### **IMPORTANT NOTICE AND DISCLAIMER**

This document is a presentation of general background information about the activities of Baby Bunting Group Limited (Baby Bunting) current at the date of the presentation (10 August 2018). The information contained in this presentation is for general background information and does not purport to be complete. It is not intended to be relied upon as advice to investors or potential investors and does not take into account the investment objectives, financial situation or needs of any particular investor. These should be considered, with or without professional advice, when deciding if an investment is appropriate.

To the maximum extent permitted by law, Baby Bunting, its related bodies corporate and their respective officers, directors and employees, do not warrant the accuracy or reliability of this information, and do not accept any liability to any person, organisation or entity for any loss or damage suffered as a result of reliance on this document.

#### **Forward looking statements**

This document contains certain forward looking statements and comments about future events, including Baby Bunting's expectations about the performance of its business. Forward looking statements can generally be identified by the use of forward looking words such as 'expect', 'anticipate', 'likely', 'intend', 'should', 'could', 'may', 'predict', 'plan', 'propose', 'will', 'believe', 'forecast', 'estimate', 'target' and other similar expressions. Indications of, and guidance on, future earnings or financial position or performance are also forward looking statements.

Forward looking statements involve inherent risks and uncertainties, both general and specific, and there is a risk that such predictions, forecasts, projections and other forward looking statements will not be achieved. The Baby Bunting Annual Report 2018 which includes the Directors' Report (dated 10 August 2018) contains details of the number of material risks associated with an investment in Baby Bunting. Forward looking statements are provided as a general guide only, and should not be relied on as an indication or guarantee of future performance. Forward looking statements involve known and unknown risks, uncertainty and other factors which can cause Baby Bunting's actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward looking statements and many of these factors are outside the control of Baby Bunting. As such, undue reliance should not be placed on any forward looking statement. Past performance is not necessarily a guide to future performance and no representation or warranty is made by any person as to the likelihood of achievement or reasonableness of promise, representation, warranty or guarantee as to the past, present or the future performance of Baby Bunting.

#### Pro forma financial information

Baby Bunting uses certain measures to manage and report on its business that are not recognised under Australian Accounting Standards. These measures are referred to as non-IFRS financial information.

Baby Bunting considers that this non-IFRS financial information is important to assist in evaluating Baby Bunting's performance. The information is presented to assist in making appropriate comparisons with prior periods and to assess the operating performance of the business.

For a reconciliation of the non-IFRS financial information contained in this presentation to IFRS-compliant comparative information, refer to the Appendix to this presentation.

All dollar values are in Australian dollars (A\$) unless otherwise stated.

- 100% sales growth in private label and exclusive products (vs pcp); now represents 20.9% of total sales

5

**Outlook** 

- Comparable store growth as at 5 August of 9.8%
- Gross margin expected to be +34% in FY19
- Expect 6 new stores opened for FY19 (including Toowoomba which opened July 2018)
- Our largest specialty baby goods competitor closed 5 August
- 1. Pro forma financial results have been calculated by excluding employee equity incentive expenses for the current financial period and the prior financial period.
- 2. Refer to page 29 for a reconciliation of the non-IFRS financial information contained in this presentation to the IFRS-compliant information
- 3. Return on average funds employed (ROFE) is calculated as pro forma EBIT for the previous 12 months as a percentage of average (opening, mid and closing) funds employed. Total funds employed is net assets excluding net debt and net tax balances

2. FINANCIAL AND TRADING PERFORMANCE

### **SALES - MARKET SHARE GROWTH CONTINUES**

## Continued to achieve market share growth across all regions

Total annual year on year sales growth of 9.0%

Total business transaction **growth of 12.5%** and **unit sales growth of 13.4%** 

Comparable store sales flat year on year, comparable transactions growth of **2.6%**. **2H** comparable store sales **+1.3%** 

Online sales **grew 63%** and now make up **9.5%** of total sales

Click and collect sales are 27% of online sales

#### Sales reconciliation FY18

Aggressive discounting and competitor store closures resulted in full year price deflation of 3.6%. Price deflation slowed considerably after Baby Bounce entered administration

