Dear Sir/Madam

NOTICE UNDER SECTION 708A(12C)(e) OF THE CORPORATIONS ACT 2001

This cleansing notice (**Cleansing Notice**) is given by Algae.Tec Limited (ACN 124 544 190) (**Company**) under section 708A(12C)(e) of the Corporations Act 2001 (Cth) (**Corporations Act**) as amended by ASIC Corporations (Sale Offers: Securities Issued on Conversion of Convertible Notes) Instrument 2016/82 and pursuant to an instrument of relief granted by the Australian Securities and Investments Commission on 20 June 2018 (copy attached).

The Company hereby confirms that:

- (a) the convertible notes described below will be issued without disclosure to an investor under Part 6D.2 of the Corporations Act; and
- (b) this Cleansing Notice has been given in accordance with section 708A(12C)(e) of the Corporations Act.

The issue of this Cleansing Notice enables the fully paid ordinary shares in the capital of the Company (**Shares**) issued on the conversion of the convertible notes issued by the Company on the terms described below, to be on-sold to retail investors without further disclosure.

1. BACKGROUND

1.1 Convertible Securities Agreement

As announced on 8 June 2018, the Company has entered into an agreement in relation to a convertible note facility with MEF I, L.P. (**Noteholder**) with an aggregate subscription price of up to AU\$7,000,000 (**Facility**) dated 7 June 2018 (**Execution Date**) (**Convertible Securities Agreement**). Pursuant to the Convertible Securities Agreement, the Company can issue convertible notes with a face value (**Face Value**) of US\$1.10 each in up to four tranches (**Convertible Notes**).

The Company expects to issue the first tranche of 775,170 Convertible Notes with a Face Value of US\$1.10 each (approximately AU\$1.42 based on an agreed exchange rate) to the Noteholder within 2 business days of the date of this Cleansing Notice for a subscription price of AU\$1,000,000 (**Tranche A, Tranche A Convertible Notes**).

The Company may issue up to an additional three tranches of Convertible Notes with a Face Value of US\$1.10 each to raise up to an additional AU\$6,000,000 (with the final two tranches being at the election of the Company), comprising of:

- (a) a second tranche of Convertible Notes which will be issued 5 Business Days after the Company obtains Shareholder approval for the issue of all securities that may be issued under the Convertible Securities Agreement (including the issue of the Convertible Notes and the Shares to be issued on conversion of the Convertible Notes) (**Shareholder Approval**) for a subscription price of AU\$1,000,000, subject to the satisfaction of the conditions set out in Section 4(f) below (**Tranche B**);
- (b) a third tranche of Convertible Notes which may be issued at the election of the Company 75 days after the Execution Date for a subscription price of AU\$2,000,000, subject to the satisfaction of the conditions set out in Section 4(g) below (**Tranche C**); and
- (c) a fourth tranche of Convertible Notes which may be issued at the election of the Company 120 days after the Execution Date for a subscription price of AU\$3,000,000, subject to the satisfaction of the conditions set out in Section 4(h) below (**Tranche D**).

The number of Convertible Notes to be issued under each tranche will be equal to the actual subscription price paid in US\$ by the Noteholder at the relevant issue date under each relevant tranche rounded upwards to the nearest whole number.

The Tranche A Convertible Notes will be issued under the Company's placement capacity under ASX Listing Rule 7.1. The issue of the Convertible Notes under Tranche B, Tranche C and Tranche D is subject to the Shareholder Approval being obtained. The Company will convene a meeting of its Shareholders to be held within 75 days of the issue date of the Tranche A Convertible Notes to seek the Shareholder Approval.

The conversion price of the Convertible Notes to be issued under each tranche is the lesser of:

- (a) 80% of the lowest daily volume weighted average price of the Shares during the 5 trading days prior to the date the Investor provides the Company with a notice of conversion; and
- (b) AU\$0.035,

save that the conversion price cannot be less than a floor price of AU\$0.01. The amount to be converted into Shares at each conversion of Convertible Notes is the aggregate Face Value of the Convertible Notes to be converted, converted into AU\$ at the date of conversion.

