WANGLE ENTERS AGREEMENT WITH PARENT COMMUNICATIONS PLATFORM SKOOLBAG

Wangle Technologies Limited (Wangle or the Company) (ASX:WGL) is pleased to announce it has entered into an Affiliate Heads of Agreement with **SkoolBag (a subsidiary of ASX listed entity MOQ Limited)** in support of its child protection software, **Wangle Family Insites (WFI)**.

SkoolBag is Australia's leading school communication platform, used by over 2,700 primary and secondary schools nationally to update over 1 million parents. Its offering includes a mobile app for schools to communicate with parents, white labelled school websites, and eNewsletter distribution to parents.

The purpose of the agreement is to provide WFI educational content, eBooks, and exclusive bespoke content for parents within the SkoolBag platform, including affiliate links to directly to download WFI from the Apple and Android app stores.

The Company will work closely with SkoolBag over the coming month to develop launch content ready for school term 3, commencing in July 2018.

Wangle Technologies CEO Mr Sean Smith said:

"We are very excited about partnering with SkoolBag to provide both educational content and access to Wangle Family Insites to millions of Australians. We've built up a significant educational asset base in the area of cyber safety and believe this will add substantial value to SkoolBag's users, whilst providing the Company with a major distribution opportunity for WFI directly to our target market."

SkoolBag Head of Marketing & Growth, Miles Thomas said:

"We are excited to be working with Wangle on this partnership. At SkoolBag we're passionate about bringing parents and school communities closer together and are keen to work with partners who can extend that vision into the family sphere. We believe that Wangle's leading educational content around cyber safety will be of huge value to our community."

WFI is available via the Apple and Android App stores on a monthly or annual family subscription and will initially target Australia's 6 million families before a planned international expansion.

Commercial Summary

- Wangle to provide integrated educational content, formats in development.
- Wangle to provide tracked affiliate links to WFI download pages in app stores.
- SkoolBag to provide distribution of WFI educational content and links through its school communications platform.
- WFI subscription revenue share 50/50 post app store commissions.
- Term of agreement: 1 year with the ability to extend by agreement.
- Agreement can be cancelled by either party at any time.

- ENDS -

ABOUT SKOOLBAG

SkoolBag is Australia's trusted school communication platform, connecting school apps, services and resources together, in one place - for happier parents and more productive schools. Around a third of Australian schools trust SkoolBag to unite their school community. The easy-to-use mobile app simplifies all aspects school life, from notices, newsletters and events to student attendance, permission slips and fee payment.

ABOUT WANGLE FAMILY INSITES

Wangle Family Insites (**WFI**) offers parents a unique approach to ensuring the safe use of the internet by children and teenagers. By utilising Wangle's world class VPN network, backed by the research insights of childhood development research organization Telethon Kids Institute, WFI monitors mobile network patterns in real time and advises parents of potential threats as well as providing greater details and resources to parents on the threats identified.

ABOUT WANGLE TECHNOLOGIES

Wangle Technologies has developed patented algorithms that not only optimise, compress and secure the data flow to mobile devices, but facilitate real time analysis of network patterns and usage behaviours. Wangle's technology provides compelling value to consumers, service providers and enterprises looking for innovative low-cost solutions for managing network capacity and use.