**Price deflation** impacted both total sales growth and comparable store sales growth

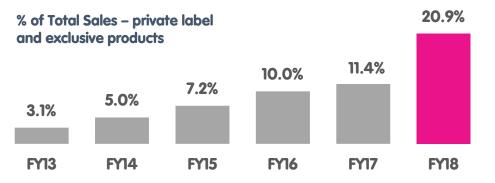

#### Sales of private label and exclusive products

Sales of unique products grew from 11.4% of total sales in FY17 to 20.9% in FY18. We expect this metric to exceed 25% in FY19

FY18 sales metrics (vs pcp)	All stores	Comparable stores*
Transactions	<b>▲</b> 12.5%	<b>2</b> .6%
Units sold	<b>▲</b> 13.4%	<b>▲</b> 3.2%
Price deflation	▼3.6%	<b>▼</b> 3.6%
Total business sales	<b>9.0%</b>	▼ 0.2%

<sup>\*</sup> Price deflation is a measure of change in average sale price of all items (excluding clearance and new items)

### **GROSS MARGIN OUTLOOK POSITIVE**

#### **Gross margin**

- **Gross margin** % of **33.3**% is **100 bps below pcp**, the result of significant price discounting by competitors who have since ceased trading
- Margin improved as the year progressed. 1H margin was 120 bps below prior year, 2H margin was 70 bps below prior year
- Gross margin expected to recover to be +34% in FY19

#### **Gross margin reconciliation**

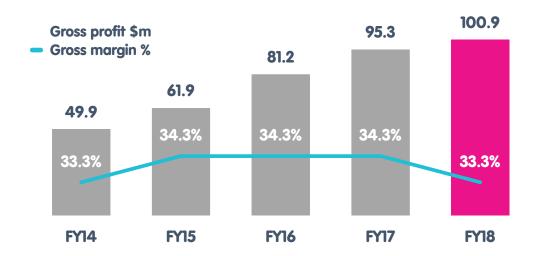

Significant price deflation impact 3.6% on GP% offset by:

- Improved trading terms with supply partners impact +2.1%
- Increased proportion of private label and exclusive products impact +0.5%

#### **Gross margin % drivers**

Pressure on margin experienced across the year was offset by progress made on key internal initiatives:

- Increasing private label and exclusive products in core categories (anticipated to exceed 25% in FY2019)
- Increased FOB direct importing
- Collaboration with supply partners to improve trading terms

Gross margin %	FY18 metrics (vs pcp)
Price deflation*	▼ 3.6%
Improved trading terms	<b>2</b> .1%
Private label & exclusive products	▲ 0.5%
Gross margin % (vs pcp)	▼ 1.0%

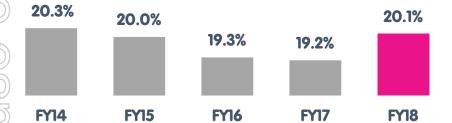

<sup>\*</sup>Price deflation is a measure of change in average sale price of all items (excluding clearance and new items)

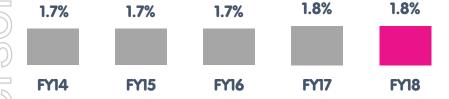

### **CODB DELEVERAGE DRIVEN BY PRICE DEFLATION**

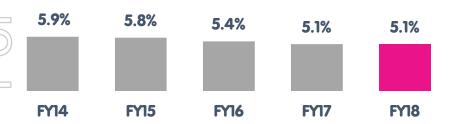

#### **Marketing expenses**

#### Pro forma overhead expenses

## Cost of Doing Business (pro forma) in FY18 was 27.1% of sales

- Store expenses increased by \$7.7 million or 14.5% (vs pcp) (\$6.6 million of which is from new and annualising stores). Key impacts were CPI wage increase on flat sales growth and a number of lease renewals in the current and prior year
- Marketing expenses of 1.8% in line with FY17. Investment of \$0.7 million (vs pcp) reflects new markets entered into over the last 12 months and additional activity to respond to the highly competitive sales environment throughout FY18.
   Increased investment in digital marketing has altered the mix and spend
- Pro forma overheads of 5.1% in line with FY17.
   This includes investment in new Support Office roles, supply chain strategy planning (\$0.2m one off cost) and annualisation of FY17 roles and IT licensing costs
- Timing delays in the recruitment of new roles deferred a proportion of planned \$3m investment until FY19