The maturity date of the Convertible Notes (**Maturity Date**) is the date which is twelve months after the issue of the Tranche D Convertible Notes other than where the Company does not obtain the Shareholder Approval within the next 75 days, in which case the Maturity Date will be the date which is three months after the issue of the Tranche A Convertible Notes.

The Company must pay to the Noteholder a commitment fee equal to 5% of the total subscription price of all Convertible Notes which can be issued under the Convertible Securities Agreement, being a total of AU\$350,000 (**Commitment Fee**). The Commitment Fee can be paid at the election of the Company by the

issue of Shares to the Noteholder at a deemed issue price equal to the volume weighted average price of Shares over the five trading days prior to relevant purchase date. The Shares to be issued by the Company in satisfaction of the Commitment Fee for Tranche A of AU\$50,000 will be issued under the Company's placement capacity under ASX Listing Rule 7.1 at a deemed issue price of AU\$0.0245 each.

A summary of the rights, privileges and restrictions attaching to the Convertible Notes as well as the redemption and repayment terms is set out in Section 4 of this Cleansing Notice.

The Directors of the Company (**Directors**) consider that the Facility is in the best interests of Shareholders as it provides funding for the near-term expansion and development of the Company's respective algae and medicinal cannabis-based operations.

2. CONTENTS OF THIS CLEANSING NOTICE

This Cleansing Notice sets out the following:

- (a) in relation to the Convertible Notes:
 - (i) the effect of the issue on the Company;
 - (ii) a summary of the rights and liabilities attaching to the Convertible Notes; and
 - (iii) a summary of the rights and liabilities attaching to the Shares that will be issued on the conversion of the Convertible Notes; and
- (b) any information that:
 - (i) has been excluded from continuous disclosure notices in accordance with the ASX Listing Rules; and
 - (ii) is information that investors and their professional advisors would reasonably require for the purpose of making an informed assessment of:
 - (A) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
 - (B) the rights and liabilities attaching to the Shares; and
 - (iii) other information relating to the Company's status as a disclosing entity.

3. THE EFFECT OF THE ISSUE ON THE COMPANY

3.1 Effect of the issue on the Company

The principal effect of the issue of the Convertible Notes on the Company will be to:

- (a) increase the Company's cash reserves by up to AU\$7,000,000 (before costs associated with the Convertible Notes issue and assuming the

maximum number of Convertible Notes is issued pursuant to the Convertible Securities Agreement) with AU\$1,000,000 to be received by the Company pursuant to the issue of the Tranche A Convertible Notes;

- (b) increase the number of unquoted Convertible Notes on issue from 4 to 5,426,190 (refer below for the relevant assumptions), assuming the full draw down under the Convertible Securities Agreement occurs, of which 775,170 Convertible Notes will be issued under Tranche A;
- (c) give rise to the Company having a liability for the aggregate amount of the Face Value of the Convertible Notes issued under the Convertible Securities Agreement; and
- (d) if the Convertible Notes are converted, either wholly or in part to Shares, or the Commitment Fee is satisfied, either wholly or in part by the issue of Shares, increase the number of Shares on issue as a consequence of the issue of Shares on such conversion or such satisfaction of the Commitment Fee.

3.2 Pro Forma Consolidated Statement of Financial Position As at 30 April 2018 taking into account the issue of the Convertible Notes

- (a) Set out in Annexure A is a pro forma consolidated Statement of Financial Position as at 30 April 2018 for the Company based on the unaudited 30 April 2018 management accounts adjusted to reflect the proposed Convertible Notes issue (for both the issue of the Tranche A Convertible Notes and for the issue of all Convertible Notes which can be issued under the Convertible Securities Agreement) and has been prepared on the basis of the accounting policies normally adopted by the Company.
- (b) The pro forma financial information is presented in an abbreviated form in so far as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements. The pro forma financial information is not audited. The classification of the allocations between debt and equity for the Convertible Notes may change in the future.

