Eligible shareholders also receive one (1) free attaching option for every two (2) shares subscribed for, exercisable at \$0.015 each on or before 21 November 2010. The results of the Entitlement Offer are as follows:

The Company has accepted applications from its shareholders subscribing for 158,506,899 shares pursuant to their entitlements and additional shares, totalling approximately \$1.0M and resulting in a shortfall of 315,663,279 shares for a further approximately \$1.8M, along with free-attaching options. The securities to be issued pursuant to the Entitlement Offer are expected to be allotted and issued on or before 3 October 2018 with holding statements dispatched shortly after.

As announced on 29 August 2018, funds raised under the Entitlements Offer, together with funds raised under the securities placement completed on 5 September 2018, are intended to be used to fund project acquisition costs and an exploration program designed to add to the existing resource base and development studies of the Sorby Hills lead-silver-zinc Project in Western Australia as well as for general working capital purposes.

The Joint Lead Managers, in consultation with the Company, will offer the shortfall of securities under the Entitlement Offer to new investors unrelated to the Company on the same terms and conditions as the securities offered under the Entitlement Offer.