#### Note:

1. All functional expenses (excluding depreciation) as a % of total sales

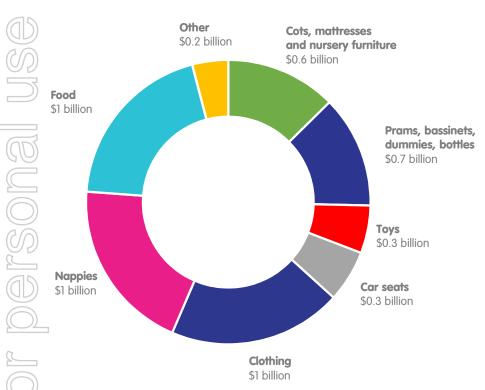

3. BABY GOODS MARKET

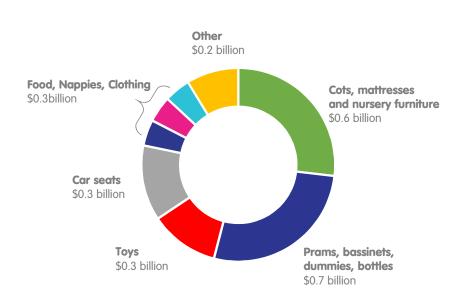

### LARGE ADDRESSABLE BABY GOODS MARKET

### Baby Bunting's addressable market is a subset of the larger baby goods market

- Pipeline 5 stores committed, reviewing 4 selected former TRU-BRU sites in network gaps
- **Network plan updated in May 2018** confirmed 80 plus trade catchments identified based on demographic, location and competition parameters, ~50% of remaining sites are in regional locations (population < 200,000)
- 1,500 to 2,000 square metres in bulky goods centres or at stand-alone sites. Regional store format of 1,000 to 1,200 square metres without compromising on range or service
- Opening first shopping centre store in **Chadstone Victoria** in December 2018 (retaining all elements of our existing service offer including ~1,500 square metre footprint, designated car seat fitting and parcel pick up)
- Four regional stores now opened (trading in line with or ahead of expectations)

### **EBITDA MARGIN IMPROVEMENT**

Program of business initiatives and managed investment in costs over time as the business builds to scale to deliver the long term goal of 10% EBITDA margin

- Supply chain evolution to lower our current cost model, improve the customer experience through speed to market and increased on-shelf stock availability
  - State based online fulfilment hubs will improve the customer experience and reduce cost
  - Direct import flows into our existing interstate 3PL network
  - North-east DC to service Qld/NSW and to reduce linehaul transport costs from Dandenong South DC
  - Working with supplier partners to identify lower cost product routing
- Leveraging scale to deliver improved ranging, service offers and profitability
  - Further evolution of private label program to introduce additional lines
  - Further expansion of our range of products and brands exclusive to Baby Bunting
  - Introduction of new brands and expanded service offers to leverage store assets
  - Managed investment in cost ahead of the growth curve
    - CRM investment now converting to tailored marketing to drive customer loyalty and engagement
    - Investment in technology and support office costs to deliver future growth

  - \$1.0m investment in digital & software integration plus a partial expansion of support office facility

### **OUTLOOK**

### FY2019 guidance

- After 6 weeks of trade (5 August) total sales growth was 16.5%. Comparable store sales growth was 9.8%
- EBITDA expected to be in the range of \$24.0 million to \$27.0 million, representing growth of between ~30% to ~45%. This
  excludes employee equity incentive expenses
- Guidance assumes:

- Comparable store sales growth to be mid to high single digits for the year. A key factor in the guidance range is the extent to which Baby Bunting captures incremental market share from those competitors exiting the market
- Gross margin to exceed 34% in FY19
- Guidance assumes the opening of 6 new stores in FY2019

# **GLOSSARY**

Comparable Store Sales Growth •		Calculated as a percentage change of the total sales generated from stores (including the online store) in a relevant period, compared to the total sales from the same set of stores in the prior financial year, provided the stores were open at the beginning of the prior financial year	
Cost of Doing Business (CODB)	•	Includes store, administrative, marketing and warehousing expenses (excluding depreciation and amortisation)	
Exclusive Products	•	Products sourced by Baby Bunting for sale on an exclusive basis (so that those products can only be purchased in Australia from Baby Bunting stores). Historically, exclusive supply arrangements have been arranged with suppliers in relation to selected products and for varying lengths of time	
Private Label	•	Products sold by Baby Bunting under its own brand (Baby Bunting currently markets its private label products under the 4Baby brand name)