3.3 Potential effect on capital structure

- (a) As at the date of this Cleansing Notice, the total number of issued Shares is 905,820,550.
- (b) The capital structure of the Company will be affected by both the conversion of Convertible Notes by the Noteholder and the satisfaction of the Commitment Fee by the issue of Shares which will each result in additional Shares being issued.
- (c) Subject to limits on the conversion under the Convertible Securities Agreement, the Convertible Notes can be:
 - (i) converted at any time after their issue and prior to the Maturity Date at the request of the Noteholder;
 - (ii) redeemed prior to the Maturity Date at the request of the Company or by the Noteholder upon the occurrence of certain events (see Sections 4(n) and (p) below for further details);

- (iii) redeemed periodically as required by the Convertible Securities Agreement (see Section 4(o) below for further details); or
- (iv) automatically redeemed on the Maturity Date.
- (d) If the maximum number of Convertible Notes is issued under the Convertible Securities Agreement and the Noteholder converts all of such Convertible Notes into Shares, then based on a conversion price of AU\$0.01 per new Share (being the floor price under the Convertible Securities Agreement) and an exchange rate of US\$1.00 to AU\$1.29 (being the agreed exchange rate for the issue of the Tranche A Convertible Notes) and further assuming 100% of the Commitment Fee is satisfied by the issue of Shares at a 5 trading day volume weighted average price of Shares of AU\$0.0245 (being the deemed issue price of the Shares to be issued in satisfaction of the Commitment Fee for Tranche A) **(Assumptions)**, 784,285,714 new Shares would be issued. The actual effect on the share capital of the Company will depend on what percentage of the Convertible Notes are actually converted, the price at which the conversion occurs, the US\$:AU\$ exchange rate at the date of issue of the Convertible Notes and the date of conversion, the 5 trading day volume weighted average price of the Shares at the date of conversion (upon which the number of Shares to be issued in satisfaction of the Commitment Fee will be based) and the proportion of the Commitment Fee which is actually satisfied by the issue of Shares.

The effect on the issued share capital of the Company upon the conversion of the maximum number of Convertible Notes which can be issued under the Convertible Securities Agreement and the issue of the maximum number of Shares which can be issued in satisfaction of the Commitment Fee is set out in the table below based on the Assumptions. This does not account for any default interest payable under the Convertible Securities Agreement being converted into Shares.

- (ii) the daily volume weighted average price of the Shares is less than or equal to \$0.01 on any 5 trading days;
- (iii) an event occurs which has a material adverse effect on:
 - (A) the assets, liabilities, results of operations, condition, business or prospects of the Company;

except something arising solely from an act or omission of the Noteholder;

- (ii) the Company obtaining the Shareholder Approval;
- (iii) the Company either obtaining a waiver in respect of ASX Listing Rule 7.3.2 permitting the Company to issue the Tranche C Convertible Notes after the 3 month period commencing on the date the Shareholder Approval is obtained (**ASX Waiver**) or seeking an additional shareholder approval for the issue; and

Such interest shall accrue daily and shall be compounded monthly, from the date of the Event of Default until the Company remedies the Event of Default or discharges the amount outstanding in full.

(j) **Commitment Fee**

The Company must pay to the Noteholder a commitment fee equal to 5% of the total subscription price of all Convertible Notes which can be issued under the Convertible Securities Agreement (**Commitment Fee**). The Commitment Fee can be paid at the election of the Company by the issue of Shares to the Noteholder at a deemed issue price equal to the volume weighted average price of Shares over the five trading days prior to relevant purchase date. The Convertible Notes are secured by a general security agreement over all of the assets of the Company in favour of the Noteholder.

(l) **Conversion**

Subject to the conversion restrictions noted below, the Noteholder may provide the Company with written notice of its election to convert Convertible Notes into Shares at the conversion price (**Conversion Notice**), being the lesser of:

- (ii) AU\$0.035 (**Fixed Conversion Price**),

(**Variable Conversion Price**), save that the conversion price cannot be less than a floor price of AU\$0.01 (**Floor Price**) (**Conversion Price**).

The number of Shares issued will be equal to the aggregate US\$ Face Value of the Convertible Notes converted into AU\$ and divided by the Conversion Price.

The Noteholder cannot convert any Convertible Notes or receive Shares in satisfaction of the Commitment Fee which would result in the Noteholder's voting power in the Company exceeding 19.99%.

(m) **Protective Provisions**

Upon the occurrence of certain events, including a Share consolidation, subdivision, pro-rata cancellation of the Company's issued share capital, payment of a dividend to shareholders or a distribution of Shares to existing shareholders (other than by way of rights offering or a bonus issue), the Fixed Conversion Price and the Floor Price will be reduced or, as the case may be, increased, in the same proportion as the issued capital of the Company is, consolidated, subdivided or cancelled.

