

SUPPLEMENT TO THE AMMAROO PHOSPHATE PROJECT ENVIRONMENTAL IMPACT STATEMENT

Verdant Minerals Ltd (ASX:VRM) is pleased to advise that it has formally submitted the supplement to the Environmental Impact Statement to the Northern Territory Environmental Protection Authority (NTEPA) for its 100% owned Ammaroo Phosphate Project.

This triggers the final phase of the NT Government's Environmental Impact Assessment of the project. The NTEPA now has a statutory 35 days to finalise an assessment and make recommendations to the Minister, subject to any time extensions that result from the NTEPA not being able to meet their statutory timeframes or the company being asked by the NTEPA or NT Government regulators to provide further information.

Having previously received Federal Government approvals, as announced to the ASX on 25 June 2018, completion of the NT Government environmental assessment processes will assist in enabling continued discussions with potential investment and offtake partners as the commercialisation of the Ammaroo project continues post the completion of the feasibility study.

About Verdant Minerals

Verdant Minerals Ltd's (ASX: VRM) strategic intent is to create shareholder value through the discovery, development and operation of fertiliser and industrial mineral projects, located in close proximity to existing transport infrastructure, focused on the Northern Territory of Australia.

The Company is currently developing its 100% owned world class Ammaroo Phosphate Project which has commenced a bankable feasibility study and environmental approvals processes. In addition the Company is the proponent of sulphate of potash projects in the Northern Territory and South Australia and the Dingo Hole Silica project, located in the Northern Territory, which has the potential to produce a high purity quartz product.

Forward Looking Statements

This announcement has been prepared by Verdant Minerals Ltd. It is not intended to be and does not constitute an offer to sell, or a solicitation of an offer to buy or sell, Verdant Minerals' securities.

This announcement does not constitute a recommendation to invest in Verdant Minerals' assets, nor investment, accounting, financial, legal, tax or other advice and does not take into consideration the investment objectives, financial situation or particular needs of any recipient of the announcement (Recipient). Before making an investment decision, Recipients should (a) conduct their own independent investigations and analysis of Verdant Minerals and the information set out in the announcement, (b) rely entirely on such investigations and analysis and not on this announcement in relation to their assessment of Verdant Minerals and (c) form their own opinion as to whether or not to invest in Verdant Minerals' securities.

The announcement contains information on Verdant Minerals and its activities which are current as at the date of this announcement. The information in this announcement is general in nature and does not purport to be complete nor does it purport to contain all of the information that a prospective investor may require in evaluating a possible investment in Verdant Minerals or that would be required in a prospectus or a product disclosure statement prepared in accordance with the Corporations Act. To the maximum extent permitted by law, none of Verdant Minerals and its related bodies corporate, and each of those parties' officers, employees, agents, advisers and associates (each a Relevant Person) is, or may be taken to be, under any obligation to correct, update or revise the announcement.

Any forward looking statements (including forecasts) included in this announcement are not representations as to future matters and should not be relied upon by Recipients. The statements are based on a large number of assumptions about future events and are subject to significant uncertainties and contingencies, many of which are outside the control of Verdant Minerals. No representation is made that any forecast or future event will be achieved. Actual results may vary significantly from the forecasts. Each Recipient should make its own enquiries and investigations regarding the assumptions, uncertainties and contingencies which may affect Verdant Minerals' assets.

To the maximum extent permitted by law, each Relevant Person makes no representation or warranty (express or implied) as to the currency, accuracy, reasonableness or completeness of the information, statements and opinions expressed in this announcement (Information). To the maximum extent permitted by law, all liability in respect of the Information is expressly excluded, including without limitation any liability arising from fault or negligence, for any direct, indirect or consequential loss or damage arising from the use of the Information or otherwise. No responsibility is accepted by any Relevant Person, for any of the Information, any omission from this announcement or for any action taken by the Recipient or any other person on the basis of the Information.
