Evans Dixon expands corporate and institutional capabilities with the acquisition of Fort Street Advisers

Evans Dixon (ASX:ED1) today announced that it had completed the acquisition of Fort Street Advisers (Fort Street), which will be merged with the Evans Dixon Capital Markets business to create Evans Dixon Corporate & Institutional division.

Evans Dixon Corporate & Institutional will sit beside the Evans Dixon Wealth Advice and Funds Management businesses, enhancing diversification of earnings across the group. It will comprise three sub business units: Corporate Advisory, Markets, and Research. Evans Dixon Corporate & Institutional will provide a strong platform for long-term growth, with the addition a Fort Street team with nearly 25 years of experience providing corporate clients with the highest quality specialist advice across a broad range of investment banking services including expertise in mergers and acquisitions, divestments, equity, hybrid and debt raising, business strategy, restructuring and capital management and debt restructuring.

As part of the transaction, Evans Dixon will also acquire a further 25% economic interest in joint venture companies Fort Street Real Estate Capital Pty Limited (FSREC) and Fort Street Real Estate Services Pty Limited (FSRES) taking its interest up to 75%. FSREC currently manages 12 commercial properties across 4 closed ended real estate funds, with total assets under management of over \$730m as at 30 June 2018.

The transaction is underpinned by a compelling strategic rationale for both Evans Dixon and Fort Street, including:

- Establishment of corporate advisory and enhanced capital markets platform – opportunity to broaden the corporate advisory expertise of Fort Street and capital markets capabilities of Evans Dixon to create a leading Australian platform;

- Expanded industry and sector capabilities – significantly expanded firm-wide capabilities in market sectors including real estate, consumer, healthcare, technology and private equity where we see great opportunity to further Evans Dixon's sector expertise and offering to clients in key thematical areas where there is a strong firm-wide focus; and
- Cultural and ethical fit – Fort Street Advisers and Evans Dixon were founded and built on a cultural, ethical and professional platform of providing trusted advice in a client focused service model. Both businesses have been driven by expertise, commitment and reputations of the key personnel. There is strong alignment and familiarity between both businesses, including the management of a successful commercial real estate joint venture since 2013.