If the Company, after the Execution Date:

- (i) issues or agrees to issue Shares to any person at a per Share price which is less than the Fixed Conversion Price;
- (ii) issues Options to any person with an exercise price which is less than the Fixed Conversion Price; or
- (iii) issues any debt, equity or equity-linked securities to any person which are convertible into, exchangeable or exercisable for, or include the right to receive Shares or other securities at a fixed price which is less than the Fixed Conversion Price,

(all of which prices will be a **Lesser Price**) then the Fixed Conversion Price will be reduced to the Lesser Price.

(n) **Early Redemption**

The Company may at any time prior to the Maturity Date redeem some or all of the outstanding Convertible Notes by giving notice to the Noteholder (**Early Redemption Notice**). The Company may not give an Early Redemption Notice more than once in any period of 45 days. On or before the date which is 5 Business Days after the date of the Early Redemption Notice, the Company must pay the Noteholder (in US\$) an amount equal to 110% of the aggregate Face Value of the Convertible Notes being redeemed (where such redemption occurs during the first 180 days after the relevant purchase date) or an amount equal to 115% of the aggregate Face Value of the Convertible Notes being redeemed (where such redemption occurs afterward) (the **Redemption Amount**).

(o) **Periodic Redemption**

On the date which is one year after the issue date of the Tranche A Convertible Notes and every 30th day thereafter (the **Repayment Date**), the Company must redeem the lesser of:

- (i) 200,000 Convertible Notes; and
- (ii) the number of outstanding Convertible Notes,

by paying the Noteholder the Redemption Amount of the aggregate face value of those Convertible Notes.

(p) **Redemption at Election of Noteholder**

The Noteholder may, by notice to the Company, require the Company to redeem the outstanding Convertible Notes by paying the Redemption Amount in respect of such Convertible Notes to the Noteholder if the Company lists on the Toronto Stock Exchange or raises aggregate funds after the Execution Date of \$8,000,000.

Further, the Noteholder may, by notice to the Company, require the Company to redeem the outstanding Convertible Notes by paying the Noteholder 115% of the aggregate Face Value of such Convertible Notes if the Company does not obtain the Shareholder Approval within 75 days of the issue date of the Tranche A Convertible Notes or the daily volume weighted average price of the Shares is less than AU\$0.01 on 5 consecutive trading days.

(q) **Redemption on Maturity Date**

Any Convertible Notes outstanding at the Maturity Date must be redeemed on the Maturity Date at 115% of their aggregate Face Value.

(r) **Events of Default**

The Events of Default are set out in Annexure B to this Cleansing Notice. If an Event of Default occurs and:

(i) either:

(A) it is not capable of being remedied; or

(B) it is capable of being remedied but has not been remedied to the satisfaction of the Noteholder within ten Business Days of the Noteholder notifying the Company of its occurrence; or

(C) there have been two or more previous Events of Default; and

(ii) the Event of Default has not been expressly waived by the Noteholder in writing;

(an **Unremedied Default**)

then the Face Value of all Convertible Notes will (unless converted) automatically increase by 10% and the Noteholder may:

(A) declare, by notice to the Company, the Redemption Amount of the amount outstanding and all other amounts payable by the Company under the Convertible Securities Agreement to be immediately due and payable by the Company to the Noteholder; and/or

(B) terminate the Convertible Securities Agreement, by notice to the Company; and/or

(C) exercise any other right, power or remedy granted to it by the Convertible Securities Agreement and/or otherwise permitted to it by law.

(s) **Parity Value**

In the event the Company fails to pay the Noteholder when due an amount payable under the Convertible Securities Agreement in relation to a conversion of, redemption of or failure to issue Convertible Notes, the Noteholder may require the Company to pay the Noteholder such amount in US\$ which is determined in accordance with the following formula (**Parity Value**):

$$PV = P/CP \times MV$$

Where:

PV = the Parity Value;

P = the amount of the payment required to be made under the Convertible Securities Agreement (which has not been paid);

CP = the Variable Conversion Price, determined as if the date upon which payment was required to be made was the relevant conversion notice date; and

MV = the highest average volume weighted average price of the Shares of any period of 5 consecutive trading days during the period commencing on the date which is 5 trading days prior to date on which payment was required to be made and ending on the day immediately prior to the date upon which payment of the Parity Value is made.

