported by a workforce of approximately 200 personnel. The services also include full operation and maintenance of the client supplied equipment.

Golding's total new capex commitment for the duration of the contract is expected to be approximately \$12m.

This award extends the long and successful relationship Golding have with the Curragh mine which commenced in 2010.

NRW CEO and Managing Director Jules Pemberton said "I am extremely pleased that the Golding team have secured an extension to the Curragh contract. Golding's strong safety culture and operational excellence continues to drive our commitment to become a partner of choice to our clients and we look forward to a long and successful relationship with Coronado."