(t) **Transferability**

The Convertible Notes are transferable, subject to the transferee executing a deed of covenant in favour of the Company agreeing to be bound by the provisions of the Convertible Securities Agreement and compliance at all times to the Corporations Act and any applicable law.

5. RIGHTS AND LIABILITIES ATTACHING TO SHARES ISSUED ON CONVERSION OF THE CONVERTIBLE NOTES

The Shares issued to the Noteholder on the conversion of the Convertible Notes under the Convertible Securities Agreement will rank equally in all respects with all of the Company's existing Shares. The rights attaching to the Shares, including new Shares to be issued to the Noteholder on the conversion of the Convertible Notes, are set out in the Company's constitution, and, in certain circumstances, regulated by the Corporations Act, the ASX Listing Rules and the general law.

The Company intends to apply to ASX for quotation of the Shares issued on conversion of any Convertible Notes.

Full details of the rights and liabilities attaching to Shares are set out in the Company's constitution, a copy of which can be inspected free of charge, at the Company's registered office during normal business hours.

The following is a broad summary of the rights, privileges and restrictions attaching to all Shares. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders.

(a) **General meetings**

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Company's constitution.

(b) **Voting rights**

Subject to any rights or restrictions for the time being attached to any class or classes of Shares, at general meetings of Shareholders or classes of Shareholders:

- (i) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (ii) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (iii) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for the Share, but in respect of partly paid Shares shall have such number of votes as bears the same proportion to the total of such Shares registered in the Shareholder's name as the amount paid (not credited) bears to the total amounts paid and payable (excluding amounts credited).

(c) **Dividend rights**

Subject to the rights of any preference Shareholders and to the rights of the holders of any Shares created or raised under any special arrangement as to dividend, the Directors may from time to time declare a dividend to be paid to the Shareholders entitled to the dividend which shall be payable on all Shares according to the proportion that the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) in respect of such Shares.

The Directors may from time to time pay to the Shareholders any interim dividends as they may determine. No dividend shall carry interest as against the Company. The Directors may set aside out of the profits of the Company any amounts that they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

(d) **Winding-up**

If the Company is wound up, the liquidator may, with the authority of a special resolution of the Company, divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders.

The liquidator may, with the authority of a special resolution of the Company, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any Shares or other securities in respect of which there is any liability.

(e) **Shareholder liability**

As the Shares to be issued on the conversion of the Convertible Notes will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(f) **Transfer of Shares**

Generally, Shares are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act or the ASX Listing Rules.

(g) **Future increase in capital**

The allotment and issue of any new Shares is under the control of the Directors. Subject to restrictions on the issue or grant of securities contained in the ASX Listing Rules, the Company's constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors may issue securities as they shall, in their absolute discretion, determine.

(h) **Variation of rights**

Pursuant to section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to Shares.

If at any time the share capital is divided into different classes of Shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied or abrogated with the consent in writing of the holders of three-quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

(i) **Alteration of constitution**

In accordance with the Corporations Act, the Company's constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

6. COMPLIANCE WITH DISCLOSURE OBLIGATIONS

The Company is a "**disclosing entity**" under the Corporations Act and, as such, is subject to regular reporting and disclosure obligations under both the Corporations Act and the ASX Listing Rules.

These obligations require the Company to notify ASX of information about specific events and matters as they arise. In particular, the Company is obliged to continuously disclose to the market immediately any information which a reasonable person would expect to have a material effect on the price or the value of the Shares.

The Company is also required to prepare and lodge with ASIC yearly and half-yearly financial statements accompanied by a directors' statement and report, and an audit report or review. Copies of documents lodged with ASIC in relation to the Company may be obtained from, or inspected at, an ASIC office.

The Company will provide a copy of each of the following documents, free of charge, to any person on request:

- (a) the annual financial report most recently lodged by the Company with ASIC, being the financial report of the Company for the year ended 30 June 2017;
